The Metaphor Of God Incarnate Second Edition Christology In A Pluralistic Age:

The Metaphor of God Incarnate, Second Edition John Hick, 2006-02-16 In this groundbreaking work John Hick refutes the traditional Christian understanding of Jesus of Nazareth According to Hick Jesus did not teach what was to become the orthodox understanding of him that he was God incarnate who became human to die for the sins of the world Further the traditional dogma of Jesus two natures human and divine cannot be explained satisfactorily and worse it has been used to justify great human evils Thus the divine incarnation he explains is best understood metaphorically Nevertheless he concludes that Christians can still understand Jesus as Lord and the one who has made God real to us This second edition includes new chapters on the Christologies of Anglican theologian John Macquarrie and Catholic theologian Roger Haight SJ

In Defense of Extended Conciliar Christology Timothy Pawl, 2019-01-03 In Defense of Extended Conciliar Christology A Philosophical Essay examines the logical consistency and coherence of Extended Conciliar Christology the Christological doctrine that results from conjoining Conciliar Christology the Christology of the first seven ecumenical councils of the Christian Church with five additional theses These theses are the claims that multiple incarnations are possible Christ descended into Hell during his three days of death Christ's human will was free Christ was impeccable and that Christ via his human intellect knew all things past present and future These five theses while not found in the first seven ecumenical councils are common in the Christian theological tradition The main question Timothy Pawl asks in this book is whether these five theses when conjoined with Conciliar Christology imply a contradiction This study does not undertake to defend the truth of Extended Conciliar Christology Rather it shows that the extant philosophical objections to Extended Conciliar Christology fail

In Defense of Conciliar Christology Timothy Pawl, 2016-03-10 This work presents a historically informed systematic exposition of the Christology of the first seven Ecumenical Councils of undivided Christendom from the First Council of Nicaea in 325 AD to the Second Council of Nicaea in 787 AD Assuming the truth of Conciliar Christology for the sake of argument Timothy Pawl considers whether there are good philosophical arguments that show a contradiction or incoherence in that doctrine He presents the definitions of important terms in the debate and a helpful metaphysics for understanding the incarnation In Defense of Conciliar Christology discusses three types of philosophical objections to Conciliar Christology Firstly it highlights the fundamental philosophical problem facing Christology how can one thing be both God and man when anything deserving to be called God must have certain attributes and yet it seems that nothing that can aptly be called man can have those same attributes It then considers the argument that if the Second Person of the Holy Trinity were immutable or atemporal as Conciliar Christology requires then that Person could not become anything and thus could not become man Finally Pawl addresses the objection that if there is a single Christ then there is a single nature or will in Christ However if that conditional is true then Conciliar Christology is false since it affirms the antecedent of the conditional to be true but denies the truth of the consequent Pawl defends Conciliar Christology against these charges

arguing that all three philosophical objections fail to show Conciliar Christology inconsistent or incoherent

A History of the Quests for the Historical Jesus, Volume 2 Colin Brown, Craig A. Evans, 2022-11-08 A comprehensive two volume reassessment of the quests for the historical Jesus that details their origins and underlying presuppositions as well as their ongoing influence on today's biblical and theological scholarship Jesus life and teaching is important to every question we ask about what we believe and why we believe it And yet there has never been common agreement about his identity intentions or teachings even among first century historians and scholars Throughout history different religious and philosophical traditions have attempted to claim Jesus and paint him in the cultural narratives of their heritage creating a labyrinth of conflicting ideas From the evolution of orthodoxy and quests before Albert Schweitzer's famous Old Quest to today's ongoing questions about criteria methods and sources *A History of the Quests for the Historical Jesus* not only chronicles the developments but lays the groundwork for the way forward The late Colin Brown brings his scholarly prowess in both theology and biblical studies to bear on the subject assessing not only the historical and exegetical nuts and bolts of the debate about Jesus of Nazareth but also its philosophical sociological and theological underpinnings Instead of seeking a bedrock of facts Brown stresses the role of hermeneutics in formulating questions and seeking answers Colin Brown was almost finished with the manuscript at the time of his passing in 2019 Brought to its final form by Craig A Evans this book promises to become the definitive history and assessment of the quests for the historical Jesus Volume One sold separately covers the period from the beginnings of Christianity to the end of World War II Volume Two covers the period from the post War era through contemporary debates

The Omnipresence of Jesus Christ Theodore Zachariades, 2015-06-01 This important book reassesses the classic Chalcedonian view of Jesus one person two natures It carefully rejects all forms of kenotic Christology and affirms that Jesus possessed and used all the divine attributes in particular that of omnipresence arguing that evangelical scholars have abandoned this important truth This has ramifications for our view of the Holy Spirit and of Christ's presence with his people It challenges us to read the Scriptures again and to live in the presence of Jesus Publisher Commendation In this important study of orthodox Christology Dr Zachariades develops an aspect of it that has generally been neglected How should we understand the universal presence of the risen ascended and glorified Christ Starting with the controversies of the early church he takes us through the questions involved in the discussion and points us to a deeper understanding of how Christ is both God and man at the same time Gerald L Bray Research Professor of Divinity History and Doctrine Beeson Divinity School USA

God the Son Incarnate Stephen J. Wellum, 2016-11-16 Nothing is more important than what a person believes about Jesus Christ To understand Christ correctly is to understand the very heart of God Scripture and the gospel To get to the core of this belief this latest volume in the Foundations of Evangelical Theology series lays out a systematic summary of Christology from philosophical biblical and historical perspectives concluding that Jesus Christ is God the Son incarnate both fully divine and fully human Readers will learn to better know love

trust and obey Christ unashamed to proclaim him as the only Lord and Savior Part of the Foundations of Evangelical Theology series **Radical Orthodoxy in a Pluralistic World** Angus M. Slater, 2018-01-02 Radical Orthodoxy remains an important movement within Christian theology but does it relate effectively with an increasingly pluralist and secular Western society Can it authentically communicate the beauty and desire of the divine to such a diverse collection of theological accounts of meaning This book re assesses the viability of the social model given by John Milbank before attempting an out narration of this vision with a more convincing account of the link between the example of the Trinitarian divine and the created world It also touches on areas such as interreligious dialogue particularly between Christianity and Islam as well as social issues such as marginalisation integration and community relations in order to chart a practical way forward for the living of a Christian life within contemporary plurality This is a vital resource for any Theology academic with an interest in Radical Orthodoxy and conservative post modern Christian theology It will also appeal to scholars involved in Islamic Studies and studying interreligious dialogues **Christian Theology in the Pluralistic World** Veli-Matti Kärkkäinen, 2019-06-20 K rkk inen s acclaimed five volume constructive theology abridged in one accessible volume Providing a new and unique way of doing theology in our pluralistic world Veli Matti K rkk inen presents historic Christian doctrines in relation to the natural sciences and four other living faiths Judaism Islam Buddhism and Hinduism This textbook covers all systematic topics along with a host of current issues such as violence colonialism inclusivity sociopolitical liberation environmental care and more Accessible and student friendly Christian Theology in the Pluralistic World is the ideal text for exploring a theological vision at once rooted in the Christian tradition and constructive in its engagement with the complexities of our global pluralistic world *The God Who Saves* David W. Congdon, 2016-09-08 Christian universalism has been explored in its biblical philosophical and historical dimensions For the first time The God Who Saves explores it in systematic theological perspective In doing so it also offers a fresh take on universal salvation one that is postmetaphysical existential and hermeneutically critical The result is a constructive account of soteriology that does justice to both the universal scope of divine grace and the historicity of human existence In The God Who Saves David W Congdon orients theology systematically around the New Testament witness to the apocalyptic inbreaking of God s reign The result is a consistently soteriocentric theology Building on the insights of Rudolf Bultmann Ernst Kasemann Eberhard Jungel and J Louis Martyn he interprets the saving act of God as the eschatological event that crucifies the old cosmos in Christ Human beings participate in salvation through their unconscious existential cocrucifixion in which each person is interrupted by God and placed outside of himself or herself Both academically rigorous and pastorally sensitive The God Who Saves opens up new possibilities for understanding not only what salvation is but also who the God who brings about our salvation is Here is an interdisciplinary exercise in dogmatic theology for the twenty first century **Baptized in the Spirit** Frank D. Macchia, 2006 Frank Macchia builds a comprehensive pneumatological foundation for theological renewal in the twenty first

century interacting with many of the key theologians of the twentieth century and showing how contemporary trends in Pentecostal and charismatic thinking can aid the cause of ecumenism and global Christianity
