A Sense of the Heart Bill J.

Leonard,2014-11-18 For many people knowing about God is not enough they also want to feel God s presence Whether like St Paul s experience on the road to Damascus or like Wesley s strangely warmed heart people believe that nothing can substitute for religious experience Even today people go to church in order to encounter the Divine by which they mean experience God in their midst This desire to meet or be met by God is as old as humanity but America especially has been the seed bed for what William James famously called varieties of religious experience These experiences cover a wide spectrum from classic mysticism to revivalist conversion to a contemporary pursuit of spirituality *A Sense of the Heart* traces the

nature of religious experience from the colonial era to the present attempting to define and describe the nature of religious experience and noting common and distinct approaches in the work of various scholars and practitioners Following that A Sense of the Heart offers a historical review of representative types of religious experience the nature of such experiences and their impact on the American religious and cultural context as evident in awakenings controversies denominations and new religious communities

How to Promote & Conduct a Successful Revival Rueben A. Torrey,2020-06-01 Yet we do speak wisdom among those who are mature a wisdom however not of this age nor of the rulers of this age who are passing away 1 Corinthians 2 6 There are too many trying to promote revival by pushing doctrines that have never produced a revival in all of church history These doctrines are called new but they are in reality as old as the early heresies that crept into the church They have never had power to produce conviction of sin conversion or regeneration so presumably they will not have that power today Some of the

methods described in this book will appear novel to many but they are methods that have been tried before and proven effective There is no mere theorizing in the book Men whom God has used in winning souls to Christ and building up believers have been asked to write out of their own experience No one who has been asked to write has declined Such a book as this seems to be an absolute necessity of the hour There are thousands of ministers and other Christian workers in the land longing for a true revival of God s work but with no experimental or even theoretical knowledge of how to go to work to promote such a revival It is our earnest prayer and confident expectation that this book will prove helpful to all such men
