Latin American Political Yearbook Jr. Breene, 2018-01-17 In the fifth volume of this annual series Robert G Breene provides a comprehensive overview analysis and summary of the main political and economic trends and events in various portions of Latin America Analyzing these developments within individual nations their respective regions and the world at large the yearbook offers a timely look at the relevant background and information necessary to understand the changing nature of politics in Latin America today A new and threatening development the nexus of organized international Marxist Leninist activity and Islamic terrorism is treated at length throughout much of the volume In the foreword the editor notes how the rise of international terrorism associated with radical Muslim thought has formed a nexus with the resurgence of the Hemispheric Left thus calling into question whether the international left has really been transformed into free enterprise democrats as many have simplistically argued The volume discusses the roots of a left Muslim connection in the close association between the Sandinistas in Nicaragua and the Qaddafi regime in Libya as well as the training provided by Arab terrorists to their Latin American allies For larger more powerful states the picture is more ambiguous While the present day ideological attitudes of former Marxist states and political entities cannot be known with absolute certainty the materials assembled here cast doubt on the validity of hopeful assumptions of democratic political behavior in the conduct of foreign affairs One example is an important treaty between post Soviet Russia and China The volume also documents the rise in Castro's fortunes with the strengthening of leftist power in Venezuela and Mexico and the neutralization of Brazil through Castro's long standing support for the presidency of the Marxist Lula da Silva This is a

reference volume with a point of view Compact yet comprehensive it is essential reading for political scientists Latin America area specialists and historians Robert G Breene Jr has been a fighter pilot an experimental test pilot a newspaper correspondent in Central America a professor of physics and the owner and operator of a 600 head cattle ranch in Nevada He is currently head of the Latin American News Service in San Antonio Texas from which much of this analysis was derived

Unconventional Warfare: Guerrilla warfare United States Air Force Academy. Library,1962 How the Far East Was Lost Dr. Anthony Kubek,2017-06-28 The Far Eastern policy pursued during the Roosevelt Truman administrations has long been the subject of spirited controversy among historians This volume first published in 1963 is the result of seven years of intensive research into a mass of documentary data dealing with the Communist conquest of China Professor Kubek discusses with unusual candor and clear vision the many mistakes of the Roosevelt and Truman Administrations with reference to the Far East There are new data and fresh interpretations that lend additional evidence to support the contentions of earlier writers that the diplomacy of the Administrations of Roosevelt and Truman was disastrous in the extreme The strange actions of General Marshall in China and his blind policy while Secretary of State were chief factors in the loss of China to the Communists In a noteworthy chapter that all Americans should read Professor Kubek traces in damning detail the tragic role that Marshall played in the fall of Nationalist China This is a volume that will earn the sharpest criticisms of the motley hordes that crowded the Roosevelt and Truman bandwagons but it is a must book for any American who wants to know why the present sawdust Caesar Khrushchev can insult at will the President of the United States and can hurl continual threats to bury all Americans Soviet militate might is the direct product of billions of Democratic Lend Lease aid coddling of Communists in high places in the American Government and failure to understand the basic drives of world Communism Never before in our history was Presidential leadership so devoid of vision and never before had the mistakes of our Chief Executives been so fraught with peril to our nation Read this book and then begin to worry about how Americans will fare in the next decade Charles Callan Tansill Professor Emeritus of Diplomatic History Georgetown University Foreword
