Spirit Of The Jungle:

Sacred Consciousness of the Spirit World Augustine Towonsing MA, 2019-09-25 I underwent a long spiritual journey comprising 14 years of scientific solo ghost research just to find out the following truth Does God really exist Is there life in the afterlife But in order to do so I ran away from the concepts of organised beliefs systems so that I could freely search for the true meaning of these terms Spirit the Spirit World and the Afterlife through scientific ghost research in order to find myself a Door to the Spirit World And what was my find Simply this Living in Duniawi means there will still be an eternal home a promised home of eternal rest true inner peace of Inner Peace the completeness of knowledge and true love of True Love which undoubtedly is the home of the singularity of the soul consciousness as a whole *The Spirit of Carnival* David Danow, 2021-05-11 The world of literature responds to the spirit of carnival in ways that are both social and cultural mythological and archetypal Literature provides a mirror in which carnival is reflected and refracted through the multifarious perspectives of verbal art In his original wide ranging book David K Danow catches the various reflections in that mirror from the bright life affirming magical side of carnival as revealed in the literature of Latin American writers to its dark grotesque death embracing aspect as illustrated in numerous novels depicting the dire experience of the Second World War The remarkable meshing of these two diametrically opposed yet inextricably intertwined facets of literature and of life makes for an intriguing sphere of investigation for the carnival spirit is animated by a human need to dissolve borders and eliminate boundaries including symbolically those between life and death in an ongoing effort to merge opposing forces into new configurations of truth and meaning Expanding upon the seminal ideas of Mikhail Bakhtin carnival argues Danow is designed to allow one extreme to flow into another to provide for one polarity official culture to confront its opposite unofficial culture much as individuals engage in dialogue In this case the result is dialogized carnival or carnivalized dialogue In their artmaking Danow claims human beings are animated by a periodic predisposition toward the bright side of carnival matched by an equally strong far darker predilection Carnival forms of thinking are firmly embedded within the human psyche as archetypal patterns In this engaging exploratory book we are shown the distinctive imprint of these primordial structures within a multitude of seemingly disparate literary works **Spirit of the Shuar** John Perkins, Shakaim Mariano Shakai Ijisam Chumpi, 2001-07-01 Discover the thoughts history and customs of the Shuar of the Amazon as told in their own words Tribe members explain their practices of shapeshifting and headhunting the interdependence of humans and the environment the role of ecstatic sex their belief in war as a path to peace and their faith in arutam the life spirit The indomitable Shuar of the Amazon reputed to be the only tribe in the Americas that has never been conquered have lived as warriors hunters cultivators and healers for generations Even in today's acquisitive often wasteful world they defend their rainforests and sustainable ways of life and offer their philosophy of love joy and hope More than three decades after first befriending members of the Shuar author and environmentalist John Perkins and his publisher Ehud Sperling inspired

The Mong Oral Tradition Yer J. Thao, 2006-11-10 In 1975 after years of struggle Communists seized control of the government of Laos Members of the Mong culture who had helped the U S Central Intelligence Agency in their quest to halt the spread of Communism were forced to move to America as political refugees The Mong with their strong culture of oral traditions and

beliefs were plunged into a multicultural society where the written word was prevalent. As a result, their oral customs are now being slowly eroded and replaced with a written tradition. Desperate to hold on to their cultural identity and continue the traditions of their ancestors, the Mong still struggle with the dilemma this change in literary perception has caused. Compiled from numerous interviews, this volume explores the lives of 13 Mong elders. With emphasis on their unique oral tradition and cultural practices, the book discusses Mong rituals, tribal customs, religious beliefs, and educational experiences. The main focus of the work, however, is the lifestyle the elders maintained while living in the mountains of Laos. In their own words, they describe their childhood, communities, religious rituals, and cultural traditions, as well as the ongoing struggle of adjustment to their new homeland. The work also delves into the Mong perceptions of industrialization and the generational conflict that immersion into a literate society has caused. The author himself is a member of the Mong culture and brings a personal perspective to preserving the oral traditions of this unique ethnicity. The work is also indexed.

The Spirit of the Glacier Speaks Arkan Lushwala, 2023-10-24

A guide to recovering the power of Andean Indigenous wisdom to repair our personal and collective relationship with Mother Earth. In the face of the climate change crisis, what if technology is not what rescues us but rather a radical transformation of our culture? Could it be that the wisdom we need to reinvent our culture has existed for hundreds of years like the wisdom that belongs to the Indigenous Andean people who live in union with Mother Earth still today? If this is true, how do we learn to remake our culture into one that reverses climate change and sets us on a more responsible path? In his third book and his only volume to focus solely on Andean wisdom, healer and ceremonial leader Arkan Lushwala reintroduces us to the ancient ideas of Andean culture so that we can see modern problems in a more effective light. Justice, equity, nourishment, mental well-being, land stewardship, and more can be re-envisioned to help us accomplish true lasting environmental protection and personal well-being. Transforming ourselves and our culture will require a complete recalibration of our minds. Our values, our beliefs, our ways of nourishing ourselves, and even our language must change if we are to confront the climate emergency, restore Mother Earth, and redefine human happiness. We are survivors of a damaged time. But the Andean people believe that a new time has arrived. *The Spirit of the Glacier Speaks* provides an opportunity to embrace this time and embody a more sustainable culture.
