Soviet Russia Masters The Comintern International Communism In The Era Of Stalins Ascendancy

Bryan D. Palmer

Soviet Russia Masters The Comintern International Communism In The Era Of Stalins Ascendancy:

Soviet Russia Masters the Comintern Helmut Gruber, 1974 International Communism and the Communist International, 1919-43 Tim Rees, Andrew Thorpe, 1998 The Communist International was formed in Moscow in 1919 as a factory of world revolution but was dissolved in 1943 without having led a single successful working class uprising This book offers a reappraisal of the body The Comintern Jeremy Agnew, Kevin McDermott, 1996-10-25 This accessible text provides a comprehensive narrative and interpretative account of the entire history of the Communist International 1919 1943 By incorporating the most recent Western and Soviet research the authors explain the legendary complexities of Comintern history and chart its degeneration from a revolutionary internationalist organisation into an obedient instrument of Soviet foreign policy Key themes include continuities and discontinuities between the Leninist and Stalinist phases Bolshevisation versus national traditions and the role of leading individuals in the Comintern apparatus A selection of documents will elucidate these central themes **The Communist International and US Communism, 1919-1929** Jacob Zumoff, 2014-08-21 Since the Cold War most historians have set up an opposition between the American and international aspects of early American Communism This book examines the development of the Communist Party in its first decade from 1919 to 1929 Using the archives of the Communist International this book in contrast to previous studies argues that the International played an important role in the early part of this decade in forcing the party to Americanise Special attention is given to the attempts by the Comintern to orient American Communists on the role of black oppression and to see the struggle for black liberation and the fight for socialism as inextricably linked The later sections of the book provide the most detailed account now available of how the Comintern reflecting the Stalinisation of the Soviet Union intervened in the American party to ensure the Stalinisation of American Communism Lenin's Comintern Revisited John Riddell, 2025-10-30 The Communist International or Comintern was launched in 1919 to promote worldwide extension of the 1917 workers and peasants revolution in Russia During the Comintern's first years under the leadership of V I Lenin it proposed and tested strategic and tactical concepts that retain their value and continue to be studied While the Communist International was soon to be deformed and destroyed by the rise of bureaucracy and authoritarianism associated with Stalinism its perspective on the fight for international revolutionary change still presents a compelling vision and is an inspiring example for millions throughout the world The Communist International, Anti-Imperialism and Racial Equality in British Dominions Oleksa Drachewych, 2018-12-07 This book analyzes the stance of international communism towards nationality anti colonialism and racial equality as defined by the Communist International Comintern during the interwar period Central to the volume is a comparative analysis of the communist parties of three British dominions South Africa Canada and Australia demonstrating how each party attempted to follow Moscow's lead and how each party produced its own attempts to deal with these issues locally while considering the limits of their own agency within the movement at large **Internationalism in the Labour**

Movement 1830-1940 Holthoon, Marcel van der Linden, 2025-02-10 **Bibliography of the Communist International (1919-1979)** Vilem Kahan, 2023-08-14

Until now the Communist movement has been studied more from the national perspective than the international. This scholarly tradition seems to be at odds with the organisational interconnection even subjugation of the national communist parties sections to the Communist International or Comintern 1919 1943 but it is understandable from the point of view of the historian who has only national sources at his disposal newspapers brochures interviews. Nowadays the tendency is for the international component of the Communist movement to participate in research. The archives of the Comintern are gradually being released by the Soviet Union and an enormous number of official publications is emerging and being made available in libraries by reprints. Here Vil m Kahan s bibliography is an indispensable tool in listing nearly all reference works and publications by and on the Comintern and in giving a list of aliases of speakers on Comintern meetings and an overview of all agendas of the meetings. These lists are based on research in 14 specialised Western libraries and on the knowledge of a dozen European languages. The second volume will deal with the front organisations a third and last volume with the national sections.

James P. Cannon and the Origins of the American Revolutionary Left, 1890-1928 Bryan D. Palmer, 2010-10-01

Bryan D Palmer s award winning study of James P Cannon s early years 1890 1928 details how the life of a Wobbly hobo agitator gave way to leadership in the emerging communist underground of the 1919 era. This historical drama unfolds alongside the life experiences of a native son of United States radicalism the narrative moving from Rosedale Kansas to Chicago New York and Moscow. Written with panache Palmer s richly detailed book situates American communism s formative decade of the 1920s in the dynamics of a specific political and economic context. Our understanding of the indigenous currents of the American revolutionary left is widened just as appreciation of the complex nature of its interaction with international forces is deepened.

Marx, Lenin, and the Revolutionary Experience Paul LeBlanc, 2014-06-03
