**The Yiddish Historians and the Struggle for a Jewish History of the Holocaust** Mark L. Smith, 2019-12-09 Holocaust history written and researched by the Yiddish scholars who lived it The Yiddish Historians and the Struggle for a Jewish History of the Holocaust identifies the Yiddish historians who created a distinctively Jewish approach to writing Holocaust history in the early years following World War II Author Mark L Smith explains that these scholars survived the Nazi invasion of Eastern Europe yet they have not previously been recognized as a specific group who were united by a common research agenda and a commitment to sharing their work with the worldwide community of Yiddish speaking survivors These Yiddish historians studied the history of the Holocaust from the perspective of its Jewish victims focusing on the internal aspects of daily life in the ghettos and camps under Nazi occupation and stressing the importance of relying on Jewish sources and the urgency of collecting survivor testimonies eyewitness accounts and memoirs With an aim to dispel the accusations of cowardice and passivity that arose against the Jewish victims of Nazism these historians created both a vigorous defense and also a daring offense They understood that most of those who survived did so because they had engaged in a daily struggle against conditions imposed by the Nazis to hasten their deaths The redemption of Jewish honor

through this recognition is the most innovative contribution by the Yiddish historians. It is the area in which they most influenced the research agendas of nearly all subsequent scholars while also disturbing certain accepted truths including the beliefs that the earliest Holocaust research focused on the Nazi perpetrators that research on the victims commenced only in the early 1960s and that Holocaust study developed as an academic discipline separate from Jewish history. Now with writings in Yiddish journals and books in Europe, Israel and North and South America having been recovered, listed and given careful discussion, former ideas must yield before the Yiddish historians published works. *The Yiddish Historians and the Struggle for a Jewish History of the Holocaust* is an eye-opening monograph that will appeal to Holocaust and Jewish studies scholars, students and general readers.

**Yad Vashem Studies XXXIV** David Silberklang, 2006. **Spiritual Fitness Training in Valor** Anthony Benjamin Cosenza Ph.D., 2007-08-06. *Spiritual Fitness Training in Valor* is a spiritually bold training guide that answers timeless questions concerning crises: How can I prevail over critical circumstances? What are effective keys to resisting pressure? What can I do to maintain courage and resilience when faced with danger? Persuaded that these solutions are found in God, the author, psychologist, offers a spiritual strength training regimen that includes spiritual weight resistance and cardio aerobic exercises. He shows us how to overcome crises by accepting the prevailing power of God and lifting specific weights of worship. We learn how to resist our spiritual adversary through five pressure-releasing exercises. As we actively pursue the spiritual cardio aerobics of walking boldly for God, we transcend conflicting spiritual messages from the world concerning truth. This unique spiritual fitness program in valor has major applications for spiritual leaders, mental health professionals and health fitness trainers.

*The Holocaust* Seymour Rossel, 1992. Discusses the rise of anti-Semitism in Europe, the treatment of Jews during the Holocaust and the aftermath when the Nazi war criminals were brought to trial.

Leibniz Irena Backus, 2016-04-01. Irena Backus offers the first examination of Leibniz as both scholar and theologian in more than four hundred years, illuminating the relationship between metaphysics and theology in Leibniz's handling of key theological issues of his time: predestination, sacred history, the Eucharist and efforts for a union between Lutherans and Catholics and between Lutherans and Calvinists.

*Nazi Law* John J. Michalczyk, 2017-12-28. A distinguished group of scholars from Germany, Israel and right across the United States are brought together in *Nazi Law* to investigate the ways in which Hitler and the Nazis used the law as a weapon, mainly against the Jews, to establish and progress their master plan for German society. The book looks at how, after assuming power in 1933, the Nazi Party manipulated the legal system and the constitution in its crusade against Communists, Jews, homosexuals as well as Jehovah's Witnesses and other religious and racial minorities, resulting in World War II and the Holocaust. It then goes on to analyse how the law was subsequently

used by the opponents of Nazism in the wake of World War Two to punish them in the war crime trials at Nuremberg This is a valuable edited collection of interest to all scholars and students interested in Nazi Germany and the Holocaust

Flipper,2015-05-01 Between Apocalypse and Eschaton argues that eschatology is the key to de Lubac s theological project and critical to understanding the nouvelle theologie the group of theologians with whom de Lubac was associated While much recent focuses on the controversies over the supernatural this work returns to an often neglected aspect of de Lubac s work and examines it in the wider historical

political and theological context of war torn twentieth century Europe which critically shape the meaning of the end      *Why Does God Seem So Hidden?* Joshua C. Waltman, 2023-04-06 Why does God seem so hidden obscure and silent Why doesn't he make himself known in a more explicit way to those who dispute his existence This line of questioning presents a perplexing conundrum for Christian theologians On the one hand Christians affirm that God's revelation of himself is sufficient but on the other hand it appears that some genuine seekers remain unconvinced of his existence In recent decades philosopher J L Schellenberg has proposed an argument for atheism that attempts to exploit this apparent contradiction This book offers a new take by approaching the conversation using a Trinitarian theological lens The character of Trinitarian love shapes the way God communicates in pursuit of relationships Namely God desires spiritually oriented communal divine human relationships and this endeavor necessarily entails hiddenness This work proposes five spiritual criteria that an individual must meet to be open to having a relationship with the triune God and these are the criteria that atheists have failed to consider Articulating these five is exactly what is needed to resolve the vexing theological puzzle of divine hiddenness
