Stars On Fire Sky Gold, 2023-02-26 Praise for Sky Gold's Stars on Fire 5 stars A scintillating gem of an escape A mesmerising and enchanting novel that seamlessly blends romance fantasy and science fiction The electric tension between the strong and resolute heroine and the seductive anti hero is so alluring A soaring sci fi romance that takes to the stars and is pure escapism with a fantastic happy ever after conclusion I loved it and I can't wait to read the rest of the series Kainan is a lethal wraith like warrior who lives in the twilight he's the hidden inferno amongst the stars He has spent decades waiting to exact revenge on his enemies who imprisoned him tortured and experimented with his body and mind Selene leads a planet's rebellion and when she reaches out to Kainan to help stop a war he leaps on her cause as a chance to end his nemesis forever However he finds that she is driven smart and unrelenting with an allure that forces him from the shadows She confounds him even as she fights the temptation glinting in his sapphire wildfire eyes War is stirring in the skies and stars above Eden II Between empires in ascension and realms in decline Kainan and Selene find themselves caught up in the maelstrom Together they'll light the stars on fire even as darkness beyond their control seeks to turn their destiny and their forever to ashes Packed with intrigue steamy heat fast moving action and happy ever after paranormal romance Stars on Fire is the rip roaring spearhead of The Sable Riders series an exotic and interstellar affair boasting decadent descriptive language patient storytelling and immersive world building The International Review of Books *Space Nymph* Dustin Lasser, 1978

The Double Screen Wu Hung, 1996-11-22 This book contemplates a large problem what is a traditional Chinese painting Wu Hung answers this question through a comprehensive analysis of the screen a major format and a popular pictorial motif in traditional China With a broad array of examples ranging from the early centuries C E to the 1800s he explores the screen's position in art as an important site for artistic imagination as an illusionary representation on a flat surface and as an architectural device defining cultural conventions A screen occupies a space and divides it supplies an ideal surface for painting and has been a favourite pictorial image in Chinese art since antiquity With its diverse roles the screen has provided Chinese painters with endless opportunities to reinvent their art The author argues that any understanding of Chinese painting must include discussion of its material forms as well as its intimate connection with cultural context and convention Thus The Double Screen offers a powerful non western perspective on diverse artistic and cultural genres from portraiture and pictorial narrative to voyeurism and masquerade and will be invaluable to anyone interested in the history of art and Asian studies as well as to students and specialists in the field
