## **Spiritual Adventure Of The Apocalypse:**

*The Spiritual Adventure of the Apocalypse* William Riley, 1997 Father William Riley's examination of the Book of Revelation succeeds in being both completely honest about the reality of evil in the world and utterly confident about the truth of God. He finds in the Apocalypse a message of celebration and hope. **Sacra Pagina: Revelation** Wilfrid J. Harrington, OP, 2023-06-13 More than any other New Testament writing the Book of Revelation demands commentary. Its often bewildering text is easily open to less than scholarly interpretation. *Revelation* Wilfrid J. Harrington, 2008 Revelation a prophetic apocalyptic letter is a profoundly Christian text. Father Harrington is concerned to open up Revelation and to convey its Christian message. After an introduction he provides a new translation of each section of the writing followed by notes which deal with matters of text and content that require clarification. He then treats the passage as a whole by discussing its literary character, its theological significance and its relevance to our situation. Bibliographies direct the reader to important modern studies. Father Harrington brings his scholarship to the Book of Revelation and conveys its Christian message. He puts the work in its historical and social setting, a first century C.E. province of the Roman Empire and explores its social and religious background and its literary character. Through Father Harrington we hear clearly the challenge of John the prophet to the Churches of his time and to ours not to compromise the gospel message. **2013** R. Lataine Townsend, 2012-01-04 2013 Beginning an Era of Hope and Harmony brings together important information and perspectives about the end of the Mayan Long count calendar and how it relates to the astronomy scientific discoveries and present day signs of the coming transition from the end of the Mayan Fourth Sun into the new world era of their Fifth sun. Writers and teachers from many fields are brought together to show how we can help in this process involving the evolution of consciousness and how our thoughts and attitudes will greatly affect how this world's age ends and how the new era begins. 2013 predicts with credible proof that this new world age the Mayan Fifth Sun will begin a Golden era of peace and harmony. Fasching, 2001-01-15 Throughout the last two millennia Christianity understood its divinely mandated mission to be to conquer the world for Christ Too often this proclamation led Christians to imagine that their goal must be the elimination of all non Christians from the world through conversion or when that fails through coercion and violence e g the Inquisition the Crusades anti Semitic persecution Western colonialism etc At the beginning of the third millennium and an age of global diversity Darrell J Fasching argues that it is time for Christians to reject this view of their mission along with the trail of prejudice and violence it has created and replace militaristic metaphors of conquest with the biblical message of hospitality to the stranger When we welcome the stranger according to biblical teachings we welcome God Genesis 18:1-5 the Messiah Matthew 25:35 or an angel of God Hebrews 13:2 Fasching takes us on a journey through the stories of the Bible to show that diversity is God's covenant intention for humanity Consequently the mission of Christians must not be to convert or eliminate non Christians but rather to welcome them as strangers for a world without strangers is a world without God **Transgressive Itineraries** Marc Maufort, 2003 The fast growing body of postcolonial drama is progressively gaining its just recognition in the twentieth century canon of English language plays From the vantage point of various samplings along the Trans Pacific axis linking English Canada Australia and New Zealand this monograph seeks to document the significance of this emerging postcolonial theater More specifically it examines the myriad ways in which over the last two decades representative mainstream ethnic and First Nations playwrights have dramatized Europe's Other in its multiple guises In their efforts to match new content with innovative form these artists have followed transgressive itineraries redrawing the boundaries of conventional Western stage realism Their new aesthetics often relies on techniques akin to Homi Bhabha's notions of hybridity and mimicry The present study offers detailed analyses of the modes of
