Maria Shriver NBC's Today Show *When It Gets Dark* Thomas DeBaggio, 2007-11-01 Adeptly navigating between elegy and celebration fear and determination confusion and clarity DeBaggio delivers an exquisitely moving and inspiring book that will resonate with all those who have grappled with their own or their loved ones memory loss and with death With his first memoir *Losing My Mind* Thomas DeBaggio stunned readers by laying bare his faltering mind in a haunting and beautiful meditation on the centrality of memory to human life and on his loss of it to early onset Alzheimer's disease In this second extraordinary narrative he confronts the ultimate loss that of life And as only DeBaggio could he treats death as something to honor to marvel at to learn from Charting the progression of his disease with breathtaking honesty DeBaggio deftly describes the frustration grief and terror of grappling with his deteriorating intellectual faculties Even more affecting the prose itself masterfully represents the mental vicissitudes of his disease DeBaggio's fragments of memory observation and rumination surface and subside in the reader's experience much as they might in his own mind His frank lilting voice and abundant sense of wonder bind these fragments into a fluid and poetic portrait of life and loss Over the course of the book DeBaggio revisits many of the people places and events of his life both in his memory and in fact In a sense he is saying goodbye paying his respects to the world as it recedes from him and it is a poignant irony that even as this happens he is at the height of his remarkable descriptive powers In his moments of clarity his love for life's details only grows deeper and richer the limestone creek where he has fished for years his satisfying and lonely herb farming days the goldfish pond his son designed and built in his backyard in honor of DeBaggio's passion for any hole in the ground with some liquid in it the thirty years in his beloved home in Arlington Virginia his early career as a muckraker the innumerable precious moments spent with his wife and son his belated grief over his parents deaths

The Geography of Memory Jeanne Murray Walker, 2013-09-03 Award winning poet Jeanne Murray Walker tells an extraordinarily wise witty and quietly wrenching tale of her mother's long passage into dementia This powerful story explores parental love profound grief and the unexpected consolation of memory While Walker does not flinch from the horrors of the ugly twins aging and death her eye for the apt image provides a window into unexpected joy and humor even during the darkest days This is a multi layered narrative of generations faith and friendship As Walker leans in to the task of caring for her mother their relationship unexpectedly deepens and becomes life giving Her mother's memory which more and more dwells in the distant past illuminates Walker's own childhood She rediscovers and

begins to understand her own past as well as to enter more fully into her mother's final years. *The Geography of Memory* is not only a personal journey made public in the most engaging, funny, and revealing way possible; here is a story of redemption for anyone who is caring for or expecting to care for ill and aging parents and for all the rest of us as well. *Living with Alzheimer's: A Journey Observed* Leigh Smyth, M.D., 2017-09-29 Alzheimer's disease rewrites the terms of a marriage in this debut memoir, a touching personal account. Kirkus Reviews a concise and moving treatise that supports and informs caregivers of Alzheimer's patients. This book is required reading for family caretakers, clinicians, and others who simply wonder how to approach such afflictions. Dr. Robert Aiello, Ph.D., Writing from the vantage point of a spouse and mental health professional who has witnessed and cared for a loved one with Alzheimer's over the course of ten years, the author, a clinical psychiatrist, reveals the personal side of signs and symptoms of the disease beyond memory loss that make up the full developmental syndrome of Alzheimer's, including distortion of memory, erratic likes and dislikes, oppositionality, hoarding, and miming behaviors, irritability, and mood instability, personality changes, loss of cognitive resilience, judgment issues, paranoia, common psychological defenses against these progressive losses. *The Memory Eaters* Elizabeth Kadetsky, 2020-03-31 On autopsy, the brain of an Alzheimer's patient can weigh as little as 30 percent of a healthy brain. The tissue grows porous. It is a sieve through which the past slips. As her mother loses her grasp on their shared history, Elizabeth Kadetsky sifts through boxes of the snapshots, newspaper clippings, pamphlets, and notebooks that remain, hoping to uncover the memories that her mother is actively losing as her dementia progresses. These remnants offer the false yet beguiling suggestion that the past is easy to reconstruct, easy to hold. At turns lyrical, poignant, and alluring, *The Memory Eaters* tells the story of a family's cyclical and intergenerational incidents of trauma, secret-keeping, and forgetting in the context of the 1970s and 1980s New York City. Moving from her parents' divorce to her mother's career as a Seventh Avenue fashion model and from her sister's addiction and homelessness to her own experiences with therapy for post-traumatic stress disorder, Kadetsky takes readers on a spiraling trip through memory, consciousness fractured by addiction and dementia, and a compulsion for the past salvaged by nostalgia. **The Long Hello** Cathie Borrie, 2016-04-19 A powerful, ground-shifting account of caring for a parent with Alzheimer's, about which Maya Angelou exclaimed, "Joy." Since Cathie Borrie delivered her keynote performance at the World Alzheimer's Day event sponsored by the Community and Access Programs of the Museum of Modern Art, her self-published manuscript has won rapturous praise from noted writers and Alzheimer's experts alike, from Maya Angelou, Lisa Genova, and Molly Peacock to Dr. Bill Thomas, Jed A. Levine of the Alzheimer's Association NYC, and Meryl Comer of the Geoffrey Beene Foundation Alzheimer's Initiative. Now it is available to the general public for the first time in a trade edition. *The Long Hello* distills the seven years the author spent caring for her mother into a page-turning memoir that offers insight into the altering world of the dementia mind. During that time, Borrie recorded brief conversations she had with her mother that revealed the transformations within and sometimes yielded an almost Zenlike poetry. She includes selections from them in chapters about

her experience that are as evocative as diary entries Her mother was the emotional pillar and sometime breadwinner in a home touched by a birth father s alcoholism a brother s early death divorce and a stepfather s remoteness In Borrie s spare prose her mother s story becomes a family s story as well a deeply loving portrait that embraces life
