Critical Theory, Cultural Practice and Musical Performance Kevin Dawe, 2017-07-05 In *The New Guitarscape* Kevin Dawe argues for a re-assessment of guitar studies in the light of more recent musical, social, cultural and technological developments that have taken place around the instrument. The author considers that a detailed study of the guitar in both contemporary and cross-cultural perspectives is now absolutely essential and that such a study must also include discussion of a wide range of theoretical issues, literature, musical cultures and technologies as they come to bear upon the instrument. Dawe presents a synthesis of previous work on the guitar but also expands the terms by which the guitar might be studied. Moreover, in order to understand the properties and potential of the guitar as an agent of music culture and society, the author draws from studies in science and technology, design theory, material culture, cognition, sensual culture, gender and sexuality, power and agency, ethnography, real and virtual and globalization. Dawe presents the guitar as an instrument of scientific investigation and part of the technology of globalization created and disseminated through corporate culture and cottage industry, held close to the body but taken away from the body in cyberspace and involved in an enormous variety of cultural interactions and political exchanges in many different contexts around the world. In an effort to understand the significance and meaning of the guitar in the lives of those who may be seen to be closest to it as well as providing a critically informed discussion of various approaches to guitar performance technologies and techniques, the book includes discussion of the work of a wide range of guitarists including Robert Fripp, Kamala Shankar, Newton Faulkner, Lionel Loueke, Sharon Isbin, Steve Vai, Bob Brozman, Kaki King, Fred Frith, John 5, Jennifer Batten, Guthrie Govan, Dominic Frasca, I Wayan Balawan, Vicki Genfan and Hasan Cihat. **Making Master Guitars** Roy Courtnall, 1993-08-01 *Making Master Guitars* is a craftsman's handbook about the exciting and challenging pursuit of making classical guitars, a craft that the author reveals to be

surprisingly accessible by following his instructions The book is unique in that it includes nine separate detailed plans of instruments constructed by internationally famous guitar makers The author has had the rare opportunity of examining these instruments in detail and has made many replicas of each one Superbly illustrated by Adrian Lucas Part one The Master Makers and their Guitars is devoted to separate chapters on each famous maker including Antonio de Torres Hermann Hauser Santos Hernandez y Aguado Ignacio Fleta Robert Bouchet Daniel Friederich and Jose Romanillos The reader will find historical information about the life of and influences on each makers as well as detailed sets of working drawings for their guitars Also included are rare photographs of the guitars Part two Workshop Tools and Materials provides essential information about the tools working environment and material needed by the guitar maker Part three Guitar Construction The Spanish Method comprises a step by step method of guitar construction illustrated by numerous photographs and drawings The method of making a guitar is presented with great clarity So that even the newcomer to this fascinating craft will be able to produce a superb instrument This book will be essential for the guitar maker and the historian providing as it does a unique record of the different methods of guitar design and strutting systems that have evolved since Antonio de Torres first defined the essential characteristics of the modern classical guitar in the 1850s *History Through the Opera Glass* George Jellinek,1994 Limelight This first of its kind highly entertaining and carefully researched account reveals how nearly 200 operas by leading composers and librettists have portrayed the major events and personalities of more than 2000 years of history In a continuous and absorbing narrative the book sweeps from Roman times to 1820 with a cast of characters that includes Julius Caesar Antony and Cleopatra Attila Charlemagne Henry VIII Elizabeth I Catherine the Great Napoleon and hundreds more All are seen as the figures historians generally perceive them to have been and as their on stage counterparts created and re imagined by some of opera s greatest artists **A New Look at Segovia, His Life, His Music, Volume 1** Graham Wade, Gerard Garno,2016-03-31 A scholarly edition of over 500 pages written to explore and evaluate Andres Segovia s achievements Volume One contains a biography of the years of 1893 1957 and focuses on Segovia s renditions of Renaissance Baroque and Classical masterpieces by Narvaez Frescobaldi Bach Scarlatti and Sor **Julian Bream** Stewart Button,2006 The Great Vogue for the Guitar in Western Europe Christopher Page,Paul Sparks,James Westbrook,2023 The first book devoted to the composers instrument makers and amateur players who advanced the great guitar vogue throughout Western Europe during the early decades of the nineteenth century Contemporary critics viewed the fashion for the guitar with sheer hostility seeing in it a rejection of true musical value After all such trends advanced against the grain of mainstream musical developments of ground breaking often Austro German repertoire for standard instruments Yet amateur musicians throughout Europe persisted many instruments were built to meet the demand a substantial volume of music was published for amateurs to play and soloist composers moved freely between European cities This book follows these lines of travel venturing as far as Moscow and visiting all the great musical cities of the period from
