Spirit In The Writings Of John:

Spirit in the Writings of John Tricia Gates Brown, 2004-05-01 Tricia Gates Brown employs the methodology of socio scientific biblical criticism to investigate the pneumatology of John and 1 John She argues that the meaning of spirit in John and 1 John is best understood using the anthropological model of brokerage The model of patronage and its relevance to the socio cultural world of John s gospel is also discussed Spirit in the Writings of John examines the development in pneumatology between John and 1 John and analyzes what this suggests about the socio cultural context of the Johannine community There is a discussion of the meaning of the term paracletos in literature antedating John and the dominant view that the word was a formal forensic term is challenged *The Writings of John* C. Marvin Pate, 2011-01-04 The writings of John are some of the most foundational New Testament documents for today s Christians Most evangelical teaching about the life of Jesus begins with the Gospel of John and Christian teaching on the end times relies heavily on the book of Revelation Students pastors and lay learners need solid up to date resources like this book to responsibly study and understand John s writings C Marvin Pate addresses John s writings according to their logical divisions the Gospel of John the Johannine Epistles and Revelation Each section includes a thorough introduction to relevant interpretive issues including historical background cultural setting and theological context Pate presents a two fold historical setting for John s gospel encouraging readers to consider the text from the perspective of Jesus day and from John s situation in Asia Minor sixty years later He examines the Johannine epistles on issues like authorship audience and theological perspective For the Apocalypse Pate explores the challenges of John s first readers the nature of apocalyptic literature and the Roman imperial cult including as well an explanation of how the church has interpreted Revelation over the years With its thorough discussion textbook design and four color interior *The Writings of John* sets the standard for introductory texts on biblical books or collections

A Pneumatology of Race in the Gospel of John Rodolfo Galvan Estrada III, 2019-11-28 How do the Greco Roman views of ethnicity inform our reading of the Spirit in the Fourth Gospel This study not only reviews the role of ethnicity and race in the ancient world it also proposes a bold new understanding of Johannine pneumatology From an ethnocritical perspective this study argues that the Spirit was articulated for an ethnically diverse Johannine community that was dealing with the issues of race relations The Spirit is the divine breath of God that commissions Jesus for the redemption of all ethnicities The Spirit is involved in the maternal birth of all ethnic members who are in the family of God The Spirit draws all people despite their ethnic lineage and heritage And the Spirit is actively involved as an advocate for the minoritized community undergoing synagogue violence Will the members of the Johannine community still hold onto ethnic ideologies of dehumanization that were prevalent of their age Can the Johannine community still have the Spirit and support ideologies of ethnic division and hate This study seeks to answer these questions **The Writings of John Burroughs: Indoor studies** John
