The Cold War was more than a clash of superpowers it was a hidden crusade Behind the headlines of coups assassinations
and covert wars stood Allen Dulles the longest serving director of the CIA Outwardly he was the epitome of America s
Protestant establishment Princeton educated Wall Street groomed and cloaked in Presbyterian respectability But beneath the
surface Dulles functioned as the chief cooperator of the Vatican s anti communist crusade using the CIA as the instrument of
a religious as well as political war This explosive volume uncovers how Dulles s Protestant identity served as the perfect
mask for Vatican aligned operations Installing Ngo Dinh Diem in Vietnam as Rome s chosen strongman Toppling
governments in Iran and Guatemala with Vatican blessing Engineering the Bay of Pigs invasion framed as a holy war against
Castro Managing the Warren Commission to conceal deeper truths about Kennedy s assassination At the heart of the
narrative is the clash between Allen Dulles and John F Kennedy While Dulles cooperated with the Vatican CIA bloc Kennedy
became the Catholic resistor declaring in his famous Houston speech that no pope shall command a president This defiance
placed him in direct opposition to Dulles Cardinal Spellman and the hidden networks that sought to control America s destiny
Drawing on history theology and intelligence archives this book reveals the architecture of secret power where Wall Street
Langley and Rome fused into a single shadow empire It is a story of masks and hands of a Protestant spymaster who gave

Cuba's Revolutionary World Jonathan C. Brown,2017-04-24 As Castro s democratic reform movement veered off course a revolution that seemed to signal the death knell of dictatorship in Latin America brought about its tragic opposite Jonathan C Brown examines in forensic detail how the turmoil that rocked a small Caribbean nation in the 1950s became one of the century s most transformative events *Winning the Battles in Spiritual Warfare* John

Robertson,2013-05-17 This book contains all the information that you need to engage in spiritual warfare protecting your home your family your community as well as our nation In it you can learn how to overcome the attacks and the snares of Satan for in all these things we are more than conquerors through him who loved us Romans 8 37 *Guerrilla Warfare*

Walter Laqueur,2017-07-28 As the author makes clear every book has a history *Guerrilla Warfare* is no exception Together with its sequel *Terrorism* and two companion readers it was part of a wider study to give a critical interpretation of guerrilla and terrorism theory and practice throughout history It did not aim at providing a general theory of political violence nor did it give instructions on how to conduct guerrilla warfare and terrorist operations Its aim remains to bring about greater semantic and analytic clarity and to do so at psychological as well as political levels While the word guerrilla has been very popular much less attention has been given to guerrilla warfare than to terrorism even though the former has been politically more successful The reasons for the lack of detailed attention are obvious guerrilla operations take place far from big cities in the countryside in remote regions of a nation In such areas there are no film cameras or recorders In his probing new introduction Laqueur points out that a review of strategies and the fate of guerrilla movements during the last two decades

show certain common features Both mainly concerned nationalists fighting for independence either against foreign occupants or against other ethnic groups within their own country But despite the many attempts only in two placesAfghanistan and Chechnya were the guerrillas successful According to Laqueur historical experience demonstrates that guerrilla movements have prevailed over incumbents only in specific conditions Due to a constellation of factors ranging from modern means of observation to increase in firepower The author suggests that we may witness a combination of political warfare propaganda guerrilla operations and terrorism In such cases this could be a potent strategy for unsponsored revolutionary change But either as social history or military strategy this work remains a crucial work of our times The Revolutionary Spirit Pasquale De Marco, Blas Hernandez was a Cuban revolutionary leader who played a pivotal role in the Cuban Revolution of 1933 This book tells the story of his life and perjuangan from his humble beginnings in Guantanamo to his rise to prominence as a leader of the Cuban Communist Party Hernandez was born into poverty in 1891 and grew up in a working class family He witnessed firsthand the harsh living conditions and exploitation of the Cuban people under the rule of the dictator Gerardo Machado This experience fueled his passion for social justice and inspired him to dedicate his life to fighting for the rights of the oppressed In the 1920s Hernandez joined the Cuban Communist Party and quickly rose through the ranks He became a prominent figure in the party s leadership and played a key role in organizing and mobilizing the Cuban people against Machado s dictatorship In 1933 Hernandez led the Cuban Communist Party in an armed insurrection against Machado s regime The revolution was a success and Machado was overthrown Hernandez and his fellow revolutionaries established a new government that implemented progressive policies aimed at improving the lives of the Cuban people However their victory was short lived In 1934 the United States intervened in Cuba and forced Hernandez and his government to step down Hernandez was exiled to Mexico where he continued to work for the Cuban Revolution He returned to Cuba in 1944 and played a leading role in the establishment of the Cuban Communist Party s new political organization the Popular Socialist Party Hernandez remained a prominent figure in Cuban politics until his death in 1977 He was a charismatic leader who inspired a generation of Cubans to fight for social justice and a better future His legacy continues to live on in Cuba today where he is revered as a national hero This book is a comprehensive biography of Blas Hernandez that draws on a wide range of sources including archival research interviews with Hernandez s contemporaries and Hernandez s own writings It is a valuable resource for anyone interested in the history of the Cuban Revolution and the struggle for social justice If you like this book write a review Blessed, Donald J. Trump, and the Spiritual War Bob Unanue,2024-09-24 On July 9th 2020 Bob Unanue the CEO of Goya Foods became the target of cancel culture His crime He used the word blessed to describe the country under President Donald J Trump This is the incredible true story of one man s belief in standing up for America and doing what s right One single word Blessed This was enough to nearly cancel Bob Unanue Unanue may be a humble philanthropic man determined to better the world but he is no sheep The normally mild

mannered CEO stared down the hatred division and destruction of cancel culture and came out victorious on the other side Blessed Donald J Trump and the Spiritual War is about the power of courage and faith and how they shaped one of the greatest stories of Hispanic success in American history and will lead a lost America back to the godly principles that built it

José Martí, Cuban Apostle Cintio Vitier, Daisaku Ikeda, 2013-09-17 Once called the wellspring of the revolution by Fidel Castro Jose Marti 1853 1895 is revered as one of the greatest figures in the history of Cuba Not only was he instrumental in the late nineteenth century cause of securing Cuban independence from Spain He is also considered one of Cuba s most brilliant writers orators and formative intellectuals who provided inspiration to the young Fidel Che and their fellow revolutionaries by dedicating his whole life to the goal of national political emancipation Jose Marti suffered persecution and early imprisonment for his convictions and in consequence is often referred to as the Cuban Apostle In this wide ranging discussion of Marti s life work and influence distinguished Cuban poet Cintio Vitier and prominent Buddhist leader Daisaku Ikeda explore their subject s understanding of non violence his nationalism that was also a profound openness to difference and dialogue his spirituality his poetical writings and most of all his fundamental dignity humanity and self mastery The book explores above all the nature of sacrifice and the cost of relinquishing personal happiness for the sake of a great cause The discussants examine Marti s family life including his difficult relationships with his wife Carmen Zayas Bazan and his parents who distanced themselves from his revolutionary fervour Comparisons are drawn between Marti s ideals and Nichiren Buddhism as a source of unfailing hope and courage As Daisaku Ikeda follower of Nichiren says at one point in the dialogue Self mastery is the hardest thing of all But to have a spiritual nature worthy of the name a person must overcome himself a task that only a true optimist can accomplish Marti s perspicacity is revealed in his conviction that final victory in life is assured by such optimists Marti like Nichiren had the unerring ability to turn enemies into friends And as Cintio Vitier and Daisaku Ikeda reveal what set Marti apart was not his thought or ideas alone but what emanated from his words and found embodiment in his actions It was thus that a follower at the time could say of him we don t understand him but we are ready to die for him

Juan Francisco Manzano and Gabriel de la Concepci n Vald s Pl cido were perhaps the most important and innovative Cuban writers of African descent during the Spanish colonial era Both nineteenth century authors used Catholicism as a symbolic language for African inspired spirituality Likewise Pl cido and Manzano subverted the popular imagery of neoclassicism and

Romanticism in order to envision black freedom in the tradition of the Haitian Revolution Plcido and Manzano envisioned emancipation through the lens of African spirituality a transformative moment in the history of Cuban letters Matthew Pettway examines how the portrayal of African ideas of spirit and cosmos in otherwise conventional texts recur throughout early Cuban literature and became the basis for Manzano and Plcido's antislavery philosophy The portrayal of African Atlantic religious ideas spurned the elite rationale that literature ought to be a barometer of highbrow cultural progress Cuban debates about freedom and selfhood were never the exclusive domain of the white Creole elite Pettway's emphasis on African inspired spirituality as a source of knowledge and a means to sacred authority for black Cuban writers deepens our understanding of Manzano and Plcido not as mere imitators but as aesthetic and political pioneers As Pettway suggests black Latin American authors did not abandon their African religious heritage to assimilate wholesale to the Catholic Church By recognizing the wisdom of African ancestors they procured power in the struggle for black liberation Sacred Spaces and Religious Traditions in Oriente Cuba Jualynne E.
