**Doing Nothing** Tom Lutz, 2024-06-04 From the author of *Crying* a witty wide ranging cultural history of our attitudes toward work and getting out of it Couch potatoes goof offs freeloaders good for nothings loafers and loungers ever since the Industrial Revolution when the work ethic as we know it was formed there has been a chorus of slackers ridiculing and lampooning the pretensions of hardworking respectability Reviled by many heroes to others these layabouts stretch and yawn while the rest of society worries and sweats Whenever the world of labor changes in significant ways the pulpits politicians and pedagogues ring with exhortations of the value of work and the slackers answer with a strenuous call of their own To do nothing as Oscar Wilde said is the most difficult thing in the world From Benjamin Franklin's air baths to Jack Kerouac's dharma bums Generation X slackers and beyond anti work ethic proponents have held a central place in modern culture Moving with verve and wit through a series of fascinating case studies that illuminate the changing place of leisure in the American republic *Doing Nothing* revises the way we understand slackers and work itself      **Approaches to Teaching**

**the Works of C. P. Cavafy** Peter Jeffreys, Demetres P. Tryphonopoulos, 2025-04-26 Known as a preeminent poet of queer male desire C P Cavafy lived most of his life as part of the Greek minority community in Alexandria Egypt He was inspired by the possibilities offered by peripheries whether sexual geographic or historical Volumes of his poems widely translated into English give anglophone readers access to his distinctive mixture of irony and tenderness directness and subtlety This

volume will help instructors introduce students to Cavafy's works and explore them from many angles with the help of the extensive archives now available. Essays address teaching Cavafy both as a poetic historian of the Hellenistic Roman and Byzantine worlds and through the lens of postcoloniality. They also explore how he interpreted classical Greek works and how his work has been interpreted by composers, poets, and readers within and beyond Greece and the Greek diaspora.

Cinematic Fictions David Seed, 2012-01-01 The phrase cinematic fiction has now been generally accepted into critical discourse but is usually applied to post-war novels. This book asks a simple question: given their fascination with the new medium of film, did American novelists attempt to apply cinematic methods in their own writings? From its very beginnings, the cinema has played a special role in defining American culture. Covering the period from the 1910s up to the Second World War, *Cinematic Fictions* offers new insights into classics like *The Great Gatsby* and *The Grapes of Wrath*, discussing major writers' critical writings on film and active participation in film making. *Cinematic Fictions* is also careful not to portray cinema as a single or stable entity. Some novelists drew on silent film; others looked to the Russian theorists for inspiration; and yet others turned to continental film makers rather than to Hollywood. Film itself was constantly evolving during the first decades of the twentieth century, and the writers discussed here engaged in a kind of dialogue with the new medium, selectively pursuing strategies of montage, limited point of view, and scenic composition towards their different ends.

Contrasting a diverse range of cinematic and literary movements, this will be compulsory reading for scholars of American literature and film.

**The Lady with the Borzoi** Laura Claridge, 2016-04-12 The untold story of Blanche Knopf, the singular woman who helped define American literature. Left off her company's fifth anniversary tribute but described by Thomas Mann as the soul of the firm, Blanche Knopf began her career when she founded Alfred A. Knopf with her husband in 1915. With her finger on the pulse of a rapidly changing culture, Blanche quickly became a driving force behind the firm. A conduit to the literature of Langston Hughes and the Harlem Renaissance, Blanche also legitimized the hard-boiled detective fiction of writers such as Dashiell Hammett, James M. Cain, and Raymond Chandler, signed and nurtured literary authors like Willa Cather, Elizabeth Bowen, and Muriel Spark, acquired momentous works of journalism by John Hersey and William Shirer, and introduced American readers to Albert Camus, André Gide, and Simone de Beauvoir, giving these French writers the benefit of her consummate editorial taste. As Knopf celebrates its centennial, Laura Claridge looks back at the firm's beginnings and the dynamic woman who helped to define American letters for the twentieth century. Drawing on a vast cache of papers, Claridge also captures Blanche's witty, loyal, and amusing personality and her charged yet oddly loving relationship with her husband. An intimate and often surprising biography, *The Lady with the Borzoi* is the story of an ambitious, seductive, and impossibly hardworking woman who was determined not to be overlooked or easily categorized.
