Green, 2019-07-11 This research guide is intended primarily for two groups of specialists The first consists of Sovietologists interested in acquiring a more complete knowledge of Soviet strategic and military policy The second includes strategic analysts interested in expanding their expertise to cover Soviet strategy and thinking However it was assembled so as to be useful as well for non specialists interested in investigating Soviet nuclear weapons policy **The Soviet Union** United States. Air Force, 1985 **Latin America And The U.s. National Interest** Margaret Daly Hayes, 2019-03-04 Arguing for a new and sober look at the nature of U S Latin American relations Dr Hayes addresses the question Does the United States have compelling national interests in maintaining close relations with Latin American countries Her conclusion is yes but for reasons different from those offered in the traditional literature or espoused by many policy analysts She maintains that U S interests in relations with Latin America are primarily political secondarily economic though economic ties are the basis of the relationship and only marginally military Proper emphasis on these long term interests may be critical to U S national security in a global as well as regional context Dr Hayes points out that the Latin American countries occupying a unique position among developing nations today because of their comparatively successful experiences in achieving economic growth and development represent an increasingly important political influence in both the developed and developing worlds Moreover she argues it is in the U S interest to give economic aid to the less developed countries in the hemisphere particularly in the Caribbean Basin U S security is better preserved and enhanced by encouraging political and economic stability in the region than by promoting military alliances that Latin Americans may not really want Supporting the need for a revised rationale for U S Latin American relations Dr Hayes focuses in detail on the regions and nations of special interest to the United States today the Caribbean Basin Mexico in a chapter by Professor Bruce M Bagley Brazil and the Southern Cone **Maritime Strategy And The Balance Of Power** John B Hattendorf, Robert S Jordand, 1989-10-24 A collection of essays on British and American maritime relationships in the 20th century together with details on the British organization of warfare Anglo American maritime theory their rivalries and coalitions and their plans for dealing with a future war in the nuclear age
