The Healer:

The Healer's Calling Kilbride-Clinton Professor of Medicine and Ethics Daniel P Sulmasy, O.F.M., M.D., Daniel P. Sulmasy, 2014-05-14 *The Healer's Calling* addresses the longings of many people in the health care professions for a renewed sense of the transcendent meaning of their work and for a return to the spiritual elements of healing *The Healer's Bent* James McLaughlin, 2013-05-13 Over the course of a 50 year career James T McLaughlin has sought to open the playing field of psychoanalytic exploration by treating unconscious processes as the very material from which we fashion meaningful lives His unique iconoclastic perspective which challenged the conventions of his time and professional milieu not only engages the creative tension between the stance of the analyst and the stance of the healer but also contains striking intimations of contemporary relational and interpersonal models of psychoanalytic treatment *The Healer's Bent* which thematically integrates published and unpublished papers and contains three chapters of heretofore unpublished autobiographical reflection bridges analytic practice and other psychotherapeutic modalities It will make McLaughlin's distinct approach to clinical theory and practice widely available to a broad and receptive readership *The Healer's Calling* Rebecca J. Tannenbaum, 2019-06-30 This book the first to describe women medical practitioners other than midwives in the colonial period emphasizes that medical care was part of every woman's work *The Healer's Calling* uses memorable anecdotes engaging characters and medical oddities to tell the fascinating story of the practice of household medicine in early America Rebecca J Tannenbaum points out that housewives provided much of the medical care available in the seventeenth century Elite women cared for the indigent in their towns and used medical practice to make influential connections with powerful men doctresses or doctor women supported themselves with their practices and competed directly with male physicians and midwives were crucial expert witnesses in cases of fornication murder and witchcraft Yet there were limits to the authority of women's healing communities with consequences for those who overstepped the bounds By setting women's practice in the context of contemporary medicine gender roles and community norms Tannenbaum also reveals the relationship between women's medical practice and witchcraft accusations Tannenbaum examines colonial America's full range of medical options including the work of classically trained male doctors and male lay practitioners with a keen eye to the interactions and tensions between men and women in the realm of healing *The Healer's Secret* Dr. Nilesh Panchal, 2024-10-27 *The Healer's Secret* is a captivating tale of discovery faith and the delicate balance between tradition and science When a young skeptical medical researcher ventures to a remote mountain village to investigate a mysterious healer rumored to cure the incurable they expect to expose superstition Instead they uncover something far more profound an ancient knowledge entwined with culture belief and the human spirit As the line between science and spirituality begins to blur the researcher is forced to confront their own limitations and question everything they thought they knew about healing With each revelation they discover that true healing is not just about curing the body but also restoring the soul **The Healer's Heart** Diane

Komp,2010-03-24 A contemporary look at the spiritual journey of a doctor named Luke that thoughtfully brings the Gospel physician into our 21st century world If you have no cause worth dying for do you have a reason to live While sorting through family papers following his father s massive stroke Dr Luke Tayspill Yale Medical School s top infectious disease specialist stumbles across a manuscript written decades earlier by his beloved grandfather The book bears an ominous title The Deaths of Lukas Tayspill not death but deaths A closer inspection reveals that the book is about three characters with the same name The first two Lucas Tayspills were 19th century Quakers who suffered martyrs deaths The third story set in the future ends abruptly with the arrival of a Dr Lucas Tayspill in a plague ridden war torn African land Was his grandfather foretelling Luke s own life story and prophesying his death Luke sets out on a deeply personal journey to Sierra Leone But his pilgrimage to understand death leads to a powerful and unexpected encounter with the essence of life Will Luke fulfill his grandfather s vision

The Healer's Apprentice Melanie Dickerson,2010-09-28 A realistic fast paced reimagining of the Sleeping Beauty fairytale full of royalty romance and danger This masterful combination of love and heartbreak combined with the novel s surprise ending is everything fans of fantasy historical and medieval fiction yearn for Rose has been appointed as a healer s apprentice at Hagenheim Castle a rare opportunity for a woodcutter s daughter like her While she often feels uneasy at the sight of blood Rose is determined to prove herself capable Failure will mean returning home to marry the aging bachelor her mother has chosen for her a bloated disgusting merchant who makes Rose feel ill When Lord Hamlin the future duke is injured it is Rose who must tend to him As she works to heal his wound she begins to understand emotions she s never felt before and wonders if he feels the same But falling in love is forbidden as Lord Hamlin is betrothed to a mysterious young woman in hiding As Rose s life spins toward confusion she must take the first steps on a journey to discover her own destiny

The Healer's Apprentice An award winning historical romance a creative retelling of the Sleeping Beauty fairytale by author Melanie Dickerson Perfect for readers ages 13 18 and adults who enjoy historical romances similar to Eva Ibbotson s A romantic fast paced read sure to entrance fans of fairytale retellings

The Healer's Power Howard Brody,1992-01-01

Although the physician s use and misuse of power have been discussed in the social sciences and in literature they have never been explored in medical ethics until now In this book Dr Howard Brody argues that the central task is not to reduce the physician s power as others have suggested but to develop guidelines for its use so that the doctor shares with the patient both information and the responsibility for deciding on appropriate treatment Dr Brody first reviews literary works dealing with medical power from Dostoevsky s The Grand Inquisitor to stories by William Carlos Williams Vonda McIntyre and Richard Selzer These works he shows reveal the healers ambivalence over their own power and patients fears of the abuse of power Dr Brody then points out important but neglected ethical issues that emerge from an analysis of power such as the tension between care of individual patients and the pressures of the doctor s workload the rescue fantasy that impels some physicians to extraordinary lengths to save a life and the economic system which rewards surgeons and other

specialists more than it does physicians who spend time talking with patients about their problems He also shows how the perspective of shared power can shed new light on standard topics in medical ethics from informed consent and confidentiality to resource allocation and cost containment
