Spanish Republic At War 1936 1939:

The Spanish Republic at War 1936-1939 Helen Graham, 2002-12-19 This book is a comprehensive 2002 analysis of the Spanish left during the civil war of 1936 9 The Spanish Republic and Civil War Julián Casanova, 2010-07-29 The Spanish Civil War has gone down in history for the horrific violence that it generated The climate of euphoria and hope that greeted the overthrow of the Spanish monarchy was utterly transformed just five years later by a cruel and destructive civil war Here Juli n Casanova one of Spain s leading historians offers a magisterial new account of this critical period in Spanish history He exposes the ways in which the Republic brought into the open simmering tensions between Catholics and hardline anticlericalists bosses and workers Church and State order and revolution In 1936 these conflicts tipped over into the sacas paseos and mass killings which are still passionately debated today The book also explores the decisive role of the international instability of the 1930s in the duration and outcome of the conflict Franco s victory was in the end a victory for Hitler and Mussolini and for dictatorship over democracy *Spanish Republic and the Civil War, 1931-1939* Gabriel Jackson, 2012-05-05 At the time of its occurrence the Spanish Civil War epitomized for the Western world the confrontation of democracy fascism and communism An entire generation of Englishmen and Americans felt a deeper emotional involvement in that war than in any other world event of their lifetimes including the Second World War On the Continent its lessons as interpreted by participants of many nationalities have played an important role in the politics of both Western Europe and the People s Democracies Everywhere in the Western world readers of history have noted parallels between the Spanish Republic of 1931 and the revolutionary governments which existed in France and Central Europe during the year 1848 The Austrian revolt of October 1934 reminded participants and observers alike of the Paris Commune of 1871 and even the most politically unsophisticated observers could see in the Spain of 1936 all the ideological and class conflicts which had characterized revolutionary France of 1789 and revolutionary Russia of 1917 It is not surprising therefore that the worthwhile books on the Spanish Civil War have almost all emphasized its international ramifications and have discussed its political crises entirely in the vocabulary of the French and Russian revolutions Relatively few of the foreign participants realized that the Civil War had arisen out of specifically Spanish circumstances Few of them knew the history of the Second Spanish Republic which for five years prior to the war had been grappling with the problems of what we now call an underdeveloped nation In *Spanish Republic and the Civil War* Gabriel Jackson expounds the history of the Second Republic and the Civil War primarily as seen from within Spain A Short History of the Spanish Civil War Julián Casanova, 2021-09-23 In this revised edition of *A Short History of the Spanish Civil War* Juli n Casanova tells the gripping story of the Spanish Civil War Written in elegant and accessible prose the book charts the most significant events and battles alongside the main players in the tragedy Casanova provides answers to some of the pressing questions such as the roots and extent of anticlerical violence that have been asked in the 70 years that have passed since the painful defeat of the Second

Republic Now with a revised introduction Casanova offers an overview of recent historiographical shifts not least the wielding of the conflict to political ends in certain strands of contemporary historiography towards an alarming neo Francoist revisionism It is the ideal introduction to the Spanish Civil War Anti-Colonialism and the Crises of Interwar Fascism Michael Ortiz,2023-01-12 What is fascism Is it an anomaly in the history of modern Europe Or its culmination In Anti Colonialism and the Crises of Interwar Fascism Michael Ortiz makes the case that fascism should be understood in part as an imperial phenomenon He contends that the Age of Appeasement 1935 1939 was not a titanic clash between rival socio political systems fascism and democracy but rather an imperial contest between satisfied and unsatisfied empires Historians have long debated the extent to which Western imperialisms served as ideological and intellectual precursors to European fascisms To date this scholarship has largely employed an inside out methodology that examines the imperial discourses that pushed fascist regimes outward into Africa Asia and the Americas While effective such approaches tend to ignore the ways in which these places and their inhabitants understood European fascisms Addressing this imbalance Anti Colonialism adopts an outside in approach that analyses fascist expansion from the perspective of Indian anti colonialists such as Jawaharlal Nehru Subhas Bose and Mohandas Gandhi Seen from India the crises of Interwar fascism the Second Italo Ethiopian War Spanish Civil War Second Sino Japanese War Munich Agreement and the outbreak of the Second World War were yet another eruption of imperial expansion analogous although not identical to the Scramble for Africa and the Treaty of Versailles Whether fascist democratic or imperialist Europe s great powers collectively negotiated the fate of smaller nations

networks in local amenities from sporting facilities to centers for the aged and in the public health system As a result by the start of the 20th century Spaniards had largely overcome any sense of inferiority in comparison with other major western European countries and the United States However Spain was hit by a severe economic recession between 2008 and 2011 and unemployment levels are still very high Moreover a large number of corruption cases have come to light and tensions between the central government and Catalan autonomous government have burst into open conflict Restructuring the Spanish economy ensuring probity in public life and accommodating Catalonia within the Spanish state are therefore key tasks in the decade the lies ahead This third edition of the Historical Dictionary of Spain contains a chronology an introduction appendixes and an extensive bibliography The dictionary section has more than 700 cross referenced entries on important personalities as well as aspects of the country s politics economy foreign relations religion and culture The book is an excellent resource for students researchers and anyone wanting to know more about Spain
