Spanish Inquisition A Historical Revision:

The Spanish Inquisition Henry Kamen, 2014-05-27 In this completely updated edition of Henry Kamen's classic survey of the Spanish Inquisition the author incorporates the latest research in multiple languages to offer a new and thought provoking view of this fascinating period Kamen sets the notorious Christian tribunal into the broader context of Islamic and Jewish culture in the Mediterranean reassesses its consequences for Jewish culture measures its impact on Spain's intellectual life and firmly rebuts a variety of myths and exaggerations that have distorted understandings of the Inquisition He concludes with disturbing reflections on the impact of state security organizations in our own time **The Spanish Inquisition** Henry Kamen, 1998-01-01 Thirty five years ago Kamen wrote a study of the Inquisition that received high praise This present work based on over 30 years of new research is not simply a complete revision of the earlier book Innovative in its presentation point of view information and themes it will revolutionize further study in the field **The Spanish Inquisition** Henry Kamen, 1965 *The Spanish Inquisition* Henry Kamen, 1976 Henry Kamen reassesses the significance and consequences of the expulsion of the Jews and also argues that there is little evidence for the alleged Jewishness of the conversos who were the Inquisition's first victims He presents a major revision of the impact of blood purity prejudices on Spanish society revises the figures given for execution of heretics by the tribunal and examines the amount of Spanish persecution in the context of executions in neighboring countries He gives a completely new picture of the infamous censorship system showing it to be much less effective than is often presented and he investigates the role played by foreign propaganda in the creation of the diabolic image of the Inquisition Kamen reconstructs the atmosphere of fear and oppression that typified the period relating it to the fear generated by community tensions He also demonstrates for the first time that the famous auto da fe was not a product of traditional Spanish piety but a deliberate tool of the inquisitors invented in the sixteenth century in order to boost their political standing **The Mirror of Spain, 1500-1700** J. N. Hillgarth, 2000 Spanish national character imposed and exposed **The Spanish Inquisition** Kamen, 1971-11-01 **Acquittals in the Spanish Inquisition** Gunnar W. Knutsen, 2024-10-28 The Spanish Inquisition has become such a byword for injustice that many forget it was also a judicial system capable of acquittal This study of more than 67 000 trials uncovers over 2 500 formal acquittals more than 6 600 suspended trials and nearly 2 100 with unknown or no recorded outcomes The inquisitors were jurists who frequently held other judgeships before and after their tenure and used the same evidentiary rules as other Spanish courts If every acquittal may be taken as an admission of error the Spanish Inquisition admitted its errors thousands of times occasionally even putting them on public display at the autos de fe An acquittal can also be taken as a sign that the inquisitors did not wish to punish the innocent and that while they were quick to arrest and charge people on flimsy evidence they were too conscientious to convict them without further proof However it is also clear that the Holy Office at times did bend twist or even break the law when it suited it in order to secure a conviction This book is aimed at students scholars and

general readers seeking a nuanced understanding of the Spanish Inquisition and its workings **Heresy: The Spanish Inquisition** Gerry Boehme, 2016-12-15 The Inquisition was used by the Catholic Church to suppress heresy long before the start of the Spanish Inquisition in 1478 The Inquisition in Spain was granted to investigate Jews who had converted to Christianity but it was soon hijacked by the state and used as a bludgeon against Jewish and Muslim communities that had lived in the region for centuries This book examines the historical background behind this shameful period the consequences of the persecution of the Jews and how the Inquisition was used in the battle of public perceptions when the Reformation divided Christianity in the West Included is a timeline of the important dates in the more than three hundred years of the Inquisition **Spanish Inquisition, 1478-1614** , 2006-03-15 This collection of previously untranslated court documents testimonials and letters portrays the Spanish Inquisition in vivid detail offering fresh perspectives on such topics as the Inquisition s persecution of Jews and Muslims the role of women in Spanish religious culture the Inquisition s construction and persecution of witchcraft daily life inside an Inquisition prison and the relationship between the Inquisition and the Spanish monarchy Headnotes introduce the selections and a general introduction provides historical political and legal context A map and index are included **Comprehending Antisemitism through the Ages: A Historical Perspective** Armin Lange, Kerstin Mayerhofer, Dina Porat, Lawrence H. Schiffman, 2021-08-23 This volume traces the history of antisemitism from antiquity through contemporary manifestations of the discrimination of Jews It documents the religious sociological political and economic contexts in which antisemitism thrived and thrives and shows how such circumstances served as support and reinforcement for a curtailment of the Jews social status The volume sheds light on historical processes of discrimination and identifies them as a key factor in the contemporary and future fight against antisemitism
