The Martyrs 188:

The 188th Crybaby Brigade Joel Chasnoff, 2010-02-09 Look at me Do you see me Do you see me in my olive green uniform beret and shiny black boots Do you see the assault rifle slung across my chest Finally I am the badass Israeli soldier at the side of the road in sunglasses forearms like bricks And honestly have you ever seen anything quite like me Joel Chasnoff is twenty four years old an American and the graduate of an Ivy League university But when his career as a stand up comic fails to get off the ground Chasnoff decides it s time for a serious change of pace Leaving behind his amenity laden Brooklyn apartment for a plane ticket to Israel Joel trades in the comforts of being a stereotypical American Jewish male for an Uzi dog tags with his name misspelled and serious mental and physical abuse at the hands of the Israeli Army The 188th Crybaby Brigade is a hilarious and poignant account of Chasnoff s year in the Israel Defense Forces a year that he volunteered for and that he ll never get back As a member of the 188th Armored Brigade a unit trained on the Merkava tanks that make up the backbone of Israeli ground forces Chasnoff finds himself caught in a twilight zone like world of mandatory snack breaks battalion sing alongs and eighteen year old Israeli mama s boys who feign injuries to get out of guard duty and claim diarrhea to avoid kitchen work More time is spent arguing over how to roll a sleeve cuff than studying the mechanics of the Merkava tanks The platoon sergeants are barely older than the soldiers and are younger than Chasnoff himself By the time he s sent to Lebanon for a tour of duty against Hezbollah Chasnoff knows everything about why snot dries out in the desert yet has never been trained in firing the MAG And all this while his relationship with his tough as nails Israeli girlfriend herself a former drill sergeant crumbles before his very eyes The lone American in a platoon of eighteen year old Israelis Chasnoff takes readers into the barracks over under and through political fences and face to face with the absurd reality of life in the Israeli Army It is a brash and gritty depiction of combat rife with ego clashes breakdowns in morale training mishaps that almost cost lives and the barely containable sexual urges of a group of teenagers What s more it s an on the ground account of life in one of the most em battled armies on earth an occupying force in a hostile land surrounded by enemy governments and terrorists reviled by much of the world With equal parts irreverence and vulnerability irony and intimacy Chasnoff narrates a new kind of coming of age story one that teaches us moves us and makes us laugh *The Shahids* Shaul Shay, 2017-12-02 Suicide terror has become a fundamental strategic weapon in the confrontation between Fundamentalist Islam and its adversaries and now constitutes a threat to world welfare and security The Shahids proposes that the nature of this terror changed after the attacks on the World Trade Center on September 11 In this first book to be published on the subject the author offers both an interpretation and an overall picture of a worldwide phenomenon that is not yet fully recognized even in Israel which remains a central arena for the perpetration of suicide attacks by terror organizations The Shahids analyzes the general phenomenon of Islamic suicide attacks and provides the reader with tools comparative analyses and comprehensive information enabling enlightened examination about suicide attacks worldwide

After a review of the historical development of the religious and ideological values legitimating suicide attacks the volume explores the ways in which all terror organizations are both alike and different It focuses on the countries that support terror Iraq Iran and Saudi Arabia discusses suicide attacks perpetrated by women and the suicide attackers mothers and shows how various countries have put an end to suicide attacks It scrutinizes testimony drawn from confiscated documents regarding the approach of terror leaders and the administrative support of various organizations for suicide attacks while offering descriptions and direction on ways to contend with this challenge It explores the possibilities and recommendations for an international struggle against suicide attacks through the implementation of recently published innovative ideas proposed by UN Organizations Amnesty International and Human Rights Watch The Shahids maps out the overall phenomenon of suicide attacks as well as identifies various organizations and central key figures through comparative cross sections

Encountering the Sacred Brouria Bitton-Ashkelony, 2005-12-30 This innovative study sheds new light on one of the most spectacular changes to occur in late antiquity the rise of pilgrimage all over the Christian world by setting the phenomenon against the wide background of the political and theological debates of the time Asking how the emerging notion of a sacred geography challenged the leading intellectuals and ecclesiastical authorities Brouria Bitton Ashkelony deftly reshapes our understanding of early Christian mentalities by unraveling the process by which a territory of grace became a territory of power Examining ancient writers responses to the rising practice of pilgrimage Bitton Ashkelony offers a nuanced reading of their thinking on the merits and the demerits of pilgrimage revealing theological and ecclesiastical motivations that have been overlooked and questioning the long held assumption of scholars that pilgrimage was only a popular not an elite religious practice In addition to Greek and Latin sources she includes Syriac material which allows her to build a rich picture of the emerging theology of landscape that took shape over the fourth to sixth centuries The ecclesiastical history of the second and third centuries, illustrated from the writings of Tertullian John Kaye (bp. of

Lincoln.), 1826 **Early Christianity and paganism** Henry Donald Maurice Spence-Jones, 1902 **Salvation at Stake** Brad S. Gregory, 2001-11-15 Thousands were executed for incompatible religious views in 16th century Europe The meaning and significance of those deaths are studied here comparatively providing an argument for the importance of martyrdom as a window onto religious sensibilities and a crucial component in the formation of divergent Christian traditions and identities

The Ecclesiastical History and the Martyrs of Palestine Eusebius (of Caesarea, Bishop of Caesarea), 1928 **The Era of the Martyrs** Aaltje Hidding, 2020-08-24 One of the most traumatic experiences of Late Antique Christians was the Great Persecution begun by Emperor Diocletian and his Tetrarchic colleagues in 303 CE Here Aaltje Hidding unites research of traditional memory studies with work done by cognitive scientists to examine how they remembered the Persecution The resulting methodological framework the cognitive ecology systemically studies all what can be covered by this term social surroundings cognitive artefacts and the physical environment and bridges the gap between individual and collective

memory The author analyses the remembrance of the Persecution in three different regions along the Nile river In Oxyrhynchus the thousands of papyrus fragments found at the city s rubbish dump give a vivid image of the martyrs in the daily lives of the Oxyrhynchites In Antinoopolis known for the cult of the physician saint Colluthus she zooms in on the rituals and practices at a martyr s sanctuary Finally in Dandara the rich hagiographical dossier of the anchorite Paphnutius shows how old memories of the Persecution became mixed with new monastic experiences The Bohairic and Greek Passion of Paphnutius appear in their first complete English translations *Profiling Saints* Elisa Frei, Eleonora Rai, Christopher B. Brown, Günter Frank, Barbara Mahlmann-Bauer, Tarald Rasmussen, Violet Soen, Zsombor Tóth, Günther Wassilowsky, Siegrid Westphal, 2023-05-15 *Profiling Saints* follows and expands the papers presented at the homonym online international conference December 2021 which focused on cultural theological artistic and social aspects of models of sanctity and their importance in the modern world up to the post revolutionary period This volume aims thus to shed light on the cultural value of canonizations and models of sanctity as models of Christian perfection including the role of iconography and artworks in the broader context of modern global Catholicism The topics presented by the authors include veneration to and canonization and representations of saint theologians missionaries martyrs mystics and reformers men and women *Profiling Saints* looks at modern sanctity and saints from multidisciplinary perspectives ranging from liturgy theology and Church history up to history of ideas cultural history history of emotions and art history and contributes to shed light on such a complex phenomenon of Christian history in its modern developments **Saint Chrysostom, His Life and Times** William Richard Wood Stephens, 1872
