There's just too much content being posted. So Facebook has implemented some changes that make it so that only a small fraction of a page's users ever see each post. In this guide, you're going to learn how to create ads that will get both paid and organic reach as well as how to get the most bang for your buck by learning how to create widely successful ads at the lowest prices possible. You will also learn the best ways to target the right audience for maximum profitability, how to keep your costs down, and how to use retargeting to pull in potential lost sales. Topics covered: Getting Started, Guided Creation, Ad Types, Targeting on Facebook, Finding Targets, Tips and Tricks.
