describes the trading port of Wild Cane Cay where exotic obsidian jade gold and other goods including highly crafted pots were traded from distant lands McKillop also tells us about the more coastal inland trade of salt seafood and other marine resources Through the story of her own work and that of her students and volunteers McKillop models both the research design and the field work that are required to interpret the civilizations of the past She includes the adventure of discovery the challenges of working in wild environments from snakes and rising sea levels to falling coconuts and the tedium of daily measured digs in a near tropical setting Through her experiences the reader also gets to know some of the local residents of Port Honduras and Wild Cane Cay descendants of the ancient Maya In Search of Maya Sea Traders will appeal to that part of each of us that longs to explore distant places and cultures in quest of a seldom glimpsed past *The Rough Guide to Belize* Peter Eltringham,2001 The ultimate handbook to this fascinating country The guide includes comprehensive coverage of every destination from getting the best out of a visit to historic Belize City to climbing majestic jungle clad Victoria Peak Practical advice on where to stay from budget guest houses to luxury jungle lodges and secluded Caribbean cabanas Expert guidance on exploring Belize s inland reserves and the caves and atolls of the western hemisphere s longest barrier reef
