Soviet Federalism Vol 18 A Comparative Perspective:

The Demise of Marxism-Leninism in Russia A. Brown, 2004-08-31 In *The Demise of Marxism Leninism in Russia* distinguished specialists chart the rise of new thinking on the Soviet system and the decline and fall of Marxism Leninism in the late Soviet period They also discuss the failure of Marxism Leninism to make a comeback in post Soviet Russia This book makes a significant contribution to understanding the independent importance of ideas in politics and provides clear analyses of the rise of liberal and social democratic thought about the political system the economy international Communism nationalism and federalism

Perestroika and the Party Francesco Di Palma, 2019-08-01 Countless studies have assessed the dramatic reforms of Mikhail Gorbachev but their analysis of the impact on European communism has focused overwhelmingly on the Soviet Union and Eastern bloc nations This ambitious collection takes a much broader view reconstructing and evaluating the historical trajectories of glasnost and perestroika on both sides of the Iron Curtain Moving beyond domestic politics and foreign relations narrowly defined the research gathered here constitutes a transnational survey of these reforms collective impact showing how they were variably received and implemented and how they shaped the prospects for proletarian internationalism in diverse political contexts

Ethnicity and Conflict in a Post-Communist World Peter King, Kumar Rupesinghe, Olga Vorkunova, 2016-07-27 The post Communist world has seen a dramatic revival of ethnicity and nationalism The volume explores the contemporary sources scope and intensity of nationality conflicts in the context of a disintegrating Soviet Empire The authors address themselves to the resurgence of ethnicity and nationalism within the former Soviet imperium Yugoslavia Hungary Bulgaria and China and examine the consequences of perestroika and glasnost Central issues involve identity formation the nature and implications of ethnic and internal conflicts and possible paths toward resolution

The New Russia Ian Jeffries, 2013-12-19 The rapid changes in Russia since the collapse of the Soviet Union are often bewildering with many frequent highly significant changes in the different sectors of the economy and the political system There have been frequent changes of personnel in government and economic management and many changes have been reversed and sometimes forgotten or at other times reinstated What happened when Who was responsible for what Did such a change in one sector precede or follow a particular change elsewhere These are points not easily remembered This book provides full details of the many changes and enables sense to be made of what would otherwise be a confusing situation Developments are arranged chronologically by sector and the book is unusual in extensively chronicling both economic and political developments and the crucial connections between them There is a generous introduction and overview to help the reader find his or her way around The material covers the period up to late autumn 2000 and thus offers a valuable guide to policies in the Putin era

Multinational Federalism in Bosnia and Herzegovina Soeren Keil, 2016-04-15 In 1995 none of the political parties representing the peoples of Bosnia preferred a federal option Yet Bosnia became a federal state highly decentralised and with a complex institutional architecture This

solution was imposed on them by international actors as a result of peace negotiations following the Yugoslav wars. Political parties in post-war Bosnia were not willing to identify with or accept the federation. The international community intervened, taking over key decisions and so Bosnia and Herzegovina became the first state to experience a new model of federalism, namely imposed federalism and a new model of a federal state that of the internationally administered federation. By combining comparative politics, conflict analysis and international relations theory, Soeren Keil offers a unique analysis of federalism in post-Dayton Bosnia and Herzegovina. By exploring this model of imposed federalism, not only does this study greatly contribute to the literature on developments in Bosnia and Herzegovina, it also re-evaluates comparative federalism in theory and practice. This study also offers important conclusions for similar cases both in the Western Balkans region and the wider world where international involvement and federalism as a method of conflict resolution in diverse societies becomes ever more prevalent and important.

Rethinking the International Conflict in Communist and Post-communist States Reneo Lukic, 2018-12-20. First published in 1998, the essays in this book cover a wide range of subjects related to Soviet Russian politics and to political developments in Southeastern Europe since 1989. The first three chapters focus on Soviet Russian foreign and domestic policy before and after the end of the Cold War. The next three chapters concentrate on the disintegration of Yugoslavia and its aftermath. The final chapter covers political developments in the Federal Republic of Yugoslavia up to the present day. The contributors to this book were all former students of Professor Miklós Molnár and they are all now prominent researchers in the field of international relations.

Democracy, Ethnic Diversity, and Security in Post-Communist Europe Anita I. Singh, 2001-06-30. Inder Singh examines why international organizations including the UN, OSCE and Council of Europe advocated democratic governance based on the rule of law and respect for human and minority rights as the method by which states should try to accommodate their ethnically mixed populations. She discusses how realistic this advice has been given the tension between the principle of the sovereignty of states and their international obligations and the extent to which democratization had made for ethnic and political stability in post-communist Europe. Inder Singh demonstrates that this advocacy of democracy to handle ethnic diversity questions the perception of nationalism as a cause of war and disorder. This pathbreaking study will be of appeal to academics and policy makers interested in how the management of ethnic diversity through democracy can enhance domestic and international security.

Federalism and democratisation in Russia Cameron Ross, 2013-07-19. This electronic version has been made available under a Creative Commons BY-NC-ND open access license. Building on earlier work, this text combines theoretical perspectives with empirical work to provide a comparative analysis of the electoral systems, party systems and governmental systems in the ethnic republics and regions of Russia. It also assesses the impact of these different institutional arrangements on democratization and federalism, moving the focus of research from the national level to the vitally important processes of institution building and democratization at the local level and to the study of federalism in Russia. *Russian Dilemma, the*

Ethnic Aftermath Padma Lochan Dash, 1994 Contributed papers **Between Dictatorship and Democracy** Michael McFaul, Nikolay Petrov, Andrei Ryabov, 2010-04 For hundreds of years dictators have ruled Russia Do they still In the late 1980s Soviet President Mikhail Gorbachev launched a series of political reforms that eventually allowed for competitive elections the emergence of an independent press the formation of political parties and the sprouting of civil society After the collapse of the Soviet Union in 1991 these proto democratic institutions endured in an independent Russia But did the processes unleashed by Gorbachev and continued under Russian President Boris Yeltsin lead eventually to liberal democracy in Russia If not what kind of political regime did take hold in post Soviet Russia And how has Vladimir Putin s rise to power influenced the course of democratic consolidation or the lack thereof *Between Dictatorship and Democracy* seeks to give a comprehensive answer to these fundamental questions about the nature of Russian politics
