Cohen, 2020-06-23 This study analyzes how public bereavement became cemented into the broad geography of Russian culture with the appearance of experiential and local memorials in the 1960s after a half century of instability contestation and absence The author shows how monument builders responded to a need from the population to share an accessible war experience apart from the exclusive Bolshevik memorial culture He argues that this development of war commemoration has amplified the role of war hero memorialization as an anchor of public stability and social solidarity in Putin's Russia where there is little consensus about the past present or future Oregon Studies in Chinese and Russian Culture Albert Leong, 1990 Oregon Studies in Chinese and Russian Culture is a unique collection of original essays and articles in English on Chinese and Russian language literature art philosophy and culture that were presented at the Summer 1986 Intensive Workshop for gifted teachers of Chinese and Russian sponsored by the U S Department of Education at the University of Oregon Participants in the workshop and contributors to this collective monograph include distinguished scholars writers philosophers and artists such as Yue Daiyun Ilya Serman Yeh Chia Ying Ernst Neizvestny Tang Yijie Ruth Zernova and Samuel Cheung
