Tam,2021-10-07 This unique volume contributes a profound autism perspective to the ongoing discussion of belonging in the church By taking readers into two church communities the author explores the issues of belonging from those least welcomed by the church and consider what the church should do differently Adopting a we approach she emphasizes the unity of different members in Christ As one body in Christ all believers share Christ s sonship and become children of God The household concept invites readers to reconceptualize Christian relationships as covenantal kinship The kinship relationship is established by God s covenantal commitment fulfilled in Christ With or without autism any person who obeys God s summons is incorporated into Christ s body by the Spirit to become God s child Believers are thus siblings to one another Viewing each person this way enables us to see beyond human differences and welcome one another as God s gifts and indispensable members of the community **Paperbound Books in Print 1995** Reed Reference Publishing,R5ference

and factors discussed in missiology are reshaping the meaning of mission Christian mission today is searching for new directions to approach the postmodern postcolonial and ecumenical paradigms This book argues that mission is the process of embodying the content and praxis of the gospel not the transmission of knowledge that keeps an established structure and culture alive often justified by a specific ecclesiological model Thus mission initiates a transformative process of faith which

leads to personal and social transformation This work brings into dialogue Stephen Bevans's notion of mission as prophetic dialogue and Paulo Freire's concept of conscientiza o The aim is not to discover a method to do mission but to rescue the process that leads to transformation allowing one to encounter the other where they are while respecting the uniqueness of every person culture church and society Prophetic dialogue enriched by conscientiza o and vice versa can open new perspectives within missiology and provide a new approach to mission praxis This approach is then analyzed through the experiential and transformative elements of the Verbum Dei charism applied in ministry demonstrating the effectiveness of prophetic dialogue and conscientiza o in the Verbum Dei Missionary Fraternity mission praxis **Unlocking**
