**Time In** Tim Filewod, 2013-03-01 What are you like Would you take a risk When Toby is invited to travel through time one day he accepts without thinking He wants to find his father Suddenly he finds himself in the future in a world with no countries that is controlled by huge multinational companies and policed by the Council and their Time Masters who need his help Toby persuades two of his best friends to join him and together they try to prevent an environmental disaster happening by travelling back in time to 1981 However a sinister organization called MORSC wants to stop them Will Toby be able to complete his mission and meet his father And if he ever finds his dad what will he be like Follow Toby Archie and Noor on a rollercoaster story of good versus evil which will take readers back to 1940 s London during the Blitz and forward into the future The future is filled with animals that can understand and work with humans powerful walking and flying Mechtechs hover cars sky cycles VDUTs and of course 4D squash Can the children escape the MORSC disruptor agents complete their mission and still get back to present day Earth all without suffering from the time bends Time In is a gripping work of sci fi

fantasy that will appeal to children aged 9 12 The book which is comparable to Alex Scarrow s Time Riders has been inspired by Philip Reeve s Mortal Engines      Between South and North: Travelogue02 K.K. Pierscieniak,2013-12-13 After a not so brief absence from South America I returned and picked up exactly where I had left off exactly where I d begun originally in smoggy Lima Only this second time I angled north for the equator The north of Peru is strikingly different from the south and yet again like once before I struck up the most interesting acquaintanceships in a Plaza de Armas Ecuador came next there I discovered the whole continent in miniature but nothing except tourist gimmicks to delay me I crossed the next border with rare trepidation because the land of coffee cartels and cocaine Colombia was enjoying such an unsavory reputation But it proved one of the most extraordinary countries that I ve ever set foot in My heart had never felt so heavy as when I took the first step into Venezuela There I could have lingered longer visited more places but a strike paralyzed the cities and it had seemed prudent to leave while I could Panama getting in was a lot more exciting than being in Nicaragua tiny islands half lost far off at sea Honduras good roads and donuts El Salvador a tragic country whose people have suffered through everything yet refuse to give in to despair Guatemala everybody s favorite corner of Latin America Antigua Chichicastenango and El Mirador Big Mama on Caye Culker Belize Mexico too many kilometers on too many buses in too few days Travelogue02 swings through every country south of the Rio Grande eighteen in all except the Guianas The author is nobody special he s just of a new breed of travel writers And his Travelogues are for a new breed of readers normal contemporary sorts of people like and my neighbor Tom feeding their curiosity for curiosity s sake taking armchair voyages through countries that until a few years ago were virtually unknown to the outside world While bookshop shelves tend to sag under the weight of stories about places not journeys the latter are far more fascinating Few books today capture the essence of what it is like to travel Having established himself with the original bold what s it really like Out There anthology the author does exactly that Each Travelogue offers its reader more than the old tired travel diary Just like each one of the author s trips turned out most unusual these books too are out of the ordinary They re collections of short stories each capturing a particular moment some are funny some emotional some suspenseful some downright silly and each one is very different from every other They are snapshots of people and places and adventures that had been recorded in words rather than by multicolored pixels of a digital point and shoot What makes them unreal is that all these stories are 100% true Seriously you couldn t make this stuff up even if you wanted to None of it is this normal cut and dry stuff Every story offers a fresh insight a totally different perspective On the beaten path and off of it against the backdrop of the exotic anything can happen and it usually does More often than not these stories are set in villages kilometers apart but there s never telling what might happen next The author doesn t care where the journey might take him it s all about the experience of being Out There He s simply following his passion for discovering and exploring For Travelogues readers the books are a jaunt into the unknown It s the journey and not the destination that matters      **Authorized Biography of Jesus, Mary, Joseph and**
