autobiography If I tell you what s in it you won t read the book Claire Drainie Taylor Or would you Maybe you d be intrigued by the progression of a life begun as an unexceptional little girl born to a middle class Jewish Canadian couple in a small prairie town who at age sixteen married a refined Englishman and survived the Great Depression partly alone in a shack in the woods of Vancouver Island Or how only a few months after returning to Vancouver with no training and minimal education this same young woman walked on stage at one of Canada s finest old theatres and went on to a successful thirty year career as an actress and radio dialogue writer Having been compelled by her family to write her memoir it wasn t until she d finished and reread her manuscript that Claire Drainie Taylor realized what an extraordinary life she d led Her descriptions of the many fascinating incidents that make up her story and how she dealt with them revealed herself to herself in a way that illuminates what she calls The Surprise of My Life *Their Angry Creed* Herbert Purdy,2016-07-04 Forty five years after women s liberationists first laid down their challenge chanting Women demand equality and I m a second class citizen their narratives are now so universally accepted that few people dare speak truth to the power in the land that

feminism has undoubtedly become However this book does just that Opening with a startling revelation in 2014 by Mallory Millett sister of Kate Millett a mentally ill Marxist apologist and probably the prime mover in the women s liberation movement around 1970 Their Angry Creed is a detailed expos of what she and her co conspirators were planning from the start The author shows how these activists influenced a generation of women many of whom are now in prominent and powerful positions to seek a seismic shift in the power balance between women and men by dividing society along the fault line of gender Feminism has never been about equality for women It is cultural Marxism whose principles uphold matriarchy the social superiority of women which is to be achieved through the destruction of marriage the re engineering of the family moving women en masse out of the home and into the workforce and the disruption of society as we know it Describing how these activists have already secured unreasonable and unfair privilege for women and girls he points to the demonisation of manhood men s effective social emasculation the invasion of men s social spaces to the point of harassment and the relentless excision of fathers from families He ends by warning of a coming backlash from men
