Space Traders Unlimited Julia Riding, 1988 Eking out a desperate existence as a renegade with the other Portkids who hide in the old tunnels under a spaceport on Mars the teenager known as Streak stumbles on clues to the sabotage plaguing the entire solar system

Reading Programs for Young Adults Martha Seif Simpson, 2015-11-16 School and public libraries often provide programs and activities for children in preschool through the sixth grade but there is little available to young adults For them libraries become a place for work the place to research an assignment or find a book for a report but the thought of the library as a place for enjoyment is lost So how do librarians recapture the interest of teenagers This just might be the answer Here you will find theme based units such as Cartoon Cavalcade Log On at the Library Go in Style Cruising the Mall Space Shots Teens on TV and 44 others that are designed for young adults Each includes a display idea suggestions for local sponsorship of prizes a program game to encourage participation 10 theme related activities curriculum tie in activities sample questions for use in trivia games or scavenger hunts ideas for activity sheets a bibliography of related works and a list of theme related films The units are highly flexible allowing any public or school library to adapt them to their particular needs

Pictoria Gillian Andrews, Six Diva and Grace are back laughing together in the sun on Xiantha Grace seems to have come to terms with the wounds from her fall and Diva still blissfully unaware of what a recipe for disaster it might be is determined to take Six to Coriolis Then Ledin arrives for a visit and the magnificent black canth linked to the orthogel entity is discovered to be desperately ill But Arcan is well so how can that be possible And why are the other canths excited instead of worried The answers can only be found on Pictoria but once there they find the visitor missing pulled across the galaxy by the force of the Dessite minds To rescue him will mean risking their own lives on the Dessite homeworld But have the Dessites already learned enough to conquer Pictoria and the binary system

Racism and Resistance Timothy Joseph Golden, 2022-11-01 African American legal theorist Derrick Bell argued that American anti Black racism is permanent but that we are nevertheless morally obligated to resist it Bell an extraordinary legal scholar activist and public intellectual whose academic and political work included his employment as a young attorney with the NAACP and his pivotal role in the founding of Critical Race Theory in the 1970s work he pursued until he died in 2011 termed this thesis racial realism *Racism and Resistance* is a collection of essays that present a multidisciplinary study of Bell's thesis Scholars in philosophy law theology and rhetoric employ various methods to present original interpretations of Bell's racial realism including critical reflections on racial realism's relationship to theories of adjudication in jurisprudence its use of fiction in relation to law literature and politics its under examined relationship to theology its application in interpersonal relationships and its place in the overall evolution of Bell's thought

Racism and Resistance thus presents novel interpretations of Bell's racial realism and enhances the literature on Critical Race Theory accordingly Black Apocalypse Tavia Nyong'o, 2025-02-04 Juxtaposing the world building of afrofuturism and the world negating of afropessimism to show how both movements have offered us critical resources of hope Science fiction imagines aliens and global crises as world unifying events both a threat and promise for the future Black Apocalypse is an introduction to the past and present of black engagement with speculative futures From Octavia Butler to W E B Du Bois to Sun Ra Tavia Nyong'o shows that the end of the world is crucial to afrofuturism and reframes the binary of afropessimism and afrofuturism to explore their similarities Interweaving black trans queer and feminist theories Nyong'o examines the social technological and existential threats facing our species and reflects on shifting anxieties and hopes for the future Exploring the apocalypse in movies art literature and music this book considers the endless afterlives of slavery and inequality and revives the radical black imagination to envision the future of blackness Black Apocalypse argues that black aesthetics take us to the edge of this world and into the next Speaking the Lower Frequencies Walter R. Jacobs, 2012-02-01 Speaking the Lower Frequencies demonstrates how students can be critical consumers of media while retaining the pleasure they derive from it In Walter R Jacobs's classes on media and society students use the instructor's experiences as a model for investigating their own histories By creating new social contexts and meanings the students learn to speak the lower frequencies Jacobs looks at the students reception and critique of pop culture texts like the movie I Like It Like That and the television show The X Files to provide evidence for the effects of alternative pedagogy on critical literacy He shows that when students are encouraged to be more than just passive receptors of the media they learn to develop active critical voices that they use both inside and outside the classroom Jacobs also explains how students can become more aware and active in attempts to create democratic possibilities for themselves and others Olderr's Young Adult Fiction Index, 1989 **Thinking Television** Anandam P. Kavoori, 2008 Thinking Television tells the story of an innovative media literacy project focused on the creation of media programming that makes money and makes a difference Woven around critiques of student produced concepts for television that thinks this book offers new directions for critical media literacy popular culture studies and the interdisciplinary concerns of cultural studies Whiteness in Academia John Preston, 2014-09-26 Even in those areas of academia which one would consider to be most resistant to white domination such as critical race theory and multicultural education both covert and overt racial oppression are apparent What is the role of white academics in these fields in creating racial oppression Is there any escape from white supremacy and do white academics have any role in resisting it or are they always complicit In this book fictional tropes are used to consider the role of whiteness in academia and in wider struggles against racial oppression The volume consists of several counter stories each one of which critiques an aspect of whiteness and uses themes from genres such as science fiction detective fiction and fan fiction to explore power and the contradictions associated with it Whiteness in Academia will be useful for those

researching race debating the role of academics in social change and examining research methods in education Of particular interest to academics researchers and activists the volume provides a text which opens up new ways of thinking about both their positionality and politics
