

SLOVENIA

and the Slovenes

A Small State in the New Europe

James G. Thompson, Editor, Cambridge

Slovenia And The Slovenes A Small State And The New Europe

Dan Stone

Slovenia And The Slovenes A Small State And The New Europe:

Slovenia and the Slovenes James Gow, Cathie Carmichael, 2000 One of Europe's smallest countries with a population of less than 2 million Slovenia has an ancient and distinct national culture It emerged in 1991 after fighting a brief war of independence to leave behind the remnants of Tito's Yugoslavia Traces of the Slovene language are found in documents of the ninth century a system of peasant democracy is recorded in medieval times and a Slovene Bible appeared as early as 1557 *Austria, Croatia, and Slovenia* Britannica Educational Publishing, 2013-06-01 Although vastly different in many ways Austria Croatia and Slovenia together form the heart of Central Europe Austria has historically been much more visible in European politics than either Croatia or Slovenia but as with the latter two it has also been a part of various alliances over the centuries Despite that however all three have retained their own sense of national identity through it all weathering the fall of Austria Hungary both World Wars the collapse of Yugoslavia and entry to the European Union over the course of one hundred years This comprehensive volume traces the evolution of these countries from their earliest civilizations to the present day **The Oxford Handbook of Postwar European History** Dan Stone, 2012-05-17 The postwar period is no longer current affairs but is becoming the recent past As such it is increasingly attracting the attentions of historians Whilst the Cold War has long been a mainstay of political science and contemporary history recent research approaches postwar Europe in many different ways all of which are represented in the thirty five chapters of this book As well as diplomatic political institutional economic and social history The Oxford Handbook of Postwar European History contains chapters which approach the past through the lenses of gender espionage art and architecture technology agriculture heritage postcolonialism memory and generational change and shows how the history of postwar Europe can be enriched by looking to disciplines such as anthropology and philosophy The Handbook covers all of Europe with a notable focus on Eastern Europe Including subjects as diverse as the meaning of Europe and European identity southern Europe after dictatorship the cultural meanings of the bomb the 1968 student uprisings immigration Americanization welfare leisure decolonization the Wars of Yugoslav Succession and coming to terms with the Nazi past the essays in this Handbook offer an unparalleled coverage of postwar European history that offers far more than the standard Cold War framework Readers will find self contained state of the art analyses of major subjects each written by an acknowledged expert as well as stimulating and novel approaches to newer topics Combining empirical rigour and adventurous conceptual analysis this Handbook offers in one substantial volume a guide to the numerous ways in which historians are now rewriting the history of postwar Europe

The A to Z of Slovenia Leopoldina Plut-Pregelj, Carole Rogel, 2010-05-20 For more than 1 300 years Slovenes had lived in Eastern Europe without having a separate Slovene state but in December of 1990 they voted for independence or put more appropriately for disassociation from Yugoslavia Unfortunately Slovenia had to fight for its independence which it did not fully achieve until 1995 after its bloody disintegration with Yugoslavia was over Since independence however Slovenia has

prospered its economy is far ahead of other former communist states and in 2004 Slovenia acceded to both NATO and the European Union the only republic of former Yugoslavia to do so The A to Z of Slovenia covers the history of Slovenia and its struggle to gain independence from communism This is done through a detailed chronology an introduction appendixes a bibliography and hundreds of cross referenced dictionary entries on some of the more significant persons places and events institutions and organizations and political economic social cultural and religious facets *The EU and Neighbors* Brian W. Blouet, 2018-02-13 TRY FREE for 14 days OR RENT this title www.wileystudentchoice.com Europe is the second smallest of the continents yet it is the third most populated and its rich history has played out on the world's maps for centuries The region's borders have undergone near continuous evolution through the rise and fall of nations rebellions and civilizations and the paths these borders take have repercussions around the globe This book presents a systematic survey of Europe and individual country by country coverage based on the most current data From the core of the European Union to the lesser known corners of the continent this book provides in depth examination of the physical cultural economic and political geography of this powerful region Fresh perspective sheds new light on recent events including Brexit Russia's takeover of Crimea terrorist attacks in France and the EU's newest members while the European Union's future is explored in light of the possible loss of the region's second largest economy With deep insight into each nation and its relationship to the region this book offers a uniquely intimate look at the various dynamics shaping Europe today *Fools' Crusade* Diana Johnstone, 2003 A discussion of the political illusion created by the humanitarian bombing of Yugoslavia in 1999 that tests popular beliefs *The Soldier and the Changing State* Zoltan D. Barany, 2012-09-16 Looking at how armies supportive of democracy are built this title argues that the military is the important institution that states maintain for without military elites who support democratic governance democracy cannot be consolidated It demonstrates that building democratic armies is the quintessential task of democratizing regimes *The Yugoslav Wars of the 1990s* Catherine Baker, 2015-07-30 Catherine Baker offers an up to date balanced and concise introductory account of the Yugoslav wars of the 1990s and their aftermath The volume incorporates the latest research showing how the state of the field has evolved and guides students through the existing literature topics and debates *Policing Post-communist Societies* Niels A. Uildriks, P. van Reenen, 2003 Eastern European countries have been involved in a complex transition towards more democratic forms of government Since the demise of communism the building up of an independent judiciary and a general reorientation of the police role within society have been key issues On the basis of three country studies in Russia Lithuania and Mongolia this book analyses the present state of policing in a variety of post communist societies in terms of police public violence democratic policing the rule of law and human rights It is also complemented by recent comparable and previously unpublished police data for Romania Bulgaria and Poland Those studies have been carried out amongst the rank and file of the uniform branch in Lithuania and Russia which were commissioned by the Soros Open Society Foundation They were specifically concerning

views and experiences concerning police public violence and current policing problems in general A third study was carried in Mongolia amongst criminal investigators and sought to explore violent investigative practices This book seeks to combine a thorough theoretical analysis with unique empirical data It analyses the different problems of transition of post communist societies towards more democratic forms of government with unique data from both outside and inside the police Europe and the Collapse of Yugoslavia Branislav Radeljic, 2016-05-11 In 1992 Yugoslavia finally succumbed to civil war collapsing under the pressure of its inherent ethnic tensions Existing accounts of Yugoslavia s dissolution however pay little regard to the troubled relationship between the Yugoslav Federation and the European Community EC prior to the crisis in the early 1990s and the instability this created Here Branislav Radeljic offers an empirical analysis of the EC s relations with Yugoslavia from the late sixties when Yugoslavia was under the presidency of Josep Broz Tito through to the collapse of the Yugoslav federation in 1992 after the rise of Slobodan Milo evi and the beginning of the Yugoslav Wars Radeljic explores the economic political and social elements of these discords and also places emphasis on the role of Slovenes Croats and other diasporas focusing on their capacity to affect policy making at a Europe wide level Radeljic argues convincingly that a lack of direction and inadequate political mechanisms within the EC enabled these non state actors to take centre stage and shows how EC paralysis precipitated a bloody conflict in the Balkan region **Building Democracy in the Yugoslav Successor States** Sabrina P. Ramet, Christine M. Hassenstab, Ola Listhaug, 2017-05-15 Building democracy in societies that have known only authoritarian rule for half a century is complicated Taking the post Yugoslav region as its case study this volume shows how success with democratisation depends on various factors including establishing the rule of law the consolidation of free media and society s acceptance of ethnic religious and sexual minorities Surveying the seven successor states the authors argue that Slovenia is in a class by itself as the most successful with Croatia and Serbia not far behind The other states Bosnia Herzegovina Macedonia Montenegro and Kosovo are all struggling with problems of corruption poverty and unemployment The authors treat the issue of values as a policy problem in its own right debating the extent to which values have been transformed by changes in education and the media how churches and women s organisations have entered into the policy debate and whether governments have embraced a programme designed to effect changes in values British Foreign Policy in former Yugoslavia 1989-1999 John P McCumiskey, 2023-12-06 British Foreign Policy in former Yugoslavia 1989 1999 Brotherhood and Unity Lost gives a broad analysis of Britain s foreign policy during the wars of Yugoslav secessions from 1992 to 1999 Normative approaches to Britain s foreign policy during this period have tended to place it in to two halves The notion there was a new morality in Britain s foreign policy appeared after New Labour s election landslide on 1 May 1997 Robin Cook declared shortly after the victory there would be an ethical dimension to Labour s foreign policy and this appeared to chart new territory As a result this would be a departure from what former US Assistant Secretary of State James Rubin believed was the hyper realism of the traditional British kind under British Prime Minister John Major The

book includes interviews with key actors provides new archive material and re examines claims by the New Orthodoxy which became prevalent after 1999

Slovenia John K. Cox, 2004-06 This book examines Slovenia's transition from a collection of provinces in the south of the Habsburg Empire to a republic within Yugoslavia to an independent state It also analyses political and economic developments since 1991

To Walk with the Devil Gregor J. Kranjc, 2013-02-22 In the spring of 1941 when Slovenia was invaded by Germany Italy and Hungary Slovenes faced at best assimilation and at worst deportation or extermination Still a significant number of Slovenes would eventually collaborate with the Axis powers Why were they so ready to work with their invaders and why did the occupiers permit this collaboration Gregor Joseph Kranjc investigates these questions in *To Walk with the Devil* the first English language book length account of Slovene Axis collaboration during the Second World War Examining archival material and post war scholarly and popular literature Kranjc describes the often sharp divide between Communist era interpretations of collaboration and those of their migr anti Communist opponents Kranjc situates this divide in the vicious civil war that engulfed Slovenia during its occupation a conflict that witnessed at its bloody climax the execution of over 10 000 Slovene collaborators and opponents of the new Communist Yugoslav regime in the wake of liberation *To Walk with the Devil* makes clear how these grisly events continue to ripple through Slovene society today

Helfer der Armen - Hüter der Öffentlichkeit / Guardians of the Poor - Custodians of the Public Sabine Hering, Berteke Waaldijk, 2006-03-27 The bi lingual book describes the results of case studies about the history of social work in Eastern Europe between 1900 and 1960 in eight countries Bulgaria Croatia Hungary Latvia Poland Romania Russia and Slovenia In diesem zweisprachigen Buch geht es um die Zusammenfassung der Ergebnisse eines Forschungsprojekts über die Geschichte der Sozialen Arbeit in Osteuropa in den Jahren zwischen 1900 und 1960 an dem acht Länder beteiligt waren Bulgarien Kroatien Lettland Polen Rumänien Russland Slowenien und Ungarn

The Future of NATO Expansion Zoltan Barany, 2003-07-21 In 1999 three East Central European states Poland Hungary and the Czech Republic gained membership in the North Atlantic Treaty Organization Professor Barany argues that once it began the Alliance should continue the enlargement process Nevertheless he maintains that only states that satisfy NATO's membership criteria should be allowed to join Through an extensive analysis of four countries Bulgaria Romania Slovakia and Slovenia who at the time of the book's original publication in 2003 were NATO aspirants Barany demonstrates that they were in several important respects unprepared for membership and that there was no pressing reason for NATO's haste Barany argues that while NATO should be clear that its doors remain open to qualified candidates the Alliance should hold off further expansion until prospective members will become assets rather than liabilities

Urban Architectures in Interwar Yugoslavia Tanja D. Conley, 2020-02-25 Resulting from a twenty year period of research this book seeks to challenge contradictions between the concepts of national and modern architectures promoted among the most pronounced national groups of Yugoslavia Serbs Croats and Slovenes It spans from the beginning of their nation building programs in the mid nineteenth century until the

collapse of unified South Slavic ideology and the outbreak of the Second World War Organized into two parts it sheds new light onto the question of how two conflicting political agendas on one side the quest for integral Yugoslavism and on the other the fight for strictly separate national identities were acknowledged through the architecture and urbanism of Belgrade Zagreb and Ljubljana Drawing wider conclusions author Tanja D Conley investigates boundaries between two opposing yet interrelated tendencies characterizing the architectural professional in the age of modernity the search for authenticity versus the strive towards globalization Urban Architectures in Interwar Yugoslavia will appeal to researchers academics and students interested in Central and Eastern European architectural history [A Critical Humanitarian Intervention Approach](#) K. Butler,2011-05-25 A Critical Humanitarian Intervention Approach explores ways of reconceptualising security in terms of Ken Booth s Theory of World Security This approach focusing on human development more broadly can improve upon the theoretical and practical limitations of solidarist theories on the subject of humanitarian intervention **The Quality of Democracy in Eastern Europe** Andrew Roberts,2010 This book presents a positive assessment of democratic quality as it has developed in ten postcommunist countries **Genocide on the Drina River** Edina Becirevic,2014-07-29 Explores the widespread ethnic cleansing that occurred in Bosnia and Herzegovina from 1992 through 1995 war crimes and crimes against humanity committed by Serbs against Bosnian Muslims that fully meet the criteria for genocide established after World War II by the Genocide Convention of 1948 Contextualizes the East Bosnian program of atrocities with respect to broader scholarly debates about the nature of genocide Publishers website
