Wayne Keillor,2014-11-25

Freedom's Song is both an expanded translation and a one of a kind interpretation of the life of Jesus It is a fresh portrait of him based on primary source documents namely the four gospels of the Christian scriptures In this story these documents are harmonized and arranged into a highly probable chronological narrative To add depth and flavor and bring about a greater understanding of Jesus discourses illustrations homilies and deeds cultural and political beliefs and practices of the first century are incorporated into the book The Prologue opens with a celestial sign that appeared to Magi priests about fifteen months before Jesus was born This is followed with a discussion of his pedigree and his person Part I covers the Inauguration of Freedom from Jesus unique birth to his first Passover in Jerusalem as a youth It then jumps forward eighteen years to his baptism personal testing as Gods Liberator recruitment of his first six disciples and finally his first power deed Part II focuses on the Battle for Freedom It covers approximately two years of Jesus ministryhis tour of Galilee with the gospel identification of himself as the God man sermon about Gods kingdom dispatching apostles to spread the good news teaching by parables visiting Jerusalem and his warning to the religious leaders of his day Part III includes Freedom's Victory coincidentally the denouement of Jesus life He is back in Jerusalem for another Passover and a final gathering with the apostles And here he is arrested tried and crucified as a common criminal The story ends with Freedom's SongJesus is alive **The Heart of the Matter** Olive Whicher,2015-09-11

In this concise and richly illustrated work Olive Whicher introduces a radical new science of living organisms forms and processes based on the pioneering work of Rudolf Steiner and his pupil George Adams If we are to understand fully the laws of living nature she argues it is necessary to overcome the one sided ideas of modern science ideas that are only adequate to describe material forms and forces We need to widen our thinking to include the etheric formative forces forces that are alive in ethereal space or counterspace Such forces work in plants for example by drawing matter upwards in a suctional manner in contrast to the forces of gravity which draw downwards and the forces of an explosion which work upward and outward

This easily digestible introduction will be valuable to anybody seeking to comprehend the living world around us
