How can pastoral counselors serve the needs of diverse individuals in both religious and secular environments? This foundational text reflects the continued and unfolding work of pastoral counseling in both clinical and traditional ministry settings. The text provides a foundational overview of the roles and functions of the modern pastoral counselor. It discusses spiritual perspectives on the issues that bring individuals to seek counseling and integrates them with the perspectives of allied mental health professions. The tools and methods pastoral counselors can employ for spiritual assessment are presented, and the book describes common spiritual and theological themes, both implicit and explicit, that arise in pastoral counseling. Included are chapters examining Christian, Jewish, Islamic, Native American, and Buddhist approaches to counseling, as well as counseling individuals with diverse sexual identities. The book reflects the increasing need for pastoral counselors to serve effectively in a multicultural society, including service to individuals who are not affiliated with a specific religious denomination.
