Roller,2018-01-11 Strabo s Geography completed in the early first century AD is the primary source for the history of Greek geography This Guide provides the first English analysis of and commentary on this long and difficult text and serves as a companion to the author s The Geography of Strabo the first English translation of the work in many years It thoroughly analyzes each of the seventeen books and provides perhaps the most thorough bibliography as yet created for Strabo s work Careful attention is paid to the historical and cultural data the thousands of toponyms and the many lost historical sources that are preserved only in the Geography This volume guides readers through the challenges and complexities of the text allowing an enhanced understanding of the numerous topics that Strabo covers from the travels of Alexander and the history of the Mediterranean to science religion and cult Visigothic Spain 409 - 711 Roger Collins,2008-04-15 This history of Spain in the period between the end of Roman rule and the time of the Arab conquest challenges many traditional assumptions about the history of this period Presents original theories about how the Visigothic kingdom was governed about law in the kingdom about the Arab conquest and about the rise of Spain as an intellectual force Takes account of new documentary evidence the latest archaeological findings and the controversies that these have generated Combines chronological and thematic approaches to the period A historiographical introduction looks at the current state of research on the history and archaeology of the Visigothic kingdom *Muslim Spain Reconsidered* Richard Hitchcock,2014-02-18 This introduction to Muslim Spain covers the period from 711 to1502 giving readers a substantial
