Spike Lee's Do the Right Thing Mark A. Reid, 1997-05-13 A collection of essays on Spike Lee's Do the Right Thing

Martin Scorsese, Woody Allen, Spike Lee James F. Scott, 2019-04-01 Directors Martin Scorsese Woody Allen and Spike Lee emerged as filmmakers toward the end of the 1960s when the breakdown of the studio system paved the way for new production partnerships and gave more creative authority to directors actors and writers In what has come to be called the Indie movement these directors were able to explore ethno racial themes with more frankness than previously allowed From the perspectives of their own minority communities Scorsese Allen and Lee dramatized and critiqued the challenges this restless ethno racial underclass posed to the White Republic imagined by the Founding Fathers The three directors

whose work is at the heart of this book explore the question of how identity formation is a process of negotiation particularly among America's ethno-racial minorities. They emphasize the stresses related to the double burden in the assimilative process of patterning oneself after the majoritarian culture while acknowledging in complex ways the culture of the community of origin. Annie Hall tells Alvie Singer you're a real Jew. Buggin' Out instructs his homeboy friend Stay Black Mookie. What implications do these phrases carry? Will Alvie have a chance to modify his identity? Should he? Will Mookie honor his friend's admonition? Is black also susceptible to a cultural makeover? Is identity a personal choice? This book highlights how various films by these three directors explore the ways in which cultural capital, musical, artistic, intellectual, athletic, etc. is used to erase ethno-racial taint, skin tones, supposed biological traits, offensive cultural habits. The formula ordains that assimilation and interculturalism will be asymmetrical, favoring those groups or individuals who bring with them the most cultural capital.

A Piece of the Action Eithne Quinn, 2019-12-31. Hollywood is often thought of and certainly by Hollywood itself as a progressive haven. However, in the decade after the passage of the Civil Rights Act, the film industry grew deeply conservative when it came to conflicts over racial justice. Amid black self-assertion and white backlash, many of the most heated struggles in film were fought over employment. In *A Piece of the Action*, Eithne Quinn reveals how Hollywood catalyzed wider racial politics through representation on screen as well as in battles over jobs and resources behind the scenes. Based on extensive archival research and detailed discussions of films like *In the Heat of the Night*, *Sweet Sweetback's Baadasssss Song*, *Super Fly*, *Claudine*, and *Blue Collar*, this volume considers how issues of race and labor played out on the screen during the tumultuous early years of affirmative action. Quinn charts how black actors leveraged their performance capital to force meaningful changes to employment and film content. She examines the emergence of Sidney Poitier and other African Americans as A-list stars, the careers of black filmmakers such as Melvin Van Peebles and Ossie Davis, and attempts by the federal government and black advocacy groups to integrate cinema. Quinn also highlights the limits of Hollywood's liberalism, showing how predominantly white filmmakers, executives, and unions hid the persistence of racism behind feel-good stories and public relations avowals of tolerance. A rigorous analysis of the deeply rooted patterns of racial exclusion in American cinema, *A Piece of the Action* sheds light on why conservative and corporate responses to antiracist and labor activism remain pervasive in today's Hollywood.

Fight the Power! Janice D. Hamlet, Robin R. Means Coleman, 2009. Shelton Jackson Spike Lee is one of the most culturally influential and provocative film directors of the twentieth and twenty-first centuries. Bringing together seminal writings from classic scholarship to new research, this book focuses on this revolutionary film auteur and cultural provocateur to explore contemporary questions around issues of race, politics, sexuality, gender roles, filmmaking, commercialism, celebrity, and the role of media in public discourse. Situating Lee as an important contributor to a variety of American discourses, the book highlights his commitment to exploring issues of relevance to the Black community. His work demands that his audiences take inventory of his and their understandings of the complexities of

race relations the often deleterious influence of media messages the long term legacy of racism the liberating effects of sexual freedom the controversies that arise from colorism the separatist nature of classism and the cultural contributions and triumphs of historical figures This book seeks to stimulate continued debate by examining the complexities in Lee s various sociopolitical claims and their ideological impacts *Irony in the Age of Empire* Cynthia Willett, 2008-07-09 Comedy from social ridicule to the unruly laughter of the carnival provides effective tools for reinforcing social patterns of domination as well as weapons for emancipation In *Irony in the Age of Empire* Cynthia Willett asks What could embody liberation better than laughter Why do the oppressed laugh What vision does the comic world prescribe For Willett the comic trumps standard liberal accounts of freedom by drawing attention to bodies affects and intimate relationships topics which are usually neglected by political philosophy Willett s philosophical reflection on comedy issues a powerful challenge to standard conceptions of freedom by proposing a new kind of freedom that is unapologetically feminist queer and multiracial This book provides a wide ranging original thoughtful and expansive discussion of citizenship social manners and political freedom in our world today **“A Hero Will Endure”: Essays at the Twentieth Anniversary of 'Gladiator'** Rachel L.

Carazo, 2023-05-16 This volume adds to previous historical and political studies about *Gladiator* with essays about the movie s relation to pop culture and contemporary discourses It not only relates *Gladiator* to traditional cinema aspects such as heroism music acting studio culture and visual effects but it also connects the film to sports religion and the environment expanding the ways in which the film can be evaluated by modern audiences The volume can be read by individuals or in classroom settings especially as a recommended text for students studying the ancient world in film Charles Burnett

Robert E. Kapsis, 2011-02-25 Charles Burnett b 1944 is a groundbreaking African American filmmaker and one of this country s finest directors yet he remains largely unknown His films most notably *Killer of Sheep* 1977 and *To Sleep with Anger* 1990 are considered classics yet few filmgoers have seen them or heard of Burnett The interviews in this volume explore this paradox and collectively shed light on the work of a rare film master whose stories bring to the screen the texture and poetry of life in the black community The best qualities of Burnett s films rich characterizations morally and emotionally complex narratives and intricately observed tales of African American life are precisely the things that make his films a tough sell in the mass marketplace As many of the interviews reveal Hollywood has been largely inept in responding to this marketing challenge It takes an extraordinary effort to keep going Burnett told Terrence Rafferty in 2001 when everybody s saying to you No one wants to see that kind of movie or There s no black audience All the interviews selected for this volume spanning more than three decades of Burnett s directorial career including his recent work examine in various degrees Burnett s status as a true independent filmmaker and explore his motivation for making films that chronicle the black experience in America *Identity Orchestration* David Wall Rice, 2022-06-21 *Identity Orchestration* illustrates the importance of identity balance in behavioral health as seen through a personality psychology lens The contributors to this collection deeply engage

the self and psychological strength by examining race gender class and context with narratives that highlight the asset based constructs of identity *Quincy Jones* Clarence Bernard Henry,2014-06-05 Quincy Jones A Research and Information Guide is an annotated bibliography and discography on one of the most prolific composers arrangers and conductors in American music This reference work will appeal to wide range of musicologists ethnomusicologists and cultural studies scholars
