

PITTSBURGH SLOPES

Sloping city, proud of its water
As most cities are known to be,
Claims proudly three rivers
Despite many maps suggesting only two
Or even only one and a half
When seen in the long view.

Multi-level city built
On a slant could promote movement
Up and down the angles:

If they could build some sort of zigzag escalators for the
Multi-level multi-river city where steel and deer hunters were king.
