Sphinx And The Megaliths:

The Sphinx & the Megaliths John Ivimy,1975 This is an examination of real origins and purpose of Stone Henge which refutes the idea that it was built by Stone Age barbarians as a temple for religious rituals Amazon **The sphinx and the megaliths** John Ivimy,1976 **Sphinx and the Megaliths** John Ivimy,2000-11-20 This is an examination of real origins and purpose of Stone Henge which refutes the idea that it was built by Stone Age barbarians as a temple for religious rituals

The Crisis ,1978-06 The Crisis founded by W E B Du Bois as the official publication of the NAACP is a journal of civil rights history politics and culture and seeks to educate and challenge its readers about issues that continue to plague African Americans and other communities of color For nearly 100 years The Crisis has been the magazine of opinion and thought leaders decision makers peacemakers and justice seekers It has chronicled informed educated entertained and in many instances set the economic political and social agenda for our nation and its multi ethnic citizens Megalith Aylmer von Fleischer, On the plains of Wiltshire in England lie the remains of ancient giant stones Exactly which people built these stones remains the eternal question Just like the pyramids of Egypt its origins remain shrouded in mystery Various theories have been put forward as to the race or otherwise of these builders but still much uncertainty remains The evidence is simply overwhelming that the earliest inhabitants of Britain and Ireland were Blacks Mythological archeological linguistic and other sources have substantiated this remarkable fact Candid authorities like the British Egyptologists Gerald Massey and Albert Churchward the Scottish historian David Mac Ritchie and the British antiquarian Godfrey Higgins have done exhaustive research and brought many facts to our knowledge Tacitus Pliny Claudian and other writers have described the Blacks they encountered in the British Isles as Black as Ethiopians Cum Nigris Gentibus nimble footed blackamoors and so on This book reveals much about the Black presence in the early British Isles including the mysterious builders of Stonehenge We learn about the Black Fomorians Partholonians Nemedians Firbolgs Tuatha De Danann Black Danes Black Douglasses the giants or Cyclopes and so on We also learn about the Black serpent worshipping Druids who built serpentine monuments like those at Avebury and Carnac as well as the builders of the Round Towers of Ireland The fact remains that Blacks have played a very important role in the early history traditions religion and so on of early Britain and elsewhere than is generally known and acknowledged This is a must read book **Hermeneutics of Megaliths** Costas Maritsas,2015-09-10 Hermeneutics of Megaliths offers provocative and unique insights into the cultural interpretation of megaliths While megalithic culture has been the subject of detailed study for a number of years this book introduces a new cultural mode of interpretation that will help in gaining a greater understanding of this extremely important epoch of human history As this volume shows the necessity behind the creation of megaliths is a result of the transition from natural selection to civilization It also emphasizes the original purpose of megalithic constructions such as dolmens menhirs cromlechs and effigy mounds analysing and exploring popular existing hypotheses In addition certain megalithic structures are shown to be scenes of primordial

theatrical performances with the struggle for survival being replaced by the symbolic combat of dance This book provides the reader with details of under researched and lesser known megaliths It also explores the organic ties connecting megaliths origin their history and their contemporary existence in various sometimes rare forms The main theoretical concepts of the book are illustrated by means of well known and new material from a number of different cultures giving the reader the opportunity to view a wide range of interesting photographs from Machu Picchu Bulgaria Gobekli Tepe Stonehenge and Korea As such this book will serve as useful and fascinating reading material for anyone with an interest in the field of cultural studies *Megalithic Remains in Britain and Brittany* Alexander Thom, Archibald Stevenson Thom, 1978

Megalithic Remains in Britain and Brittany **Exploring Archaeoastronomy** Liz Henty, 2022-03-24 Archaeoastronomy and archaeology are two distinct fields of study which examine the cultural aspect of societies but from different perspectives Archaeoastronomy seeks to discover how the impact of the skyscape is materialized in culture by alignments to celestial events or sky based symbolism yet by contrast archaeology s approach examines all aspects of culture but rarely considers the sky Despite this omission archaeology is the dominant discipline while archaeoastronomy is relegated to the sidelines The reasons for archaeoastronomy s marginalized status may be found by assessing its history For such an exploration to be useful archaeoastronomy cannot just be investigated in a vacuum but must be contextualized by exploring other contemporaneous developments particularly in archaeology On the periphery of both there are various strands of esoteric thought and pseudoscientific theories which paint an alternative view of monumental remains and these also play a part in the background The discipline of archaeology has had an unbroken lineage from the late 19th century to the present On the other hand archaeoastronomy has not been consistently titled having adopted various different names such as alignment studies orientation theory astro archaeology megalithic science archaeotopography archaeoastronomy and cultural astronomy names which depict variants of its methods and theory sometimes in tandem with those of archaeology and sometimes in opposition Similarly its academic status has always been unclear so to bring it closer to archaeology there was a proposal in 2015 to integrate archaeoastronomy research with that of archaeology and call it skyscape archaeology This volume will examine how all these different variants came about and consider archaeoastronomy s often troubled relationship with archaeology and its appropriation by esotericism to shed light on its position today *Nigel Kneale and Horror* Derek Johnston, 2025-04-01 Nigel Kneale s writing career spanned the second half of the twentieth century arguably contributing to the shape of British television drama as well as having lingering influence in science fiction and horror This collection focuses on Kneale s horror writing particularly in film and television Taking a number of different academic perspectives the chapters approach questions of medium adaptation genre and style emphasising the role that time plays in Kneale s horror and how he connected to wider cultural concerns The work covered includes more famous productions such as the Quatermass serials *The Woman in Black* and *Nineteen Eighty Four* as well as some that have received less attention

including the social horror of Kneale's film adaptations of *Look Back in Anger* and *The Entertainer* lost productions such as *The Chopper* and *Bam Pow Zap* and unproduced work such as *The Big Big Giggle* Drawing on archival sources including Kneale's own archives alongside the productions themselves the collection portrays Kneale as a writer deeply concerned with society and social change with the potential and responsibility of the media and not as a horror writer but a writer deeply concerned with the horrific

TRUE MYTH Nashid Al-Amin, 2013 Why is it that encyclopedias assert the Vikings or Norsemen landed in parts of North America yet the Vikings have never been credited with its discovery Historians bestow this honor on Christopher Columbus who ventured here five hundred years after the Vikings having never set foot on the continent *True Myth Black Vikings of the Middle Ages* takes the reader where he or she has never been before We have always been told that Vikings or Norsemen were tall blond white and blue eyed an image that has been presented to us in books and films Now comes a book that challenges this centuries old assertion presenting evidence that these vaunted warriors were not the people popular historians have told us they were The author presents evidence that white skinned peoples in England Ireland and Wales referred to Vikings as black pagans and black devils The extent of their dominance in Europe is examined in fact the author presents a reassessment of Europe that some readers will find difficult to believe beginning with man's migrations into the continent and examining a number of black skinned peoples who called Europe home from very ancient times almost to the present The reader has never read a book like this filled with quotations from noted historians as well as from several Icelandic sagas that will take the reader on a journey he or she has never imagined A more accurate picture of Europe has never been presented before The writer revisits the last ice age presents evidence of the heavy presence of blacks in ancient Europe and revisits ancient Greece Rome and areas of Asia discussing the presence of black skinned peoples in them before arriving in Viking age Scandinavia when Norsemen embarked on a three century long assault on the continent and began migrating to Iceland and other areas of North America Once the reader has completed *True Myth Black Vikings of the Middle Ages* he or she will have to question what he or she has been taught historians once thought to be trustworthy and the notion that the races were strictly divided and had never intermingled There has never been a truer picture of Europe written and the reader now has the opportunity to embark on the most thrilling journey he or she will ever take

The Great Pyramid Decoded Peter Lemesurier, 2022-06-23 Understand the Complexity of the World's Greatest Monument Standing sentinel for four and a half millennia the Great Pyramid of Giza has fascinated all who have beheld its imposing and elegant mass In *The Great Pyramid Decoded* historical theorist researcher and best selling author Peter Lemesurier shares observations based on a simple numeric code which reveals illuminating perspectives on the past as well as prophetic visions of the future Does the Great Pyramid hearken back to another civilization much older than ancient Egypt Is it the Old Testament writ in stone Is it an ancient observatory A treasure house A tomb Is there a message in the geometric ratios Lemesurier carefully explores these theories and draws some enlightening and meaningful conclusions

Translating the wisdom of this ancient monument the author presents recommendations for the future which are consistent with the advice of Saint Malachy Nostradamus and Edgar Cayce among others Making connections to several religious traditions Lemesurier uses the Great Pyramid to illustrate humankind's place in the universe Read what this archaic wonder of the world has to say about where we came from and where we may be heading Learn how this one ancient wonder can teach us that we have the potential to reawaken to an enlightened path forward A must for anyone interested in the mystical wisdom of one of the most magnificent civil engineering feats of all time *The Greatest Story NEVER Told* Elvis Newman,2015-06-04

What we call imagination is actually the universal library of what's real You couldn't imagine it if it weren't real somewhere sometime Terence McKenna Scientific theories that were once considered right and mighty were later proven wrong This is the case even with the best and most thorough scrutiny and investigation There is no knowing when a better scientific theory will come to replace the old It is clear that the study of Sumerian clay tablets will continue to interest areas of science history archaeology cosmology and more due to its continued effect of encompassing studies from unrelated fields The Sumerians were the most extraordinary people who ever lived on the face of the earth They seemed to come from out of nowhere and they single handedly invented civilization when most of the rest of the world was still living in the Stone Age What's more they did it thousands of years before anyone else The Sumerian civilization was already ancient when it ended in 2004 B C twenty centuries before Julius Caesar sixteen centuries before Socrates and seven centuries before Tutankhamen The highest form of ignorance is when you reject something you don't know about Wayne Dyer

Prehistoric Avebury Aubrey Burl,2002-01-01 This magnificent book is a fascinating account of the prehistoric stone circles at Avebury which not only II date from an earlier era but are also larger than the more famous sarsen stone circle of Stonehenge Written by a leading archaeologist the book considers every aspect of Avebury's history and construction and discusses the probable purpose of these massive structures in the process creating a vivid and moving picture of their creators a primitive people whose lives were brief savage and fearful *Nephilim Architecture and Megalithic Monuments* Learn Alchemical,2025-09-23 Across the high Andes the Nile Valley Mesopotamia and beyond there stand stones that refuse to fall Colossal walls that withstand earthquakes platforms weighing hundreds of tons and temples aligned with the heavens all raise the same enduring question who built them and how *Nephilim Architecture and Megalithic Monuments* explores the mysterious overlap between ancient myth and enduring stone From the biblical Nephilim and the Watchers of Enoch to Andean legends of giant builders and global traditions of titans this book traces a blueprint of memory connecting mythological giants with the world's most enigmatic ruins Were these monuments the work of forgotten engineers cultures older than history or hybrid beings whose knowledge blurred the line between divine and human This sweeping study does not surrender to fantasy nor does it silence the questions posed by stone and story Instead it follows the global echoes of giants analyzing how megalithic monuments embody both lost sciences and living myths For readers fascinated by

Schoch,2012-08-10 Scientific confirmation of advanced civilization at the end of the last ice age the solar catastrophe that destroyed it and what the evidence means for our future Demonstrates based on the 12 000 year old megalithic complex of G bekli Tepe that advanced civilization extends thousands of years further back than generally acknowledged Examines the catastrophic solar outbursts that ended the last ice age wiping out antediluvian civilization and incinerating much of the evidence of that period Reveals data that show solar outbursts powerful enough to devastate modern society could return in the future Building upon his revolutionary theory that the Sphinx dates back much further than 2500 BCE geologist Robert Schoch reveals scientific evidence of advanced civilization predating ancient Egypt Sumeria and Greece as well as the catastrophe that destroyed it nearly 12 000 years ago and what its legacy can teach us about our own future Combining evidence from multiple scientific disciplines Schoch shows how the last ice age ended abruptly in 9700 BCE due to coronal mass ejections from the Sun These solar outbursts unleashed electrical plasma discharges upon Earth and triggered volcanic activity earthquakes fires and massive floods as glaciers melted and lightning strikes released torrential rains from the oceans He explains how these events eradicated the civilization of the time and set humanity back thousands of years only to reemerge around 3500 BCE with scattered memories and nascent abilities He explores within this framework how many megalithic monuments underground cities and ancient legends fall logically into place as well as the reinterpreted Easter Island rongorongo texts and the intentional burial 10 000 years ago of the G bekli Tepe complex in Turkey Schoch reveals scientific evidence that shows how history could

repeat itself with a coronal mass ejection powerful enough to devastate modern society Weaving together a new view of the origins of civilization the truths behind ancient wisdom and the dynamics of the planet we live on Schoch maintains we must heed the megalithic warning of the past and collectively prepare for future events Underworld Graham Hancock,2009-11-18 What secrets lie beneath the deep blue sea Underworld takes you on a remarkable journey to the bottom of the ocean in a thrilling hunt for ancient ruins that have never been found until now Graham Hancock is featured in Ancient Apocalypse a Netflix original docuseries In this explosive new work of archaeological detection bestselling author and renowned explorer Graham Hancock embarks on a captivating underwater voyage to find the ruins of a mythical lost civilization hidden for thousands of years beneath the world s oceans Guided by cutting edge science innovative computer mapping techniques and the latest archaeological scholarship Hancock examines the mystery at the end of the last Ice Age and delivers astonishing revelations that challenge our long held views about the existence of a sunken universe built on the ocean floor Filled with exhilarating accounts of his own participation in dives off the coast of Japan as well as in the Mediterranean the Atlantic and the Arabian Sea we watch as Hancock discovers underwater ruins exactly where the ancient myths say they should be submerged kingdoms that archaeologists never thought existed You will be captivated by Underworld a provocative book that is both a compelling piece of hard evidence for a fascinating forgotten episode in human history and a completely new explanation for the origins of civilization as we know it **Magicians of the Gods** Graham Hancock,2015-09-10 Captivating necessary and enlightening Essential Wonderfully researched This book is as good if not better than Fingerprints of the Gods Read this book Change your perspective Graham Hancock star of Netflix s ANCIENT APOCALYPSE is author of the global bestseller Fingerprints of the Gods A book which remains an astonishing deeply controversial wide ranging investigation of the mysteries of our past and the evidence for Earth s lost civilization Magicians of the Gods the sequel to his seminal work explores how at the end of the last ice age fragments from a giant comet caused a global cataclysm on a scale unseen since the extinction of the dinosaurs wiping out an advanced civilization from the earth Making us a species with amnesia forced to begin again like children with no memory of what went before This book is filled with completely new evidence new travels to the world s most mysterious archaeological sites new insights based on the latest scientific evidence The impacts from the comet fragments a mile wide approaching at more than 60 000 miles an hour generated huge amounts of heat which instantly liquidized millions of square kilometers of ice destabilizing the Earth s crust and causing the global deluge that is remembered in myths all around the world A second series of impacts equally devastating causing further cataclysmic flooding occurred 11 600 years ago the exact date that Plato gives for the destruction and submergence of Atlantis But there were survivors known to later cultures by names such as the Sages the Magicians the Shining Ones and the Mystery Teachers of Heaven They travelled the world in their great ships doing all in their power to keep the spark of civilization burning Everywhere they went these Magicians of the Gods brought with them

the memory of a time when mankind had fallen out of harmony with the universe and paid a heavy price A memory and a warning to the future Astronomers believe that a 20 mile wide dark fragment of the original giant comet remains hidden within its debris stream and threatens the Earth An astronomical message encoded at Gobekli Tepe and in the Sphinx and the pyramids of Egypt warns that the Great Return will occur in our time
