TEACHING STYLES

Teaching styles refer to the various methods and approaches that educators use to impart knowledge, skills, and values to their students.

TYPES

The simplest way to differentiate between teaching styles is to compare student-centered to teacher-centered:

- Student-centered teaching focuses on the student and their needs.
- Teacher-centered teaching puts the teacher center stage.

EXAMPLES

- Facilitator: a student-centered teacher who observes and supports students as they learn through the use of prompting questions or strategic interventions.
- Delegator: a student-centered teacher who delegates task roles to students, who often work in groups to achieve their goals.
