## **The Healing Power Of Peace And Nonviolence:**

**The Healing Power of Peace and Nonviolence** Bernhard Häring, 1988 *Diverse Voices in Modern US Moral Theology* Charles E. Curran, 2019-02-15 In Charles E Curran s latest book *Diverse Voices in Modern US Moral Theology* he presents the diverse voices of US Catholic moral theologians from the mid twentieth century to the present The book discusses eleven key individuals in the development and evolution of moral theology as well as the New Wine New Wineskins movement This diversity which differs from the monolithic understanding of moral theology that prevailed until recently comes from the diverse historical circumstances or Sitz im Leben of the authors Each of these theologians developed her or his approach in light of these circumstances and in response to shifts in the three audiences of moral theology the Church the academy and the broader society By exploring this diversity Curran recognizes the deep divisions that exist within Catholic moral theology between the so called liberal and conservative approaches and acknowledges the need for greater dialogue between them providing a deeper understanding of the methods and approaches of these significant figures This new book from a major figure in the field will be an important resource for students and scholars of US Catholic moral theology and for anyone seeking to understand the current state of moral theology in America today

*Peacemaking and the Challenge of Violence in World Religions* Irfan A. Omar, Michael K. *Soteriologies of India and Their Role in the Perception of Disability* Anand Rao, 2004 At the turn of the century and the beginning of the new Millennium India has made extraordinary industrial and economic progress At the same time the sub continent is faced with innumerable problems in the area of basic social services Religion plays an important role in the interpersonal relationship and social interaction of the people Religion is not only worship and prayer but dictates such factors as who could come in physical contact with the other and who has the right to draw water from a well and who is deprived of it Because of these factors it is necessary to look at the perception of disability in the soteriologies of India This study confines itself to Hinduism as the major religion of India that is based on the achievement of salvation and thus to escape the cycle of birth death and rebirth and Christianity on the other hand that is involved in trying to improve the conditions of the poor and the needy and its main precept is the love of neighbours It would be interesting to pursue these

distinctions in reviewing the perception of disability in both these religions      The Healing Power of the Gospel of Peace and Nonviolence Bernhard Häring (C.S.S.R.),1986      **Peacemaking Christians** Michael K. Duffey,1995 In light of modern warfare and modern Catholic teaching Duffey examines and assesses three Christian approaches to peace and war Through extensive ethical analysis of the Gulf War he examines the role of the churches to avert war the use of economic sanctions and the aftereffects of the war in the Middle East Duffey also evaluates the use of military force to overcome the ethnic conflicts in Bosnia and Somalia and recent successful resolutions      Nonviolent Action Ronald J. Sider,2015-02-10 There are numerous examples throughout history of effective nonviolent action Nonviolent protesters defied the Soviet Empire s communist rulers Gandhi s nonviolent revolution defeated the British Empire and Martin Luther King Jr s peaceful civil rights crusade changed American history Recent scholarship shows that nonviolent revolutions against injustice and dictatorship are actually more successful than violent campaigns In this book noted theologian and bestselling author Ron Sider argues that the search for peaceful alternatives to violence is not only a practical necessity in the wake of the twentieth century the most bloody in human history but also a moral demand of the Christian faith He presents compelling examples of how nonviolent action has been practiced in history and in current social political situations to promote peace and oppose injustice showing that this path is a successful and viable alternative to violence      *Military Chaplains' Review* ,1988

Ronald J. Sider,2019-07-16 What does Jesus have to say about violence just war and killing Does Jesus ever want his disciples to kill in order to resist evil and promote peace and justice This book by noted theologian and bestselling author Ronald J Sider provides a career capstone statement on biblical peacemaking Sider makes a strong case for the view that Jesus calls his disciples to love and never kill their enemies He explains that there are never only two options to kill or to do nothing in the face of tyranny and brutality There is always a third possibility vigorous nonviolent resistance If we believe that Jesus is Lord then we disobey him when we set aside what he taught about killing and ignore his command to love our enemies This thorough comprehensive treatment of a topic of perennial concern vigorously engages with the just war tradition and issues a challenge to all Christians especially evangelicals to engage in biblical peacemaking The book includes a foreword by Stanley Hauerwas      The ethics of war A. J. Coates,2016-01-01 The ethics of war explores the moral limits and possibilities of war in its diverse forms The feasibility of the moral limitation of war is upheld At the same time war's fragile moral

potential is acknowledged and its causes sought The argument is conducted from a traditional just war standpoint which balances rules or principles against the moral capacities and dispositions of belligerents and the particular circumstances in which they act In this enlarged second edition a new introduction addresses the common criticism that traditional just war theory is incoherent outmoded and in need of radical revision Many of the problems attributed to the tradition by revisionists are seen to derive from a distortion and oversimplification of the historical tradition A fuller and more accurate understanding of that tradition can mitigate or even resolve these problems It can also help to fill the gaps left in the ethical agenda of war by analytic ethics Part I compares the conception of just war with realism militarism and pacifism Part II

examines the principles of just recourse and just conduct with the aid of real life examples A new Part III discusses the propriety of defining terrorism and the ethical problems raised by particular aspects of terrorism and counterterrorism such as the tension between moral and strategic concerns the variable moral impact of different forms of terrorism the status and the moral disposition of the terrorist the treatment of noncombatants the resort to preventive war and interrogational torture and the use of drones and risk free warfare

*Becoming Nonviolent Peacemakers* Eli Sasaran McCarthy, 2012-07-11 Why do many U S residents Catholics and Catholic leaders among them too often fall short of adequately challenging the use of violence in U S policy The opportunities and developments in approaches to peacemaking have been growing at a significant rate However violent methods continue to hold significant sway in U S policy and society as the commonly assumed way to peace Even when community organizers policymakers members of Catholic leadership and academics sincerely search for alternatives to violence they too often think about nonviolence as primarily a rule or a strategy Catholic Social Teaching has been moving toward transcending the limits of these approaches but it still has significant room for growth In order to contribute to this growth and to impact U S policy McCarthy draws on Jesus Gandhi Ghaffar Khan and King to offer a virtue based approach to nonviolent peacemaking with a corresponding set of core practices This approach is also set in conversation with aspects of human rights discourse to increase its possible impact on U S policy As a whole *Becoming Nonviolent Peacemakers* offers an important challenge to contemporary accounts of peacemaking in the U S

**Peace - Real Power Comes from Love, not Hate** Jay B Joyful, Jörg Berchem, 2025-02-07 In a world plagued by the persistent echoes of violence and conflict this profound exploration into the philosophy of Peace and pacifism emerges as a timely source of hope and transformation In this book the author reflects on the disheartening reality that despite the twenty first century s advancements humanity continues to cling to destructive patterns This book is a rallying cry for the resilience of the human spirit advocating for a paradigm shift towards Peace justice and dialogue It weaves together historical reflections philosophical insights and real world examples to

unravel the essence of pacifism a belief that transcends the mere absence of war and envisions a world healed and intact Through a collection of essays quotes speeches and more the author not only acknowledges the complexities of our world but also recognizes the challenges inherent in the pursuit of Peace It is also acknowledged that there can be no external Peace if there is a lack of inner Peace within the individual As you delve into these pages you ll encounter the diverse tapestry of pacifist thought from ancient philosophers to modern visionaries The book serves as a manual for Peace inviting introspection dialogue and action It inspires a collective awakening to our potential as architects of Peace urging us to dismantle structures perpetuating violence and fostering a shift in individual and collective consciousness This work isn t just a dream it s an invitation to turn dreams into reality In a world yearning for Healing and Peace this book extends a hand urging us to embark on a shared journey towards a future where Peace isn t just a distant dream but a lived reality
