 While secularized cultures of the West have a great deal of difficulty dealing with the spiritual as a real non imaginary
 dimension of life most of the world s peoples do not Having worked and studied among peoples of several non Western
 societies Marguerite Kraft is convinced that coming to terms with spiritual power presents one of the greatest challenges for
 all those who work among non Westerners in pastoral or mission situations Understanding Spiritual Power addresses the
 dynamics of the felt need for spiritual power in relation to a people s assumptions values and commitments in order to
 provide a foundation for meaningful Christian witness in power oriented societies The Western Church Kraft argues under
 pressure from modern rationalism has largely lost awareness of God s power and position vis a vis the spiritual realm so
 important in other societies Indeed this loss of power could be one reason for the interest in Eastern and New Age
 philosophies on the part of Westerners disillusioned with the modern worldview Having worked among the Kamwe in Nigeria
 the Thai in Asia and the Navajo in North America Kraft focuses on specific ways in which people in these three societies view

reality and suggests how the gospel can be articulated in forms they can understand Understanding Spiritual Power offers a theological as well as a practical perspective on spiritual power By exploring living societies providing examples and case studies and offering specific strategies this book makes a powerful case for rethinking and recasting traditional missiological methods At the same time it helps Western Christians with ears to hear question whether they might not learn as much from those with whom they work as they seek to teach Narco-Cults Tony M.
