Sacred Sexuality Georg Feuerstein, 2003-11-14 A historical cross cultural survey of sexuality as a sacred spiritual practice Examines sacred sexuality in the world s religious and mystery traditions Explores contemporary sexual stress syndrome resulting from the absence of the sacred in sexual practice Reveals how to find the sacred in the ordinary This book examines the history of sexuality as a sacramental act In spite of our culture s recent sexual liberalizations sexual intimacy often remains unfulfilling Georg Feuerstein instructs that the fulfillment we long for in our sex lives can only be attained once we have explored the spiritual depths of our erotic natures Feuerstein delves into a wide variety of spiritual traditions including Christianity Judaism goddess worship Taoism and Hinduism in search of sacred truths regarding sexuality He reveals that all

of these great teachings share the hidden message that spirituality is in essence erotic and that sexuality is inherently spiritual From the erotic cult of the Great Mother and the archaic ritual of hieros gamos sacred marriage to the institution of sacred prostitution and the erotic spirituality practiced in the mystery traditions Feuerstein offers a wealth of historical practices and perspectives that serve as the bases for a positive sexual spirituality suited to our contemporary needs

Spiritual Power Gian Kumar,2018-10-30 What we achieve inwardly will change outer reality Plutarch In this compact volume Gian Kumar a thinker by nature has delved into the essence of spirituality and its relationship with every aspect of human existence When we cease to blame destiny for every mishap occurring in our lives and instead seek answers from within we will be on the path to illumination and awareness Gian Kumar has put this wisdom to the test innumerable times in his life His own struggles strengthened his resolve to fight life's battles from his inner resources rather than look outward He shares his insights with us offering some new revelations each time He reiterates that spiritualism is purely based on the theory that all that exists is one and not two We are here to experience this oneness with the realization that we are all interconnected and interrelated and simply cannot exist on our own This volume should be used as an advanced guide to help us discover the inner path of spirituality and how to live complete fulfilling lives **Sex=The Unknown Quantity** Ali Nomad,2020-08-15 Reproduction of the original Sex The Unknown Quantity by Ali Nomad *Good Sex* Martin Buss,Nickie Stipe,2014-01-13 Good Sex presents sexual ethics in the light of faith Speaking on behalf of Christianity Buss describes love your neighbor as yourself as the only Christian rule it is a positive rule rather than one that focuses on prohibitions Since this call is never fulfilled in practice it is joined by forgiveness for oneself and others More concrete guidelines need to be aided by wisdom which is not specifically Christian Detailed biblical support is provided at the end Stipe a contemporary Pagan advocates respect for all living things and doing no harm as a minimal ethical guide leaving positive prescriptions to individual judgment Buss and Stipe discuss details of sexual ethics in largely positive terms what is good to do but also with a concern for problems that should be avoided They agree in many practical matters just as Christians and Pagans did many years ago before sexual equality became an ideal They discuss various kinds of sex including seeing and being seen touching masturbation and penetration different sexual identities committed and uncommitted relationships including the advisability of extended relations having and raising children abortion and sensuous awareness in a spiritual setting Sex and the Soul, Updated Edition Donna Freitas,2015-02-27 First published in 2008 Donna Freitas's Sex and the Soul achieved national acclaim illuminating the as yet unexplored struggles of college students navigating the lines of faith and sexuality Conducting face to face interviews at a wide range of colleges and universities from public to private Catholic to evangelical Freitas discovers what students really think about these highly personal subjects Their stories will not only engage readers but in many cases move them with the painful struggles these candid young women and men face This updated edition includes a new Afterword in which Freitas reflects on the hundreds of conversations she has had with college students since the book

Salzman,Michael G. Lawler,2008-05-21 Two principles capture the essence of the official Catholic position on

the morality of sexuality first that any human genital act must occur within the framework of heterosexual marriage second each and every marriage act must remain open to the transmission of life In this comprehensive overview of Catholicism and sexuality theologians Todd A Salzman and Michael G Lawler examine and challenge these principles Remaining firmly within the Catholic tradition they contend that the church is being inconsistent in its teaching by adopting a dynamic historically conscious anthropology and worldview on social ethics and the interpretation of scripture while adopting a static classicist anthropology and worldview on sexual ethics While some documents from Vatican II like *Gaudium et spes* the marital act promotes self giving by which spouses enrich each other gave hope for a renewed understanding of sexuality the church has not carried out the full implications of this approach In short say Salzman and Lawler emphasize relationships not acts and recognize Christianity's historically and culturally conditioned understanding of human sexuality The *Sexual Person* draws historically methodologically and anthropologically from the best of Catholic tradition and provides a context for current theological debates between traditionalists and revisionists regarding marriage cohabitation homosexuality reproductive technologies and what it means to be human This daring and potentially revolutionary book will be sure to provoke constructive dialogue among theologians and between theologians and the Magisterium
