Mayes, 2020-10-21 Step across the threshold and enter different spiritual worlds Discover riches from the treasury of Jerusalem's religious traditions Meet ordinary people of the holy city becoming extraordinary as they explore pathways to the Divine practitioners of Kabbalah and Sufi traditions Armenian and Syriac prayer Franciscan and Orthodox spiritualities Listen to those who actually live on the Via Dolorosa the Way of the Cross their hopes and heartaches Experience for yourself the transformative and life changing potential of their spiritualities in a way that will enrich and empower you in your own situation and equip you for a greater engagement with spiritual traditions This is the invitation of this book and the lure of the gateways of Jerusalem This resource embraces a kaleidoscope and mosaic of nationalities and ethnicities and spiritual traditions Chapters include a short extract from classic spiritual writers of each tradition so we can engage firsthand with their spiritual riches Suggested prayer exercises encourage us to make this an experiential reading while questions in each chapter trigger reflection in individual readers or in groups using this as a course Two concluding chapters identify commonalities and shared threads amongst the tapestry of religious traditions and help us to relate the experience of this book to our own everyday environment *Teaching with the Wind* Michael Dallaire, 2011-08-25 Teaching with the Wind tackles the question Can education for a Canadian civic spirituality bridge the sometimes incommensurable worldviews of faith based schools and secular public schools An affirmative answer is offered based on two foundations First that a national soul can be identified and thus serve as the content of spiritual education in Canada schools Second that a reconstructed approach to the contemplation in action method found in world religions and philosophy can provide an appropriate pedagogy for Canadian spiritual education This book argues that education for civic spirituality is of paramount importance as Canada continues its transition from a Judeo Christian and bicultural nation to a multi faith and multicultural nation within a secular democracy It offers a direction that would enrich religious and secular education systems as well as Canada as a whole **Transfiguring Life** Andrew D. Mayes, 2025-04-29 Explosive esoteric enigmatic the Transfiguration event is often greeted with puzzlement But as a mystery pulsating at the very heart of the gospel a watershed in Mark at its very center the

pivotal turning point in Jesus ministry it reveals crucial aspects of Christian living This book uncovers its secrets and unleashes its significance for discipleship in troubled times looking through the lens of life giving paradox This hermeneutical key unlocks unexpected insights and allows transfiguring light to shine into crucial contemporary concerns and crises as we discover the energy and dynamic of paradox Drawing on the wisdom and experience of a wide variety of sources from patristic teachers spiritual writers orthodox art and liturgies present day scholarship as well as from the author's years researching in the Holy Land this resource becomes a kaleidoscope of the Transfiguration opening widening and challenging perspectives We discover it to be a vortex of grace epicenter of revelation its centrifugal power emanating seismic implications for the universe its centripetal power drawing all things into Christ the unifying center of all paradox Ultimately we're invited not to solve a puzzle but to live a transformative mystery ever more deeply ever more creatively Where Two Or Three Are Gathered Daniel L. Prechtel, 2012-04 Much has been written about the practice of one to one spiritual directions but much less about small group communities that offer in depth mutual spiritual support and guidance to its members But small groups are most likely the more usual setting for spiritual companionship and have strong biblical theological and historical foundation in the Christian tradition This book offers a detailed presentation of ten small group models plus guidance in group leadership dynamics It also presents material related to group retreat work spiritual guidance with organizations and peer supervision consultation model for supporting leaders of spiritual companionship groups and retreats Church leaders spiritual directors and educators are looking for the kinds of resources this book provides to assist them in understanding and leading groups and retreats Resisting Theology, Furious Hope Jordan E. Miller, 2019-05-09 This book puts radical theology and political theology into an interdisciplinary conversation with sustained and serious readings of resistance Using an anthropology of ritual as a common thread Jordan E Miller explores the reality of the relationship between political theology radical theology and political theory action and power without cynicism in a creative forward moving way The first half of the book develops a radical political theology and the second half applies that theory to a series of social movements including The AIDS Coalition to Unleash Power ACT UP Occupy Wall Street and BlackLivesMatter and includes reflections on the events at Standing Rock ND **"Be Focused... Use Common Sense... Overcome Excuses and Stupidity..."** Reuben van Rensburg, Zoltan Erdey, Thomas Schirrmacher, 2022-07-07 Manfred Kohl has served in many senior roles in theological education and holds the distinction of having personally visited more theological institutions than anyone else in history 495 He has published over 120 books and articles and has received numerous awards and honorary doctorate degrees He founded World Vision the well known Christian Humanitarian Organization in several European Countries Re Forma which has set a global standard for non formal theological education the Galilean Movement calling for annually an additional 1 million women and men for biblical ministry and co chairs the Integrity Commission of the World Evangelical Alliance and the Lausanne Movement In this festschrift more than 30 scholars

from around the world pay tribute to this remarkable man by each contributing an article focused on the areas of his career where he has made telling contributions As theological educators theologians Christian leaders and students read this book it will not only result in his legacy living on but will make a significant contribution to theological education both in the formal and non formal sectors *The Trinity, Creation and Pastoral Ministry* Graham Buxton, 2007-01-01 In this book the author proposes a three way conversation between theology science and pastoral ministry His approach draws on a Trinitarian understanding of God as a relational being of love whose life spills over into all created reality human and nonhuman By locating human meaning and purpose within God s creation community this book offers the possibility of a transforming engagement between those in pastoral ministry and the scientific community **Diasporic Feminist Theology** Namsoon Kang, 2014-11-01 How do we navigate the question of identity in the fluid and pluralist conditions of postmodern society Even more how do we articulate identity as a defining particularity in the disappearance of borders boundaries and spaces in an increasingly globalist world What constitutes identity and the formation of narratives under such conditions How do these issues affect not only discursive practices but theological and ethical construction and practice This volume explores these issues in depth Diasporic Feminist Theology attempts to construct feminist theology by adopting diaspora as a theopolitical and ethical metaphor Namsoon Kang here revisits and reexamines today s significant issues such as identity politics dislocation postmodernism postcolonialism neo empire Asian values and constructs diasporic transethnic and glocal feminist theological discourses that create spaces of transformation reconciliation hospitality worldliness solidarity and border traversing This work draws on diverse sources from contemporary critical discourses of diaspora studies cultural studies ethnic studies postmodernism postcolonialism and feminism and feminist theology from a transterritorial space This book is a landmark work providing a comprehensive discourse for feminist theology today *Toward a New, Praxis-Oriented Missiology* Rosalia Meza, 2020-06-17 The new and different frontiers and factors discussed in missiology are reshaping the meaning of mission Christian mission today is searching for new directions to approach the postmodern postcolonial and ecumenical paradigms This book argues that mission is the process of embodying the content and praxis of the gospel not the transmission of knowledge that keeps an established structure and culture alive often justified by a specific ecclesiological model Thus mission initiates a transformative process of faith which leads to personal and social transformation This work brings into dialogue Stephen Bevans s notion of mission as prophetic dialogue and Paulo Freire s concept of conscientiza o The aim is not to discover a method to do mission but to rescue the process that leads to transformation allowing one to encounter the other where they are while respecting the uniqueness of every person culture church and society Prophetic dialogue enriched by conscientiza o and vice versa can open new perspectives within missiology and provide a new approach to mission praxis This approach is then analyzed through the experiential and transformative elements of the Verbum Dei charism applied in ministry demonstrating the effectiveness of prophetic dialogue and conscientiza o in the Verbum Dei

Burning Center, Porous Borders Eleazar S. Fernandez, 2011-10-17 Burning Center Porous Borders articulates what the church is and is called to be about in the world a world now globalized to the point that the local is lived globally and the global is lived locally The church must respond creatively and prophetically to the challenges economic disparity war and terrorism diaspora ecological threat health crisis religious diversity and so on posed by our highly globalized world It can do so only if the church's spiritual center burns mightily Conversely it can burn mightily in the spirit of Christ only if its borders are porous and allows the fresh air spirit of change to blow in and out While there is much rhetoric about change the most common response to change is to continue doing business as usual This is particularly the case in the face of perceived global threats In spite of the hoopla and euphoria of the global village walls of division and exclusion are rising hearts are constricting and moral imagination shrinking In response to this context Burning Center Porous Borders proposes alternative ways or images of being a church burning center and porous borders wall buster and bridge builder translocal glocal mending healer radical hospitality community of the earth spirit household of life abundant dialogians of life and community of hope In Burning Center Porous Borders congregational vitality and progressive praxis kiss and embrace **America's Road to Jerusalem** Jason M. Olson, 2018-11-15 This study examines the role of the Six Day War in American Protestant politics and culture The author argues that American foreign policy towards the Arab Israeli conflict culminating in the Trump Administration's 2017 recognition of Jerusalem as Israel's capital and the domestic Evangelical communities who supported it has a direct correlation with the long term consequences of the 1967 Six Day War For most of America's history biblical literalists or Evangelicals dominated the religious culture of the country But in 1925 the Scopes trial on science

evolution and religion embarrassed Evangelicals and caused them to retreat from American culture and politics. Modern and liberal Protestants won dominance and established control in nearly all of the Mainline seminaries, publishing houses, and denominations, leading to the creation of the National Council of Churches by 1950. This book argues that the Six Day War reversed that power structure in American religion, with Evangelicals returning to a place of prominence in American culture and politics. Whereas the Scopes trial showed much of American Protestantism that the Modernists had the right understanding of the Bible, the Six Day War demonstrated that ironically Evangelicals may have had it right all along. They used this historic leverage to vault themselves into the highest planes of American life, with Billy Graham becoming America's Pastor. In this historic process, the 1967 war between Israel and the surrounding Arab states clarified the way those different branches of American Protestantism thought about the Arab-Israeli conflict, particularly the issue of Jerusalem. Indeed, the nature of the Six Day War was deep and appeared to be of Biblical proportions. Because Israel gained territories in Jerusalem, Bethlehem, and the ancient Biblical heartlands formerly held by Jordan, historical messianic and even apocalyptic intrusions entered the various branches of American Protestantism. In some branches, supersessionism, a belief that the Church had replaced the Jewish people as God's chosen, was stoked. In other branches, supersessionism was rejected, and the nature of Judaism and its connection to the Holy Land was re-evaluated. The important point is that the territories that Israel captured had thick theological meaning, and this would force all branches of American Protestantism to reconsider their assumptions about Judaism and Zionism, as well as Islam and Palestinian nationalism.

Evangelicalism Persuade Us to Rejoice Robert McAfee Brown, 1992-01-01 Studying such literary figures as Frederick Buechner, Albert Camus, George Dennison, Ursula Le Guin, C. S. Lewis, Alan Paton, Ignazio Silone, Alice Walker, Elie Wiesel, and Charles Williams, Robert McAfee Brown illustrates the liberating power of fiction by enabling the reader to enter their worlds. Brown asserts that although there is no faith that offers ironclad guarantees against future struggles, the wisdom of these authors can help us toward praising and rejoicing.

Dare We Speak of Hope? Allan Aubrey Boesak, 2014-02-21 The phrase "hopeful politics" has dominated our public discourse in connection with the inspiring rise of Nelson Mandela in South Africa and the remarkable election of Barack Obama as president of the United States. But what happens when that hope disappoints? Can it be salvaged? What is the relationship between faith, hope, and politics? In this book, Allan Boesak meditates on what it really means to hope in light of present political realities and growing human pain. He argues that hope comes to life only when we truly face reality in the struggle for justice, dignity, and the life of the earth. *Dare We Speak of Hope* is a critical, provocative, prophetic, and above all, hopeful book.

Climate of the Soul Andrew D. Mayes, 2022-05-17 This book bears us on eagle's wings into the vault of the heavens and plunges us into the hidden depths of the soul. As the climate crisis alerts us to the state of the planet, so we look into our soul. We see how the Bible and classic spiritual writers use arresting meteorological imagery to describe both the discovery of the Divine and the condition of humanity. We explore a rich and diverse vocabulary, archetypal

universal and primal enabling us to describe the movements of the soul These images and metaphors help us express what is going on in our spiritual lives as we learn the skill of reading the climate of our soul Attentiveness to the ecology of the soul leads to a sharper perception of the environmental issues facing our planet This book helps us to look differently at our turbulent world within the interplay of microcosm of soul and macrocosm of climate celebrating a sacramental approach to the universe to the elements and to ourselves

Christian Spirituality and Ethical Life Paul S. Chung, 2010-06-02

Christian Spirituality and Ethical Life offers a helpful study of the place of the Spirit in John Calvin's theology It also discovers a notion of the spiritual life in connection with ethical life It thus overcomes the prevailing popular pictures about the theology of John Calvin in several significant ways providing a refreshing alternative to the anemic spirituality so prevalent today It can be stated confidently that Calvin was a theologian of the Holy Spirit in solidarity with the poor standing in openness to others
