Spiritual Earth:

New Spiritual Technology for the Fifth-Dimensional Earth David K. Miller, 2012-05-21 Earth is moving closer to the fifth dimension and new spiritual ideas and technologies are becoming available for rebalancing our world Native ceremonies to connect to Earth healing energies Thought projections and thought communication to communicate with Earth Connections with our galactic starseed heritage so that we can relate to our role in the galaxy A new spiritual paradigm to help humankind transition into the next evolutionary stage THE SACRED TRIANGLE REPRESENTS THE INTEGRATION OF THREE SPIRITUAL SOURCES FOR HEALING THE EARTH The Native American spirituality and the spiritual work of the indigenous peoples of the world The mystical energy found in all the major religions in the world including Christianity the Kabbalah Hinduism Sufism and the ascended masters Fifth dimensional galactic spirituality which includes energy from extradimensional masters such as the Arcturians and the Pleadians Man's Life on Earth and in the Spiritual Worlds Rudolf Steiner, 1960 The Spirit over the Earth Gene L. Green, Stephen T. Pardue, K. K. Yeo, 2016-12-31 Though the global center of Christianity has been shifting south and east over the past few decades very few theological resources have dealt with the seismic changes afoot The Majority World Theology series seeks to remedy that lack by gathering well regarded Christian thinkers from around the world to discuss the significance of Christian teaching in their respective contexts The contributors to this volume reflect deeply on the role of the Holy Spirit in both the church and the world in dialogue with their respective contexts and cultures Taking African Asian and Latin American cultural contexts into account gives rise to fresh questions and insights regarding the Spirit's work as witnessed in the world and demonstrates how the theological heritage of the West is not adequate alone to address the theological necessities of communities worldwide **The Spirit of Life issues from the Earth's North Pole** Helena Petrovna Blavatsky, 2017-12-25 The real earth is Gaia the subjective matrix of the Universe Our planet is Gaia's emanation on the illusive plane of the most material world in the universe of being The present creation when the Earth was lifted out of the water by Brahma in the shape of a boar is one of two great creations mentioned in the Puranas For the waters had separated and the process of incrustation was started What makes the world go around is the Divine Desire manifesting itself through the interrelationship of its parts That Desire is not only beyond Spirit Matter it is the very cause of the two Opposing Forces Earth is Solid Fire water Liquid Fire air Semi spiritual Fire The Spirit of the Earth is Hestia Vesta says Proclus But Vesta is neither the spiritual nor the physical Sun She is animated by the Spirit of Life Gaia's symbol is Gamma the third Greek letter and ideogram of both life eternal and of earthly life The Jewish kabbalists especially the practical Occultists who dealt with ceremonial magic busied themselves solely with the spirits of the Planets and the Elementals so called The Christian Theologians opposed the theory of the Earth's rotation because besides depriving our orb of its dignified central position in space this theory produced an appalling confusion of ideas as to the Ascension thus complicating the precise locality of heaven The Spirit of Life issues from the Earth's North

Pole flows around her and becomes foul at the South Pole In the first beginnings of human life on Earth the only dry land was on the North Pole where the gods rested and Fohat reigns ever since Incrustation however is an incredibly slow process the Earth did not reach her present grade of density until eighteen million years ago The Earth needs solar heat and rain to make her throw out her germs The procreative properties of Fire and Water or Spirit and Matter are symbols only of physical generation In other words Fire and Water are illusive emanations of their spiritual prototypes and therefore unclean and unholy The Earth is now in her middle principle the astral body of self importance graspingness and greed Her present principle the fourth in her septempartite constitution is the astral body of desires Kama rupa and of dark egotism Ahamkara the offspring of Mahat Nous The Earth will reach her true ultimate form inversely in this to man only toward the end of the Manvantara after the Seventh Round

Women, Earth, and Creator Spirit, Revised Edition Johnson, Elizabeth A.,2022-11 While this derives from a Madeleva lecture of the same title that was delivered in 1993 the points made and updated by Elizabeth Johnson in this revised edition of Women Earth and Creator Spirit are even more pressing today Since the 1990s the environment has only been degraded more and one could argue that the status of women has been eroded by the rise of religious fundamentalism in almost every culture Johnson draws out the links between attitudes toward women and the way we treat the natural world around us If nature is somehow perceived as feminine then it is no surprise that it is heedlessly abused and used especially when both women and the earth exist under the sovereignty of a patriarchal God

Heaven and Hell from an esoteric perspective as a feeling the language of angels and spirits To perceive this spiritual feeling begins the regeneration process that develops an inner perception of celestial love as spiritual light When we can perceive love and light as a feeling as it expresses through our physical senses we can start to affect our own psycho spiritual development to evolve from a sensual to a spiritual feeling of conjugal love As we examine love and light as a spiritual feeling through heaven and hell we too begin to experience a deeper spiritual awareness which can initiate a personal communication with the Divine as a Conjugal Love experience With creative self expression as our goal we can take regeneration into our own hands to speed up our own evolution while we transmute the forces that block the spiritual feeling of the Brotherhood of Mankind and thereby together manifest the feeling of Heaven on Earth **The Spirit Renews the**
