**Urban God Talk** Andre E. Johnson, 2013-08-28 *Urban God Talk: Constructing a Hip Hop Spirituality* edited by Andre Johnson is a collection of essays that examine the religious and spiritual in hip hop. The contributors argue that the prevailing narrative that hip hop offers nothing in the way of religion and spirituality is false. From its beginning hip hop has had a profound spirituality and advocates religious views and while not orthodox or systemic nevertheless many in traditional orthodox religions would find the theological and spiritual underpinnings in hip hop comforting, empowering and liberating. In addition this volume demonstrates how scholars in different disciplines approach the study of hip hop religion and spirituality. Whether it is a close reading of a hip hop text, ethnography, a critical studies approach or even a mixed method approach, this study is a pedagogical tool for students and scholars in various disciplines to use and appropriate for their own research and understanding. *Urban God Talk* will inspire not only scholars to further their research but will also encourage publishers to print more in this field. The contributors to this in-depth study show how this subject is an underrepresented area within hip hop studies and that the field is broad enough for numerous monographs, edited works and journal publications in the future.

**Faith After Doubt** Brian D. McLaren, 2021-01-05 From the author of *A New Kind of Christianity* comes a bold proposal: only doubt can save the world and your faith. ONE of the Best Spiritual Books of 2021. *Spirituality Practice* Will help you live fuller and breathe easier. Glennon Doyle: Sixty-five million adults in the U.S. have dropped out of active church attendance and about 2.7 million more are leaving every year. *Faith After Doubt* is for the millions of people around the world who feel that their faith is falling apart. Using his own story and the stories of a diverse group of struggling believers, Brian D. McLaren, a former pastor and now an author, speaker and activist, shows how old assumptions are being challenged in nearly every area of human life, not just theology and spirituality. He proposes a four-stage model of faith development in which questions and doubt are not the enemy of faith but rather a portal to a more mature and fruitful kind of faith. The four stages: Simplicity, Complexity, Perplexity and Harmony offer a path forward that can help sincere and thoughtful people leave behind unnecessary baggage and intensify their commitment to what matters most.
