Novels, Readers, and Reviewers Nina Baym, 2018-03-15 This book describes and characterizes responses of American readers to fiction in the generation before the Civil War It is based on close examination of the reviews of all novels both American and European that appeared in major American periodicals during the years 1840-1860 a period in which magazines, novels and novel reviews all proliferated Nina Baym makes use of the reviews to gain information about the formal aesthetic and moral expectations of reviewers Her major conclusion is that the accepted view about the American novel before the Civil War, the view that the atmosphere in America was hostile to fiction, is a myth There is compelling evidence she shows for the existence of a veritable novel industry and concomitantly a vast audience for fiction in the 1840s and 1850s

**Reading between the Borderlines** Gillian Roberts, 2018-12-30 Is Superman Canadian? Who decides and what is at stake in such a question? How is the Underground Railroad commemorated differently in Canada and the United States and can those differences be bridged? How can we acknowledge properly the Canadian labour behind Hollywood filmmaking and what would that do to our sense of national cinema? *Reading between the Borderlines* grapples with these questions and others surrounding the production and consumption of literary, cinematic, musical, visual and print culture across the Canada-US border. Discussing a range of popular as well as highbrow cultural forms, this collection investigates patterns of cross-border cultural exchange that become visible within a variety of genres regardless of their place in any arbitrarily devised cultural hierarchy. The essays also consider the many interests served, compromised or negated by the operations of the transnational economy, the movement of culture's raw material across nation-state borders in literal and conceptual terms and the configuration of a material citizenship attributed to or negotiated around border-crossing cultural objects. Challenging the oversimplification of cultural products labelled either Canadian or American, *Reading between the Borderlines* contends with the particularities and complications of North American cultural exchange both historically and in the present.

*Reading the Fifth Veda* Alf Hiltebeitel, 2011-07-27 Bringing together Hiltebeitel's major essays on the Mahabharata, the Ramayana and the south Indian cults of Draupadi and Kṛtavarṇa along with

new articles written especially for this collection this two volume work offers a comprehensive re reading of the Indian epic tradition by the foremost scholar in Indian epic studies today The Modern Reader's Hamlet William Shakespeare, Haven McClure, 1922 Reading Melville's Pierre; Or, The Ambiguities Brian Higgins, Hershel Parker, 2007-05 This engaging new study uses biographical evidence to explore Pierre the puzzling novel that Herman Melville wrote immediately after the publication of Moby Dick Parker and Higgins reveal that Melville drastically altered the end of the novel after a troubling meeting with his publisher and editor about the perceived failure of Moby Dick Melville re wrote Pierre s protagonist as a writer and used the novel to attack the publishing industry Parker and Higgins exploration into Pierre shows that this is a deeply flawed novel but an intriguing and revealing glimpse into the mind of an American literary giant **West of the Border** Noreen Groover Lape, 2000 Their writings negotiate their various frontier ordeals the encroachment of pioneers on the land reservation life assimilation Christianity battles over territories and resources exclusion miscegenation laws and the devastation of the environment **A History of the McGuffey Readers** Henry Hobart Vail, 2022-09-04 *Reading Rape* Sabine Sielke, 2009-02-09 Reading Rape examines how American culture talks about sexual violence and explains why in the latter twentieth century rape achieved such significance as a trope of power relations Through attentive readings of a wide range of literary and cultural representations of sexual assault from antebellum seduction narratives and realist representations of rape in nineteenth century novels to Deliverance American Psycho and contemporary feminist accounts Sabine Sielke traces the evolution of a specifically American rhetoric of rape She considers the kinds of cultural work that this rhetoric has performed and finds that rape has been an insistent figure for a range of social political and economic issues Sielke argues that the representation of rape has been a major force in the cultural construction of sexuality gender race ethnicity class and indeed national identity At the same time her acute analyses of both canonical and lesser known texts explore the complex anxieties that motivate such constructions and their function within the wider cultural imagination Provoked in part by contemporary feminist criticism Reading Rape also challenges feminist positions on sexual violence by interrogating them as part of the history in which rape has been a convenient and conventional albeit troubling trope for other concerns and conflicts This book teaches us what we talk about when we talk about rape And what we re talking about is often something else entirely power money social change difference and identity
