**The Hand Reveals** Dylan Warren-Davis,2021-03-31 Cheiromancy is the art of handreading in which all aspects of a person s hand are considered in order to gain an accurate picture of their inner nature Cheiromancy is distinct from the fortune telling of palmistry What has come down to us as palmistry today is a rather degenerate and effete form of this ancient discipline The word cheiromancy comes from the Greek chir meaning hand and manteia meaning divination literally meaning divination through the hand The Hand Reveals is written as a practical guide to reading hands it is not merely theoretical As various points are described through out the book try to apply this knowledge at every opportunity to find confirmation of the ideas There is a considerable amount of knowledge and information compressed into these pages and even the most diligent student would have difficulty in digesting it in one reading It is recommended that you refer back as often as necessary to go the material you have read to allow your understanding of cheiromancy to grow gradually Originally published in 1990 this edition has been revised and updated with new material      Words of Destiny Caterina Guenzi,2021-03-01 Astrologers play an important role in Indian society but there are very few studies on their social identity and professional practices Based on extensive fieldwork carried out in the city of Banaras Words of Destiny shows how the Brahmanical scholarly tradition of astral sciences jyoti sha described in Sanskrit literature and taught at universities has been adapted and reformulated to meet the needs and questions of educated middle and upper classes in urban India How to get a career promotion How to choose the most suitable field of study for children When is the best moment to move into a new house The study of astrology challenges ready made assumptions about the boundaries between science and superstition rationality and magic Rather than judging the validity of astrology as a knowledge system Caterina Guenzi explores astrological counseling as a social practice and how it works from within for both astrologers and their clients She examines the points of view of those who use astrology either as a way of earning their living or as a means through which to solve problems and make decisions concluding that because astrology combines mathematical calculations and astronomical observations with ritual practices it provides educated urban families with an idiom through which modern science and devotional Hinduism can be subsumed      **Your Destiny and Scientific Hand Analysis** Yaschpaule,1996 This book is designed to convince the healthy and scientific minded sceptic that hand analysis is a science worthy of serious consideration The laws of scientific hand analysis are presented here in a very simple manner and are amply illustrated by diagrams This book is also intended for those who do not have the faintest concept of what hand analysis or astrology is all about so that no previous knowledge is required for its understanding At the same time the subject of hand analysis has been comprehensively emphasized As such this book will be of interest to professional astrologers In many Eastern countries

leading astrologers have a good knowledge of hand analysis Where the horoscope does not give clear guidance on a particular aspect they consult the palms in order to obtain clarification The ideas put forward in this book are based on the Indian Western and Egyptian schools of hand analysis although the Indian system has been used the most The scientific rationale behind the wearing of particular gems in order to ward off evil planetary influences is also succinctly described Above all this is meant to be an eminently straightforward and practical work The sceptic has only to study his own palms to be pleasantly surprised at how accurately hand analysis reveals his own particular case The Hand-book of Astrology, by which Every Question of the Future, on which the Mind is Anxious, May be Truly Answered Zadkiel,1862 Occult Line on the hand Pt. *Astronomy and Astrology in the Islamic World* Stephen P. Blake,2016-04-08 It was the astronomers and mathematicians of the Islamic world who provided the theories and concepts that paved the way from the geocentric theories of Claudius Ptolemy in the second century AD to the heliocentric breakthroughs of Nicholas Copernicus and Johannes Kepler in the sixteenth and seventeenth centuries Algebra the Arabic numeral system and trigonometry all these and more originated in the Muslim East and undergirded an increasingly accurate and sophisticated understanding of the movements of the Sun Moon and planets This nontechnical overview of the Islamic advances in the heavenly sciences allows the general reader to appreciate for the first time the absolutely crucial role that Muslim scientists played in the overall development of astronomy and astrology in the Eurasian world A Handbook of Palmistry after the ancient Methods Rosa Baughan,1895 Turning Four Hundred Years of Astrology to Practical Use and Other Matters George Bayer,2006 **Horoscope Symbols** Robert Hand,1997-01-06 *Horoscope Symbols* takes you beyond your present conception of astrology into a deep understanding of the role of personal choice and to the true source of human experience Every age must re-examine the astrological tradition in the light of its own experience In *Horoscope Symbols* Robert Hand one of the foremost astrologers of his generation recreates astrology for our time In this book Hand takes the reader deep into the heart of each of the planets and other points angular relationships aspects and midpoints zodiacal positions signs and mundane positions angles and houses Whether you're a beginning student or a practicing professional *Horoscope Symbols* takes you beyond your present conception of astrology into a whole new realm of understanding *Horoscope Symbols* takes the beginner beyond cookbook interpretations to genuine insight beyond superficial keywords to the fundamental principles that underlie astrology beyond

overemphasis on signs to the primacy of planets and angles Although Hand assumes little prior knowledge of astrology the more you know the more you will get out of this book Hand takes the expert beyond the fatalism of tradition to a deep understanding of the role of personal choice in the life of the individual beyond fortune telling to the true source of human experience *The Hand* Lewis Dayton Burdick, 1905 This monograph argues that although legendary stories are not chronicles of actual events they are of historical value in helping us to determine the intellectual characteristics social conditions and moral standards of the various peoples of whose life and literature they have formed a part Believing that all legends fables and myths contain some germs of truth and are invaluable sources of information to us the author has made free use of them in these pages Indeed he argues from them alone sometimes can be gained correct ideas of the true meaning and significance of rites and customs which still in modified survivals form an interesting and important part of our daily lives This book was initially published in 1905

**The Hand** Lynn Van Praagh-Gratton, Brett Stephan Bass, 2017-09-23 Etched into man's understanding of the creation of life is the foreboding prospect of death surrendering one's mortal flesh to the earth to decay for eternity. But is this apprehension misplaced? Yes. Why? Because it seems that human consciousness survives once a heart no longer beats to live on in a place that the co-authors have come to call Beyond the Beyond. There are a selective few who have been blessed with the gift of being able to receive the frequencies and words of those passing through Eternity's Gate to dwell Beyond the Beyond. And Lynn Van Praagh-Gratton, a nationally renowned psychic medium, is one such person, the beneficiary of a gift inherited from her maternal familial line: great aunt, grandmother, and mother, and now passed on to her son, Dennis Jr. In the architecture of their collaboration, Lynn and Brett have been inspired by a message conveyed two thousand years ago by Lucius Annaeus Seneca, a Roman philosopher and statesman who wrote, "The day which we fear as our last is but the birthday of eternity." And through a combination of two books with an interwoven narrative, they seek to offer understanding, healing, and hope to those who have momentarily lost touch with loved ones. In *The Hand Part I: A Young Man's Search for Eternity's Gate*, Brett Stephan Bass introduces us to Emerson Alexander Weiss, who interrupts a promising career as a theoretical physicist to find a deeper spiritual meaning in life that dispenses with conventional teachings of science, religion, and philosophy. In *The Hand Part II: A Young Man Discovers What Lies Beyond Eternity's Gate*, the co-authors advance meaning to the phrase "Life After Death" in order to bring hope to those despairing, optimism to those who wish to wipe away confounding confusion, and healing love to those grieving the loss of one no longer present. Although the co-authors at times employ elements of a fictional sequence of events, the body of both works lies in personal experiences and reflective beliefs designed to leave in the reader's mind that 1) There is a unifying oneness in the composition of the universe fed by the vitality of light and love; 2) Death is an illusion fed by misguided fear; 3) Passing through Eternity's Gate is a beginning and not an ending; and 4) Life on Earth is intended to prepare us all to live in a domain presently hidden from view called Beyond the Beyond, where we will be embraced by the Source, the universal repository of all knowing and all loving. *The Influence of the Stars* Rosa Baughan, 2021-11-26 This book is an extensive study of astrology containing the results of many years of research. Astrology is an ancient subject. But until recently, this generation seemed to have never cared about the foundation of this belief that has been supported for so many years. Because of long-repressed realism, people have developed a new interest in these old world beliefs, and this book is written to satisfy this interest. **The Horoscope**, 1841
