Spirituality And Human Nature:

Spirituality and Human Nature Donald Evans, 1993 Donald Evans is Professor of Philosophy at Victoria College University of Toronto Canada His previous publications include *Struggle and Fulfillment* *The Inner Dynamics of Religion and Morality* and *Faith Authenticity and Morality*

7 Laws of Human Nature Conrad Spainhower, 2017-04-27 The Physics of Love Our goal in life should be to attain Enlightenment but at the same time we should never make Enlightenment our goal It is through acts of love that we attain Enlightenment it comes as a reward for living a life of love It is through understanding love and demonstrations of love that brings Enlightenment just as planting a seed and giving it sunlight and water brings forth flowers This is the science of love and its just as exacting as any other science The 7 Laws of Human Nature is a philosophy of life explaining how love works through laws hypotheses and logic to reach a Theory of the Oneness of Universal Love This philosophy gives an understanding of where we are going and the process of how we get there

Spiritual Being & Becoming Eric J. Kyle, 2015-03-06 It is reported that there are as many as 100 billion neurons that make up the human nervous system This system is incredibly complex and yet it is a fundamental part of what makes us who we are Yet there is far more to human beings than biology Many academic disciplines study the human condition and there are many schools of thought within that study We must also appreciate that the study of human nature did not begin in contemporary times History particularly Western Christian history is full of texts that offer detailed explorations of the human condition However no consensus has yet emerged Consensus or not those working towards religious and spiritual formation are tasked with pursuing the transformation of their communities This book is an attempt to provide some of the background to support this ministerial work It seeks not only to offer a fuller understanding of some of the common views of human nature but also insights into how we might utilize this knowledge in our ministries ministries that strive towards the spiritual being and becoming of our world

7 Laws of Human Nature Conrad Spainhower, 2023-04-24 This is a book on spiritual philosophy that investigates the roles of consciousness chakras human aura spiritual worlds spiritual masters and many other concepts especially how all this affects our lives on Earth This is not a religion it is a spiritual science that promotes love as the driving force in our lives This love is called Universal Love and it represents a brotherly and sisterly love that should be applied equally to everyone in the world

A Sociology of Spirituality Peter C. Jupp, 2016-03-16 The emergence of spirituality in contemporary culture in holistic forms suggests that organised religions have failed This thesis is explored and disputed in this book in ways that mark important critical divisions This is the first collection of essays to assess the significance of spirituality in the sociology of religion The authors explore the relationship of spirituality to the visual individualism gender identity politics education and cultural capital The relationship between secularisation and spirituality is examined and consideration is given to the significance of Simmel in relation to a sociology of spirituality Problems of defining spirituality are debated with reference to its expression in the UK the USA France and Holland This timely original and well structured

volume provides undergraduates postgraduates and researchers with a scholarly appraisal of a phenomenon that can only increase in sociological significance

The Varieties of Religious Experience William James, 1920

Spiritual Experiences in Early Childhood Education Jennifer Mata, 2014-06-13 Spirituality is frequently avoided in the public school classroom in an attempt to prevent controversy However by ignoring preventing or discounting spirituality educators can also inhibit children s spiritual development Based on qualitative research and interactions with both children and adults Jennifer Mata argues that educators should be responsible for addressing children s spirituality in the classroom and for re introducing these topics into early childhood education By surveying the existing literature on spirituality Mata offers a working definition of spirituality as an essential characteristic of humanness which helps connect individuals to themselves others and to the transcendent The book portrays stories and descriptions of four kindergarten children in their classroom setting exploring their different modes of expressing and experiencing spirituality Finally **Spiritual Experiences in Early Childhood Education** offers a review of pedagogical strategies to nurture spirituality for both teachers to implement in the classroom and teacher educators to facilitate in teacher preparation programs

Psychology of Spirituality Hossain B. Danesh, 2000-01-01 This book is written for those who ask difficult questions What is the nature of human reality What is the purpose of human life What is love What is reality What is the secret of happiness Do we have free will Is transcendence real Through case histories in depth analyses and practical examples the book offers new ways of addressing these and other important questions The **Psychology of Spirituality** demonstrates that life can in fact be good happy and fruitful and that we human beings are indeed noble beings only if we knew

The Varieties of Religious Experience William James, 2009-01-01 Harvard psychologist and philosopher William James *The Varieties of Religious Experience* A Study in Human Nature explores the nature of religion and in James observation its divorce from science when studied academically After publication in 1902 it quickly became a canonical text of philosophy and psychology remaining in print through the entire century Scientific theories are organically conditioned just as much as religious emotions are and if we only knew the facts intimately enough we should doubtless see the liver determining the dicta of the sturdy atheist as decisively as it does those of the Methodist under conviction anxious about his soul When it alters in one way the blood that percolates it we get the Methodist when in another way we get the atheist form of mind

Towards Cultural Psychology of Religion Jacob A. v. van Belzen, 2010-08-03 The aims pursued in this book are quite modest The text is not an introduction in the traditional sense to any psychological subdiscipline or field of application nor does it present anything essentially new Rather it shows work in progress as it attempts to contribute to an integration of two differently structured but already existing fields within psychology In order to explain this it is probably best to say a few words about how the book came into being and about what it hopes to achieve As a project the volume owes very much to others While lecturing in places ranging from South Africa to Canada and from California through European countries to Korea colleagues have often urged me to come up with a volume on

cultural psychology of religion For reasons that should become clear in the text I feel uncomfortable with such a demand To my understanding there exists no single cultural psychology of religion Rather there are ever expanding numbers of divergent types of psychologies some of which are applied to understanding religious aspects of human lives or to researching specific religious phenomena while others are not Within this heterogeneous field that is correctly or not still designated as psychology there are also many approaches that are sometimes referred to as cultural psychology or as culturally sensitive psychologies It would be worthwhile applying many of these to research on religious phenomena but at present not too many are in fact so applied

Exploring Sexuality and Spirituality, 2020-10-20 The wide spectrum of links and interrelations found amongst the diversity of human sexual expressions and spiritual practices around the world constitutes one of the most fruitful grounds of scholarly research today Exploring Sexuality and Spirituality introduces an emerging academic field of studies focused on the multiplicity of problematizations intersecting spirituality and sexuality from eroticism and ecstasy embodiments to inner spiritual cultivation intimate relationships sex education and gender empowerment This collection of essays addresses subjects such as prehistoric art Queer Theology BDSM Tantra the Song of Songs la petite mort asceticism feminist performative protests and sexually charged landscapes among others Through varied methodologies and state of the art interdisciplinary approaches this volume becomes highly useful for readers engaged in the integration of scholarly and practical knowledge

Spiritual Theology Simon Chan, 2025-10-14 Academy of Parish Clergy Top Ten Book Theology is the doctrine of living unto God wrote the Puritan theologian William Ames Unfortunately post Enlightenment theology has tended to divorce doctrine from living unto God And to the degree that this split has been deepened and perpetuated both theology and spirituality have been impoverished Spiritual Theology is a rare book In it Simon Chan surveys the little explored landscape where systematic theology and godly praxis meet highlighting the connections between Christian doctrine and Christian living and drawing out the spiritual implications of particular aspects of systematic theology Allowing rational formulations to drop into the background he brings the mystery of the faith to the fore Chan begins with the principal doctrines of God sin salvation and the church He then progresses to a reflective consideration of the practice of the spiritual life from prayer to spiritual direction Unabashedly evangelical and truly ecumenical Chan grounds his exploration in the sources of the Protestant Catholic and Orthodox traditions His work is well abreast of contemporary theological currents and crossculturally conversant from an Asian perspective Spiritual Theology is a book for those who care deeply about theology and spirituality and strive to integrate the two It is well worth careful reflection and prayerful reading

Christian Spirituality Alister E. McGrath, 2013-05-30 This text fills the need for a clear informative helpful and well written introduction to Christian spirituality Includes a detailed guide to resources in spirituality available on the Internet Written by a leading theological educationalist in a clear and accessible manner Encourages active engagement with primary sources through worked case studies

THE VARIETIES OF RELIGIOUS EXPERIENCE WILLIAM JAMES, 1902

Spiritual Caregiving as Secular Sacrament Ray Anderson,2003-01-31 The author explores spirituality in the context of the individual and of society and discusses how those practicing pastoral or health care can deal with the issues raised outside of any religious ideas or practice Anderson shows how professionals can help people move towards a more positive state in the face of pain distress and illness

Spirituality in Practice Dr. Akbar Husain,Dr. Ruchi Singh,2020-07-15 Spirit is a frame of reference for a living a spiritually healthy life It is a store house of spiritual experiences and encompasses enormous resources within its folds Despite being laden with fruits of benefits we rarely harness our spiritual core As a result we have become ignorant of our real pursuit and are wandering aimlessly to meet materialistic ends Thus the need of the hour is to unveil its potentialities and become liberated from clasp of ignorance This calls for the realization of spirit as a universal entity requiring holistic consideration which in turn allows one to overcome our shortcomings and thereby facilitate perfection in us Further the realization of spirituality helps in alleviation of our problems and achieving of meaningful existence in the world and hereafter Thus the author of the book dwelled upon the essence of spirituality and the means to facilitate its practice This book provides framework to the Mental Health Practitioners regarding the ways to practice spirituality in everyday life This book also offers a fresh holistic and practical framework for the integration of spirituality in psychology This book has 10 chapters focusing on what is spirituality and the practicing domains of spirituality at the individual healthcare and organizational levels This new book introduces psychology of spirituality in a lucid manner to allow the practitioners and readers to avail maximum benefits out of it

On the Side of the Angels Marie L. Baird,2002 Contends that after the Holocaust spirituality requires that self transcendence be defined primarily as ethical responsibility Ch 4 pp 89 118 Ethical Responsibility and Holocaust Rescuers concludes that even though theories of rescue do not clearly establish an overt religious motivation many rescuers were influenced to act by a religious motivation based on ethical responsibility
