ve and misinformed Throughout its history to present day and beyond Canada has been and will continue to be home to

criminals and crime organizations that are brilliant at finding ways to make money a lot of money illegally Iced The Story of Organized Crime in Canada is a remarkable parallel history to the one generally accepted and taught in our schools

Organized crime has had a significant impact on the shaping of this country and the lives of its people The most violent and thuggish outlaw motorcycle gangs like Hells Angels have been raised to mythic proportions The families who owned

distilleries during Prohibition such as the Bronfmans built vast fortunes that today are vested in corporate holdings The mafia in Montreal created and controlled the largest heroin and cocaine smuggling empire in the world feeding the insatiable

appetite of our American neighbours Today gangs are laying waste the streets of Vancouver and BC bud flows into the U S as the marijuana of choice Organized crime is as old as this nation s founding with pirates ravaging the east coast even as hired

guns by colonial governments Since our nation s earliest times government and crime groups have found that collusion can have its mutual benefits Comprehensive informative and entertaining as you will discover in the remarkable period pieces

devised by the author and the illustrations commissioned specially for this book Iced is a romp across the nation and across the centuries In these pages you will meet crime groups that are at once sordid and inept yet resourceful entrepreneurs and

self proclaimed champions of the underdog who operate in full sight of their communities and the law This is the definitive book on organized crime in Canada and a unique contribution to our understanding of Canadian history *International Narcotics Trafficking* United States. Congress. Senate. Committee on Governmental Affairs. Permanent Subcommittee on Investigations,1982 *The Oxford Handbook of Global Drug History* Paul Gootenberg,2022 This landmark collection of essays by thirty five historians working on a global scale brings together the latest knowledge and perspectives about the long origins and transformations of today s illicit drugs such as cannabis heroin and cocaine *JFK: The French Connection* Peter Kross,2012-07-24 Ten months after the assassination of John F Kennedy the Warren Commission reported that Lee Harvey Oswald alone killed the president on November 22 1963 in Dallas Texas Oswald had no confederates nor did any foreign power aid him in his deadly deed Case closed However what most Americans do not know is that one day after the assassination the FBI deported a known French assassin a member of the militant anti Charles de Gaulle organization called the OAS Jean Souetre was sent to either Mexico or Canada He was involved in anti de Gaulle terrorist activities in Europe and even tried to recruit the CIA in his efforts to oust the French President During his career he used at least 11 identities including those of two real people Why was a known French assassin in Dallas on the exact day that the president of the United States was killed and what role if any did he play in the monstrous deed This book delves into three major areas of study 1 the investigation of Jean Souetre and the two other men whose identities he used 2 the investigation of the identities of two European assassins QJ WIN and WI ROUGE and their use in the CIA s assassination unit called ZR RIFLE Executive Action and 3 the role of the CIA in the drug trade after World War II Chapters include The First Assassin The Mafia and Uncle Sam The Heroin Trail MKULTRA QJ WIN and Patrice Lumumba The US Senate Select Committee on Intelligence Assassination Reports The CIA and Lumumba Who Was Souetre Who Was Mertz The Steve Rivele Investigation The Guns of Dallas more **Bolivia's Border System** José Blanes Jiménez,2023-04-14 This volume demonstrates how Bolivia is part of a regional border system and intends to contribute to public policies related to violence and distortions stemming from global illegal markets specifically for vulnerable populations The book offers a multinational investigation on the changing and unknown image of the relationship systems that surround countries and in particular the structuring and functions of their borders The chapters offer a reflection on how the lines of borders connect us to distant regions which defines the real scope of the borders of globalization while also impacting trade labor flows and organized crime The book reveals how Bolivia has advanced from an image of borders built through territorial disputes with neighbors to today s conception of them In doing so it argues that underlying tensions have developed between the local and the global namely Bolivia inserting itself into the global system of illegal markets thereby generating critical scenarios for various social groups Bolivia s Border System comprises the first research into Bolivia s border subsystem and illegal markets It will be a vital resource for researchers of Bolivia and Bolivian history international relations security studies border studies and contemporary Latin America
