Fresh Blood Sanford J. Ungar, 1995 Drawing on hundreds of richly textured interviews conducted from one end of the country to the other veteran journalist Sanford J Ungar documents the real life struggles and triumphs of America's newest immigrants He finds that the self-chosen who arrive every day most of them legally still enrich our national character and experience and make invaluable political economic social cultural and even gastronomic contributions First class journalism a book scholars will use decades from now to find out what it felt like to be an immigrant in the 90s I do not know of a better description and analysis of contemporary immigration Roger Daniels author of *Coming to America A History of Immigration and Ethnicity in American Life* An excellent overview of contemporary immigration issues
