**Selves at Risk** Ihab Hassan, 1990 In this era of supersonic jets ubiquitous McDonalds and pervasive Panasonics in our coddled jacuzzi culture our cybernetic society of acronyms and first names does the spirit of quest endure Indeed from rain forests across oceans steppes

savannahs and saharas to the peaks of the Andes or Himalayas American writers still test the limits of human existence They test spirit flesh marrow and imagination in a timeless quest for meaning beyond civilization at the razor edge of mortality And they return with sun cracked skin and gazes honed on horizons to tell us the tale Ihab Hassan s new book on quests turns out to be a quest of his own He takes us through an invigorating range of today s American writers as they test themselves against the far corners of our tattered planet Hassan shows us how their quests and incidentally his own entwine risks commitments and desperate exercises in belief how their aspirations are human but uniquely American This is a book everyone interested in American culture can learn from and enjoy Hassan s voice is one of graceful wisdom and passionate elegance a refreshing landfall in today s turgid sea of criticism Norman N Holland University of Florida [The Drama of John Marston](#) T. F. Wharton,2000 Celebrating the 400th anniversary of John Marston s debut as a professional playwright this collection of critical essays on his work by leading scholars in the early modern field discovers in the de centred hilarious but unsettling work of this idiosyncratic Renaissance dramatist an uncannily post modern voice Always at odds with his contemporaries the censor and sometimes his own audience Marston is shown to be a deeply conflicted figure but the qualities which estranged him from previous critical eras are precisely those that are now instantly accessible This volume s essays the themes of which coincide both in contemporary currents in literary theory and criticism and in the plays of John Marston reveal at every turn the full extent of his ambiguity towards politics gender and the very medium he wrote for and in

*The Notion of Heresy in Greek Literature in the Second and Third Centuries* Alain Le Boulluec,2022-07-21 Inspired by analogies between the construction of heresy and the representation of madness described by Michael Foucault in in *Histoire de la folie* l ge classique *Madness and Civilization* *The Notion of Heresy in Greek Literature in the Second and Third Centuries* demonstrates how the concept of heresy emerges in the work of Justin Matyr It shows that this invention created a concept capable of dominating every current suspected of endangering ecclesial harmony and transformed the tradition of Greek historiography of philosophical schools by combining it with the apocalyptic theme of diabolical conspiracy Le Boulluec examines how this model is refined by Irenaeus then modified by Clement of Alexandria and Origen First published in 1985 as d h r sie dans la litt rature grecque IIe IIIesi cles this newly translated work includes a substantial new introduction surveying literature in the previous decades In line wth Walter Bauer s pioneering book which overturned the confessional model making heresy a later falsification of orthodoxy it shows that the notion of heresy was invented in the second century and then refined in order to remove all legitimacy from diversity and pluralism in the fields of doctrine and practice Le Boulluec studies rhetorical practices and polemical assimilations to highlight key debates on the relationship between philosophy Christianity and Judaism and to examine the conflict of interpretations that drive the exegesis of the Bible in constructing an orthodoxy **Excerpts and Case Studies from the Archives of the Narcissistic Abuse Study Group** Sam Vaknin,2010-07-24 Hundreds of excerpts from the archives of the Narcissistic Abuse Study List regarding

Periagoge - Theory of Singularity and Philosophy as an Exercise of Transformation Guido Cusinato,2023-11-07 This book returns to the question at the center of our existence a question that the narcissistic culture in which we are immersed systematically tends to remove Why The underlying thesis is that the answer must not be sought in success or social recognition but in a fragment of truth hidden somewhere inside each of us which reveals itself only if we detach ourselves from our ego and its certainties It is not therefore a matter of finding yet another philosophical theory of the meaning of existence but rather of shedding light on the conditions under which such meaning can emerge The author shows us that the ultimate source of our existential orientation lies in the affective sphere and that the current crisis of orientation is derived from the atrophy of the process of affective maturation on a large scale and from a lack of knowledge and experience about which techniques are best to reactivate it We are like glowworms that had once unlearned how to illuminate and have since begun to hover around the magic lantern of the ascetic ideal already criticized by Nietzsche and then around neon advertising signs We are glowworms that have forgotten that we have within our own affective structure a precious source of orientation The basic thesis is that this source of orientation can be reactivated through the care of desire and practices of emotional sharing *The Nineteenth Century* ,1894 **The Nineteenth Century and After** ,1894 **Nineteenth Century and After** ,1894 Nineteenth Century ,1894 The Narcissist and Psychopath in Therapy Sam Vaknin,2014-01-15 Can narcissists and psychopaths be cured Can their behaviour be modified How are these mental health disorders diagnosed
