The Michelin Building Wendy Hitchmough, 1987

Bibliography of Printed Works on London History to 1939

Heather Creaton, Tony Trowles, 1994 The history of London is so important in national and indeed international terms it seems extraordinary that this is the first general bibliography of the subject to appear It contains over 22 000 selected references to books and articles on the history of London from the Dark Ages to the beginning of the Second World War The whole of the former GLC area plus the City is covered Arrangement is by subject and there is a substantial analytical index Material for the bibliography was collected from specialist libraries all over London and beyond It is a starting point for any enquiry about London's development over the centuries whether from the academic historian the amateur or the general enquirer A supplement is planned to cover new material on the period
