Soviet Union Volume 7:

Soviet Union Theodore E. Kyriak,1963 The Nuremberg Trials (Volume 7) International Military Tribunal,2022-11-13

The Nuremberg Trials Volume 7 serves as a pivotal installment in the comprehensive documentation of the historic proceedings that sought justice for the atrocities committed during World War II This volume meticulously captures the testimonies evidence and verdicts pertaining to war crimes and crimes against humanity revealing the complexities of international law and moral accountability The literary style is both formal and archival reflecting the purpose of providing a record that withstands the test of time while its context is underscored by the urgent need to address the impunity of Nazi perpetrators setting a precedent for future international courts The International Military Tribunal was formed by the Allied powers in the aftermath of the war and its proceedings have profoundly influenced global legal standards With a multidisciplinary team of judges and prosecutors the Tribunal not only aimed for retribution but also sought to establish a historical record that highlights the human capacity for brutality and resilience The meticulous nature of these trials arose from a collective responsibility to ensure such crimes would never go unpunished again reflecting the moral imperative felt by its architects This volume is an essential resource for scholars historians and legal practitioners offering an unparalleled insight into one of humanity s most significant reckonings with its darkest chapters Readers will find that the testimonies and legal arguments presented here resonate with contemporary discussions on justice and human rights making it an invaluable addition to any library focused on international law and humanitarian issues Islamic Peoples Of The Soviet Union Shirin Akiner,2013-09-05 First published in 1987 The aim of this historical and statistical handbook is to answer three basic questions about the Islamic peoples of the USSR who they are where they are and how many of them there are It is convenient to speak of them as Soviet Muslims grouping them all together under a single collective heading but they are in fact quite disparate For this reason it was decided to treat each ethnic group individually here **The Role of the Soviet Union in the Second World War** Boris Sokolov,2013-04-24 This book investigates several controversial issues regarding the role of the Soviet Union and the performance of the Soviet government and Red Army to which the author provides some provocative answers The primary question explored by the author however regards the effectiveness of both the Red Army and of the Soviet military economy Dr Sokolov argues that the chief defect of the Soviet military economy was the disproportionate emphasis on the production of tanks and aircraft at the expense of transportation means and the means of command and control This leads the author to look at the role of Lend Lease during the war Through the delivery of radio sets trucks jeeps locomotives fuel explosives and so on the author concludes that Lend Lease was critical to the Red Army and that the Soviet Union would not have been able to wage a long war against Germany without the Lend Lease supplies a conclusion that defies decades of Soviet claims to the contrary Finally the author looks at the still very controversial and hot topic of Red Army losses in the war which was taboo for decades arguing that this is an effective measure of the Red Army s

military performance He and other scholars have estimated that the Red Army's losses were on the scale of 27 million three times larger than the official estimates and approximately 10 times greater than the German losses on the Eastern Front He argues that such horrendous casualties and such an unfavorable ratio for the Red Army were the result of the relatively low value placed on human life in both the Russian Empire and the Soviet Union and the much more destructive nature of the Soviet totalitarian regime as compared with the Third Reich which cowed the Soviet generals and officers into total subservience Due to the elimination of all political opposition and the total control over people's lives soldiers and civilians could not protest against the crude tactics that resulted in such a very high rate of losses Dr Boris Sokolov is a prolific author and a member of the Russian branch of PEN International which celebrates literature and promotes freedom of expression In 2008 Dr Sokolov was forced to resign as Professor of Social Anthropology from his post at the Russian State Social University in Moscow at the demand of President Medvedev's administration after publishing an article about the 2008 Russian Georgian War The author of 69 books as of 2012 his work has focused on the history of the Second World War and has also written biographies of such prominent military and political leaders as Bulgakov Stalin Molotov Beria Tukhachevsky Rokossovsky and Zhukov In addition he has written numerous articles on history philology political science and economics A prominent specialist in the problems of military losses military economy and strategy he has given lectures in Russia Estonia Latvia and Denmark and his books and articles have been translated into numerous languages He currently resides in Moscow and is working on a biography of Marshal Rodion Malinovsky Stuart Britton is a freelance translator and editor residing in Cedar Rapids Iowa He has been responsible for making a growing number of Russian titles available to readers of the English language consisting primarily of memoirs by Red Army veterans and recent historical research concerning the Eastern Front of the Second World War and Soviet air operations in the Korean War Notable recent titles include Valeriy Zamulin's award winning *Demolishing the Myth: The Tank Battle at Prokhorovka, Kursk, July 1943: An Operational Narrative* Helion 2011 Boris Gorbachevsky's *Through the Maelstrom: A Red Army Soldier's War on the Eastern Front 1942-45* University Press of Kansas 2008 and Yuri Sutiagin's and Igor Seidov's *MiG Menace Over Korea: The Story of Soviet Fighter Ace Nikolai Sutiagin* Pen Sword Aviation 2009 Future books will include Svetlana Gerasimova's analysis of the prolonged and savage fighting against Army Group Center in 1942-43 to liberate the city of Rzhev and more of Igor Seidov's studies of the Soviet side of the air war in Korea 1951-1953

The Marcus Garvey and Universal Negro Improvement Association Papers, Vol. VII Marcus Garvey, 1983 Africa for the Africans was the name given in Africa to the extraordinary black social protest movement led by Jamaican Marcus Mosiah Garvey 1887-1940 Volumes I-VII of the Marcus Garvey and Universal Negro Improvement Association Papers chronicled the Garvey movement that flourished in the United States during the 1920s Now the long awaited African volumes of this edition Volumes VIII and IX and a forthcoming Volume X demonstrate clearly the central role Africans played in the development of the Garvey phenomenon The African volumes provide the first

authoritative account of how Africans transformed Garveyism from an external stimulus into an African social movement. They also represent the most extensive collection of documents ever gathered on the early African nationalism of the interwar period. Here is a detailed chronicle of the spread of Garvey's call for African redemption throughout Africa and the repressive colonial responses it engendered. Volume VIII begins in 1917 with the little known story of the Pan African commercial schemes that preceded Garveyism and charts the early African reactions to the UNIA. Volume IX continues the story documenting the establishment of UNIA chapters throughout Africa and presenting new evidence linking Garveyism and nascent Namibian nationalism.
