known ritual pattern toward saints in the history of Christianity In a dramatic reframing of what is holy and secular Sacred Matters makes a powerful and illuminating case that religion is everywhere and that we have barely begun to reckon with its hold on our cultural life The Universe of Oz Kevin K. Durand, Mary K. Leigh, 2010-03-08 The Wizard of Oz has captured the imagination of the public since publication of L Frank Baum's first book of the series in 1900 Oz has shaped the way we read children's literature view motion pictures and experience musicals Oz has captured the scholarly imagination as well The seventeen essays in this book address numerous questions of the boundaries between literature film and stage and these have become essential to Oz scholarship Together the essays explore the ways in which Oz tells us much about ourselves our society and our journeys <u>Invocations</u> Jacob Glass, 2000-09-18 In Invocations Jacob Glass reminds us of a God who cares and of a Universe that is ultimately loving Through prayers exercises and essays which cover a variety of topics and which affirm the goodness and beneficence of Divine Spirit he takes us on a journey of hope and inspiration for daily living There is a quiet peaceful center of love wisdom and strength that lives in the human heart and soul Yet often we disconnect from deeper values and meaning We become so busy we tend to forget what our purpose is and that we have Spiritual Aid Living a life of faith is difficult if not impossible without a daily connection to our inner selves As our lives become busier and busier it is imperative that we take time to regularly focus on what is most important so that we may more powerfully participate in our own lives Prayer is the ancient and sacred practice of talking with God communing with the Divine As we consciously seek God God is revealed to us Undreamed of possibilities emerge from these dialogues The Restorative Nature of Ongoing Connections with the Deceased Laurie A.
