The Social and State Structure of the U.S.S.R. Vi[а]cheslav Alekseevich Karpinskiĭ,1952 The Social and State Structure of the U.S.S.R. V. Karpinsky,1952 About the social and political structure of the Soviet Union in the 1950s

Structure and Decision-making in Soviet Education Studies in Comparative Education United States. Education Office,1964 **USSR Information Bulletin** ,1951 **The Soviet Union In Transition** Kinya Niiseki,2019-07-11 Because of the recent transition in the Soviet Union s leadership scholars worldwide have found it necessary to reevaluate Soviet domestic and foreign policy In this volume prominent Japanese U S and European experts examine changes within the USSR as well as Soviet reactions to changes in the rest of the world They assess the immediate implications of change for such areas as technology energy policy and economic reform and deliver commentaries on current policy directions and historical backgrounds of Soviet policies To commemorate its silver jubilee and to add the valuable perspective of Japanese Soviet studies scholars to Western analyses the Japan Institute of International Affairs held the symposium on which this volume is based Politics, Society and Stalinism in the USSR John Channon,1998-07-15 Over the past two decades in the West there has been a substantial re appraisal of the Stalinist period Social historians in particular have focused their attention on the social dynamics of Stalinism This collection of essays is based on a conference held at the School of Slavonic East European Studies the University of London on Stalin and Stalinism The contributors have analysed specific areas of the research available on Stalin and Stalinism in the USSR debate Their work should be placed within the context of current scholarship in the field both in the Former Soviet Union and the West This groundbreaking text will be critical in stimulating interest in the subject and providing material for further debate **KGB Lexicon** Vasili Mitrokhin,2013-01-11 In this volume Mitrokhin presents two dictionaries produced by the KGB itself to define their activities in both offensive and defensive intelligence work The translated documents tell the story of the KGB s methods and targets and should interest the general public as well as the specialist Understanding Soviet Society Michael Paul Sacks,Jerry G. Pankhurst,2013-10-15 First Published in 1988 Understanding Soviet Society has grown out of the authors experience as sociologists researching and teaching about the Soviet Union Meant initially as an update to Contemporary Soviet Society Sociological Perspectives from 1980 this became a new volumebecause of the addition of six new authors but also because of the major changes occurring in the USSR today that in many ways necessitated new approaches It examines the fundamnetal institutions of Soviet society from work and social welfare to politics and the Party in order order to provide an objective understanding of the social underpinnigs of the Soviet System Contemporary Political Theory J. C. Johari,1987 **The Capitalist Transformation of State Socialism** David Lane,2013-11-20 David Lane outlines succinctly yet comprehensively the development and transformation of state socialism While focussing on Russia and the countries of Eastern Europe he also engages in a discussion of the Chinese path In response to the changing social structure and external demands he outlines different scenarios of reform He contends that

European state socialism did not collapse but was consciously dismantled. He brings out the West's decisive support of the reform process and Gorbachev's significant role in tipping the balance of political forces in favour of an emergent ascendant class. In the post-socialist period, he details developments in the economy and politics. He distinguishes different political and economic trajectories of countries of the former USSR, the New Member States of the European Union and China, and he notes the attempts to promote further change through coloured revolutions. The book provides a detailed account not only of the unequal impact of transformation on social inequality which has given rise to a privileged business and political class but also how far the changes have fulfilled the promise of democracy, wealth creation and human development. Finally, in the context of globalisation, the author considers possible future political and economic developments for Russia and China. Throughout, the author, a leading expert in the field, brings to bear his deep knowledge of socialist countries, draws on his research on the former Soviet Union and visits to nearly all the former state socialist countries including China.

Institutions and Political Change in Russia N. Robinson, 2000-01-27 For a decade Russia has been building a new political order. This collection of essays offers a progress report on this effort, recording the projects for institutional reform, their successes and their many failures. Institutions covered include the presidency, the State Duma, regional government, the judiciary, the power ministries, the foreign policy and economic policy-making establishments. Other chapters examine popular attitudes towards institutions and the crises of state-society relations in Russia. Making Workers Soviet Lewis H.

Siegelbaum, Ronald Grigor Suny, 1994 This book examines the shifting identity of the working class in late tsarist and early Soviet societies. **UKRAINE IS MODERN. SCIENTIFIC STUDIES OF THE PAST AND PRESENT** Boiko Y., Bogatchuk S., Levchuk K., Belkin I., Manhora V., Manhora T., Durach O., Makarov Z., 2023-02-09 The collective monograph is devoted to the study of trends in the development of modern Ukrainian society. The research uses an interdisciplinary approach which allows analyzing various aspects of the development of social processes in Ukraine and obtaining socially significant scientific results. The subject of Yuri Boyko's scientific interests are various manifestations of life activities of the population of Forest Steppe Ukraine in the 19th century: demographic, social, economic, cultural. In the proposed research, the author's attention is focused on the structure of the social organism, the dynamics of changes, regional features of the social organization of the population for the first time in domestic historiography, the issues of social topology, the construction of the social landscapes of the Right Bank and Left Bank components of the Forest Steppe Ukraine, the place of Ukrainian provinces in the social space of the European part of the Russian Empire are specifically considered. 1850s, 1860s. Svitlana Bogatchuk pays attention to the study of the life path of the founder of Ukrainian ethnographic science, the Ukrainian Pavlo Chubynskyi. It should be noted that in 1869-1872, under his leadership, ethnographic expeditions were conducted on the territory of Dnieper Ukraine based on the materials of which seven volumes of the Proceedings of the Ethnographic and Statistical Expedition were published, which became a significant phenomenon in the cultural life of the Ukrainian people.

convincingly showing the world their originality Ukrainian national spiritual culture In 1872 the South Western Branch of the Imperial Russian Geographical Society was opened in Kyiv in the formation of which Pavlo Chubynsky played a decisive role The main task of the society was to collect process and distribute geographical ethnographic and statistical information Kostyantyn Levchuk s research is aimed at studying the process of activity of non governmental organizations of commodity producers of Ukraine in the context of reforming economic relations Trade union organizations as the most representative public organizations of workers had to prove to the power structures their position their vision regarding the ways out of the crisis and further social development Public organizations operating in the spheres of economy include associations of entrepreneurs farmers tenants employers and private owners They are the result of self organization of commodity producers which contributes to increased structuring and self regulation of the economy Unlike trade unions public associations of entrepreneurs faced other tasks which consisted in the formation of corporate interests and awareness of the need to develop their own consistent and comprehensive economic policy Ihor Belkin s chapter is devoted to trends in the development of educational services under today s conditions The author pays attention to the dynamics of changes in the educational process under the influence of market relations Attention is drawn to the key positions of each of the participants in the educational process The legislative framework of education is analyzed The content of the final result of the educational process is revealed Comparative characteristics of the leading higher education institutions of Ukraine and their competitiveness are given The key trends in the development of the provision of educational services abroad are characterized In the context of the education market the position of the main participants in this space is revealed in detail At the end of his chapter the author offers a set of analytical conclusions and proposals Volodymyr Manhora s scientific research is aimed at forming knowledge about the state when teaching the history of Ukraine The historical methodological aspect of the research has been developed which shows the dynamics of changes in the content of knowledge about the state and the methods of their assimilation in the learning process According to the author this is related to the appropriate conditions for the existence of historical and legal education in a specific historical period of the development of society the development of methodical science and the accumulation of teaching experience Only on the basis of the analysis of the historical and methodological aspect of this problem modern achievements of methodical science and teaching practice it is possible to scientifically justify and experimentally verify the effective method of forming knowledge about the state Investigating the problem of the formation of the institution of inheritance in Ukraine and the peculiarities of the implementation of inheritance cases in the conditions of martial law Tamil Manhora examines the controversial aspects of the legal regulation of the relevant legal relations The introduction of martial law in Ukraine undoubtedly affected all spheres of social relations including inheritance In this period questions that previously had only theoretical importance become urgent In particular the war and the temporary occupation of certain territories of Ukraine by the enemy significantly affect the exercise of rights

by individuals in the field of inheritance law It is first of all about significant obstacles in the realization of the right to receive inheritance Because of this the state must effectively and timely respond to such challenges in order to protect the rights and interests of subjects as well as ensure the stability of property turnover There is no doubt that war is a significant destabilizing factor in the dynamics of property relations Therefore the task of legal doctrine in this extremely difficult period for the state is to develop effective mechanisms for subjects to exercise their inheritance rights for their further regulatory implementation Olga Durach s chapter examines the history of military courts in Ukraine The main reasons that contributed to the liquidation of military courts have been revealed The basic principles of the organization of the work of military courts in Ukraine have been determined Peculiarities and problematic issues of the administration of justice during the period of martial law have been studied and the reasons for the need to resume the work of military courts have been determined Ways to resolve controversial issues regarding the resumption of military courts in Ukraine are proposed Zorislav Makarov explores traditional forms of philosophical determinism in his creative work Significant attention is paid to the reception and transformation of such ancient and medieval philosophical concepts in the synthetic context of Renaissance determinism such as the physics of Aristotle the history of Titus Livius the mystical pantheism of the Neoplatonists and Nicholas of Cusa the magic and astrology of Hermeticism the theological ontology of Aurelius Augustine and Thomas Aquinas The sequence of overcoming medieval dualism in nomology is established from the humanistic mastering of the potential of transcendent powers in legislation by the Renaissance man due to its limitation by the requirements of social and political expediency to the new substantialization of nature in the form of rational principles of its movement and transformations of natural things The content of the collective monograph corresponds to the direction of scientific work of the Department of History of Ukraine and Philosophy of Vinnytsia National Agrarian University The monograph is the result of the initiative topic Research of trends in socio economic development and consolidation of Ukrainian society in the modern history of Ukraine State registration number 0122U001425 The head of the subject is Professor K I Levchuk The monograph uses historicalgenetic method statistical analysis sociological economic legal and pedagogical methods **Parliamentary Papers** Great Britain. Parliament. House of Commons,1927 **Constitution-making in the Region of Former Soviet Dominance** Rett R. Ludwikowski,1996 Contains texts of constitutions of various countries which were once part of the U S S R **USSR.** ,1961 **Soviet Military Review** ,1983 **Policing Soviet Society** Louise Shelley,2005-08-02 Since its creation immediately after the Russian revolution the militia has had a broad range of social political and economic functions necessary to direct and control a highly centralized socialist state However as the communist party lost its legitimacy the militia was increasingly thrust into the front line of political conflict A task it was unsuited to perform Despite the efforts of perestroika to reform it the collapse of the Soviet state also led to the collapse of morale within the militia Louise Shelley provides a comprehensive view of the history development functions personnel and operations of the militia from its inception until after the demise of

the Soviet state The militia combined elements of continental socialist and colonial policing Its functions and operations changed with the development of the state yet it always intervened significantly in citizen s lives and citizens were very much involved in their own control Over time the militia became more removed from politics and more concerned with crime control but it always remained a tool of the party This is the first book to analyze the militia which was one of the most vital elements of control within the Soviet State It will be a crucial aid to understanding the authoritarianism of the communist system and its legacy for Russia and the successor states Louise I Shelley is Professor at the Department of Justice Law and Society and the School of International Service at the American University Washington D C
